Dear Ms. Gibson:

Attached is my "Proof of Beneficial Use" application and fee for approval of our water permit number 96-9231.

Per our telephone conversation, I would like to request one of your water right examiners perform the field examination and report. This is our second home, so we are not always in residence. My wife will be there most of July and August, so this will be the best time to schedule the examination. If this time period is not convenient, we can arrange to be there or have someone else on site.

You can reach me at 323 268 8561 to schedule the appointment. Thank you in advance.

Sincerely,

George Congleton
