RE: Proof of Beneficial Use

Enclosed is our Proof Of Beneficial Use form.

After speaking with both Greg Taylor and Dianne Ball, on March 3, 2006, regarding number 4 under conditions of approval on the Permit to Appropriate Water. The Port of Lewiston has not received any notifications from the Idaho Department of Water Resources that a suitable measuring device shall be installed. Thus, when filling out the Proof of Beneficial Use form under number 7 a measuring device is not required and is not installed.

If a measuring device needs to be installed, or an agreement entered with the Department to determine the amount of water diverted from power records, please contact us at your convenience.

Sincerely,
PORT OF LEWISTON

David Doeringsfeld
Manager
