WATER RIGHT LICENSE

License No. 17-7063 Priority 9/12/1975 Amount 1.62 CFS 443.4 AF

THIS IS TO CERTIFY, that WELLS G. WILLIE

of Holbrook, Idaho , has complied with the terms and conditions of
Permit No. 17-7063 issued pursuant to Application for Permit dated 9/12/1975 , and has
submitted proof to the Department of Water Resources on 12/28/1976 , that he has applied water to a
beneficial use; and examination by the Department indicates that the works have a capacity for the
1.62 CFS of water from a groundwater source
tributary to , and that the permit holder has
applied to a beneficial use and established a right to use water as follows:

RATE OF DIVERSION	VOLUME	BENEFICIAL USE	PERIOD OF USE
1.62 CFS	443.4 AF	Irrigation	5/1 to 9/15

Location of point of diversion: SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 25, Twp. 14S, Rge. 32E, B.M.

NOTICE OF APPLICATION FOR WATER PERMIT

Notice is hereby given that Wells G. Willie, Holbrook, Idaho has on 9-12-75 submitted Application No. 17-7063 for a permit to appropriate 5.00 cubic feet per second of water from a ground-water source by means of well and pump within the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 25, T. 14S, R. 32E, B.M., Oneida County; to be used

from May 1 to Sept. 15 for the irrigation of 360 acres within the SE $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 25; E $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 26, T. 14S, R. 32E, B.M.

If issued, this permit will be subject to all prior water rights. Protests against the granting of the permit must be filed with the Idaho Department of Water Resources, 1515 Lincoln Road, Idaho Falls, Idaho, 83401 on or before October 6, 1975.

R. KEITH HIGGINSON
Director

Published in the Idaho Enterprise, Malad City, Idaho on September 18 and September 25, 1975.

Paula Seindl being first duly sworn on her oath, states: That she is clerk of the Idaho Enterprise, a newspaper of general circulation in Oneida County, Idaho published weekly at Malad, in said county, that said newspaper has been published in said county uninterruptedly and continuously for over seventy-eight consecutive weeks, prior to the first publication of the annexed notice or advertisement:

That said Idaho Enterprise was at all of the times of publication of said notice a newspaper of general circulation made up of at least four pages of at least five columns each, printed from type matter or stereotyped forms of at least seventeen and three fourths inches depth, and said newspaper during all of the times of publication aforesaid had more than 200 bonafide subscribers thereto living within the county of Oneida in which said newspaper was published at regular intervals not less frequently than once a week.

That the annexed notice was published per clipping attached in the regular and entire edition of said newspaper and not in any supplement thereof for 2 successive weekly issues thereof the date of the first publication being the 13 day of Sept, 1975 the date of the last publication being the 25 day of Sept, 1975.

Subscribed and sworn to before me this 25th day of September, 1975.

Dear Mr. Willie,

RE: License No. 17-7063

Enclosed is a copy of the Water Right License issued on the above referenced Permit.

Please be advised that one of the conditions of your permit was that a measuring device be installed as part of your diversion works. That requirement has been waived with issuance of the enclosed license. However, in the event that water supply shortages become a problem installation of measuring devices may be required.

Sincerely,

JIM JOHNSON

Water Distribution Supervisor

Dear Mr. Willie,

A representative of this Department has made an examination of the works covered by your Permit No. 17-7063, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 1.62 cfs Source: groundwater

The maximum quantity diverted shall not exceed 443.4 acre feet per year.

Point(s) of diversion: SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 25, Twp. 14S, Rge. 32E, B.M.

Beneficial use: Irrigation of 230 acres within the SE $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 25;
80 acres within the E $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 26, Twp. 14S, Rge. 32E.

Priority date established: September 12, 1975

Conditions (if any):

If you do not concur with these findings please contact us within 10 days, otherwise a water license will be issued as set forth above.

Sincerely,

JIM JOHNSON
Water Distribution Supervisor

Memo to file: 17-7063 Wells Willie

On the 17th day of July, 1979 I re-measured Wells Willie's well located in the SENE-25-145-32E.3M.-Oneida and found that the well was producing 618 gpm. I timed the system and measured the passage of 1,000 gal of groundwater through a Badger-In Line meter in a period of 97 seconds.

$$\frac{618}{448.8} = 1.38 \text{ fs}$$

In 1977, Ernie Carlson measured ~~652 gpm~~ the well in question and found it to have a capacity of 652 gpm. Not being totally satisfied with the accuracy of the Badger meter, Ernie made a pitot tube measurement of the system and calculated the capacity of the well to be 729 gpm. This reflects a difference of 77 gpm. As the well is located in a critical groundwater area Ernie recommended that the higher measurement ~~should~~ be used ~~as the basis of the license~~ to establish the license.

$$\frac{729}{448.8} = 1.62 \text{ fs}$$

Please note that the most recent flow meter measurement is 34 gpm less than the 1977 measurement. It would appear that the rate of discharge from the well is on the decline. Therefore, I recommend that the original measurement made by Ernie Carlson during his 1977 exam be used in the licensing of this permit. Indeed, the permit holder has stated that he will now accept the original measurement as he has observed a general decline in the average pressure of his sprinkler system.

Dear Sirs:

Sept 27, 1977
RECEIVED

SEP 28 1977
Department of Water Resources
Eastern District Office

I am writing concerning well permitt No. 17-7063.

Last July one of your men came and checked the amount of water it was producing -

The pump was vibrating at the time and I didn't realize the bowls were worn out at the time. I had it checked by a well pump man shortly after and had the bowls replaced. The well then started producing 1000 gal. per min.

The question is what

MICROFILMED

to do about it? At
the time your man checked
the well it was only
putting out a little over
700 gal. per. min.

Thank you for your
help.

Sincerely

Wells G. Willie

RE: Permit No. 17-7063

Mr. Wells G. Willie
Holbrook
Idaho 83243

Dear Mr. Willie:

We are glad to hear you have increased the efficiency of your pump, as explained in your letter dated September 27, 1977. Since your water license should reflect this increased diversion rate, we will hold the licensing field exam in our office until next year. At the beginning of the 1978 irrigation season, please notify this office when your system will be operating and a re-examination will be scheduled.

Please note that at the time of this years exam, the Water Resource Agent felt the in-line meter was not working properly. This situation should be corrected, either by repair or replacement of the meter, prior to the re-examination.

Respectfully submitted,

ERNEST M. CARLSEN
Water Resource Agent

Dear Mr. Willie,

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, but our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions regarding the field examination, please contact our Regional Office in Idaho Falls.

Sincerely,

JANICE RENK

Re: Permit No. 17-7063

Wells G. Willie
Holbrook,
Idaho 83243

Dear Mr. Willie:

Enclosed is a copy of your approved Application for Permit No. 17-7063. We direct your attention to the conditions of approval as listed on the fourth page.

Be sure to note that a special condition requiring you to install and maintain a measuring device at your point of diversion has been placed upon your permit. We are enclosing a letter describing different types of measuring devices accepted by this office.

Sincerely,

BOBBY D. FLEENOR
Chief, Water Rights

RE: Application for Permit No. 17-7063

Mr. Mike Turnipseed
Area Engineer
Northern District Office
Division of Water Rights
P.O. Box 381
Logan, Utah 84321

Dear Mike:

We are enclosing a copy of an application that may be of interest to your agency. Please review the application and if you have any comments, submit them to our Department as soon as possible. The last date of protest is October 6, 1975, and we are required to take final action shortly thereafter.

If we may be of further assistance, please feel free to contact us.

Very truly yours,

RONALD D. CARLSON
District Engineer

RE: Application No. 17-7063

The Idaho Enterprise
P.O. Box 205
Malad City, Idaho 83252

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill.

Very truly yours,

RONALD D. CARLSON
District Engineer
