NOTICE OF PROPOSED CHANGE TO WATER RIGHTS

Notice is hereby given that two Applications for Transfer have been filed with the Idaho Department of Water Resources for changes to water rights within Jerome County. Application No. 71939 filed on 1/18/2006 by **CARNEY FARMS, 314 CRESTVIEW RD S; PAUL ID 83347** proposes to tie two existing wells together on two adjacent farms for maximum efficiency of water use. The place of use will change slightly, as some land on the north farm was kept by the previous owners but without water rights. That water will be moved to land on the south farm that was dried up under a previous transfer to facilitate operation of a pivot sprinkler. The property is located 4-6 miles north and 17-18 miles west of Rupert. Application No. 72541 filed on 1/19/2006 by **HORIZON ORGANIC DAIRY IDAHO FARM INC., 2589 E 500 S; PAUL ID 83347** proposes to dry up 54 acres of pasture to provide water for a new dairy to be built about 11/2 miles SE of the present place of use. Two new wells will be drilled to be provide water for the dairy. The existing and new wells are in adjacent cells in the ESPA Model, so no accurate analysis of the proposed change can be made; the effects are presumed to be minimal, however, and no mitigation plan is proposed. The dairy will be located 10 miles west and 5 miles north of Paul city center in Jerome County. For specific details regarding an application, please contact IDWR Southern Regional Office at 208-736-3033 or visit www.idwr.idaho.gov with detail provided under "New Water Right Applications". Protests may be submitted based on the criteria of Sec 42-222, Idaho Code. Protests against approval must be filed with IDWR, Southern Region, 1341 Fillmore St.-Suite 200; Twin Falls, ID 83301 with a protest fee of \$25.00 for each application on or before June 12, 2006. The protestant must also send a copy of the protest to the applicant.
