**RE: FINAL PAYMENT FOR RENTAL OF WATER FROM SNAKE RIVER THROUGH
THE WATER SUPPLY BANK. WATER RIGHT NOS. 2-2443, 2-7030, 2-7068**

Dear Lessor,

All or portions of the water rights referenced above were leased to the Water Supply Bank ("bank") during the 2004 irrigation season in accordance with Agreement No. 1425-04-WL-10-00016 ("Agreement") between you and the United States Bureau of Reclamation ("Reclamation"). The Idaho Department of Water Resources ("department") has invoiced Reclamation for the funds associated with the second and final payment. Upon receipt, the Controller's office will issue a state warrant in the amount of **\$54,985.50** to be sent directly to the address identified on the Internal Revenue Service W-9 form submitted with the application to lease water rights to the bank.

Payment for rental of the right(s) from the bank was contingent upon the determination that the acres associated with the rental application had a valid Snake River water right(s), and that they qualified for payment as provided in Contract No. 1425-04-WL-10-0023 between Reclamation and the Department of Water Resources to Implement the Rental of Water Rights Under the Pilot Program for Leasing of Snake River Natural Flow Water Rights for 2004 ("Contract").

The Agreement and Contract specify that one half of the estimated payment will be paid on or around July 30, 2004, and the balance shall be issued after the irrigation season has ended and verification of compliance with the Agreement is complete. The total payment was calculated based on the total number of acres determined to be eligible for payment times \$150.00 per acre idled minus a ten percent (10%) administrative fee as provided in the Water Supply Bank rules. The first payment was calculated based on fifty percent (50%) of the estimated final payment. The second payment includes the remainder of the total payment based on the number of acres determined to be eligible.

The enclosed map identifies the eligibility status of the lands as evaluated by the department. It indicates whether the lands were determined to be eligible or ineligible for payment. Below is a summary of the payments to Little Valley Mutual Irrigation Co

for the rental of the referenced water rights from the bank:

Contracted Idled Acres (ac)	Eligible Idled Acres (End of irr season)	Acres Ineligible for Payment	Payment Rate (price/ac)	Payment(s) to Lessor		
				Payment 1 (50%)	Payment 2 (remainder)	Total Payment
814.6	814.6	0.0	\$150.00	\$54,985.50	\$54,985.50	\$109,971.00

This payment, in the amount of \$54,985.50, is considered to be the final payment for the rental of water rights for the 2004 irrigation season. If you have questions, please feel free to contact the department.

Sincerely,

Cynthia Bridge Clark
Associate Engineer
