

MEMORANDUM

To: Water Right File 21-13033

Re: permit review

21-13033 and 21-13034, which are identical applications, were filed separately because they are 2 wells in a subdivision of 32 homes. 16 homes are served by each well. The systems are completely separate and have been in place since the 1970s per a telephone conversation with Sharla Cox in the regional office this morning.

No WD.

ESRP and Non-Trust areas - ok to process, domestic and in-house use only.

No overlap or protest.

Recommend approval as suggested by IDWR Eastern.
