Re: Permit No. 98-07814

Dear Mr. And Mrs. Price:

Enclosed is the original Proof of Beneficial Use received by the department on May 28, 2002, for the above-referenced water right. It appears the regional office accepted this document by mistake when you filed the Application for Permit. A Proof of Beneficial Use form is needed when completion of the development or construction of the diversion works has been accomplished, and that you have applied the water to its beneficial use. Based on the fact that you have requested 5 years to develop this right, it seems that it is not appropriate to file this document at this time.

With this letter, I am requesting that the department refund the \$50.00 fee you paid at the time of filing the Proof. The check will be issued and mailed to you in approximately 10 business days.

If you have any questions, regarding this matter, please do not hesitate to contact me at (208) 327-7953. If you have completed the diversion and have been using it for domestic and stockwater use, please contact me immediately, and return the original proof form for processing by the department. Otherwise, I will send you notice that proof is due before January 1, 2006.

Sincerely,

Deborah J. Gibson
