

Idaho Department of Water Resources
Attn. Sharla Cox

March 6, 2006

On April 25th 1994 we, Kurt or Janet Bird applied for a waste water right, permit number 74-7346. Due to the moratorium that was in effect at that time we have had to wait until the moratorium was lifted. On February 27th 2006 a Preliminary Order Voiding Application For Permit was sent to us. This was the first letter we received telling us the moratorium had been lifted. We are still very interested in getting this water right for our ranch. At this time we are filing a petition for reconsideration of this preliminary order. If we need to do anything further at this time please call us at 208-768-2425.

Kurt Bird

Janet Bird

Handwritten signatures of Kurt Bird and Janet Bird. The signature for Kurt Bird is written above the signature for Janet Bird.
