Re: 2-7172f

Dear James and Shirley Straley:

Thank you for responding to the Notice of Error we sent to you. Enclosed is the Application for Transfer that we spoke about on January 10, 2006. Also enclosed is a copy of your water right claim, which has the legal descriptions of the location of your place of use, point of diversion and quantity diverted. Please note that the purpose of this Transfer is for a change in point of diversion, and the reason is because your current pump is not the original pump for 2-7172. Also please note that due to the proximity of your pod (pump) to the originally claimed pod the legal description will not change.

Please return the application as soon as possible. Should you decide to return the materials in a mailer different from that enclosed, please include the notation "ATTN: Misty Mount / SRBA Claim Number 2-7172f" on the front of the mailer.

If you have any questions, please contact this office. Our toll free number is 1-800-451-4129 and my office number is 208-287-4940. It will help speed things along if you have your claim number, 2-7172f, handy when you call.

Sincerely,

A handwritten signature in black ink, appearing to read 'Misty Mount', written in a cursive, flowing style.
