Dear Mr. Showell:

As a follow up to your visit to this office and our discussion on March 15, 1983, I am forwarding some information as I indicated I would.

Enclosed is an abstract showing outstanding ground water permits in Basin 17. Some of the permits may have had proof of beneficial use submitted but a license has not yet been issued by this office.

Also enclosed is a draft of legislation which if passed, would allow the director to consider certain late proof submittals. The House Resources Committee gave this bill a "no pass" recommendation yesterday for consideration by the full house later in the week. It will be a very tight schedule to get this bill considered by the Senate this session.

If this office can be of further assistance, please feel free to contact us.

Sincerely,

NORMAN C. YOUNG
Administrator
Resources Administration Division

WATER RIGHT LICENSE

(Late Proof)

License of Water Right No. 17-7024 Priority May 17, 1983 Amount 2.88 cfs

THIS IS TO CERTIFY, that Steven E. Showell
of Malad, Idaho, has complied with the terms and conditions of Permit
No. 17-7024 issued pursuant to Application for Permit dated September 11, 1983,
and has submitted proof to the Department of Water Resources on May 17, 1983,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 4.72 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
Irrigation	from <u>April 1</u> to <u>November 1</u>	at <u>2.88</u> cfs and	<u>836.5</u> acre feet
	from _____ to _____	at _____ cfs and	_____
	from _____ to _____	at _____ cfs and	_____

(both dates inclusive)

Subject, however, to the condition that no more than 2.88 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
836.5 acre feet per year, said waters to be diverted within the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 23,
Twp 16S, Rge 32E in the County of Oneida

Description and location of place of use:

Twp.	Range	Sec.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				Totals
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$

CONDITIONS OF APPROVAL

- a. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.
- b. The right to the use of the water hereby confirmed is restricted and appurtenant to lands or place of use herein described, and is subject to all prior water rights, as provided by the laws of Idaho.
- c. Any water right confirmed in this license for hydropower purposes shall be junior and subordinate to all rights to the use of water, other than hydropower, within the State of Idaho that are initiated later in time than the priority of this license and shall not give rise to any right or claim against any future rights to the use of water other than hydropower, within the State of Idaho initiated later in time than the priority of this license.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 21ST day of JUNE, 19 85.

Acting for the Director

BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 17-7024

THE NAME OF STEVEN E. SHOWELL

ORDER OF REINSTATEMENT

WHEREAS, on October 15, 1973, the Director of the Department of Water Resources issued Permit No. 17-7024 with a condition of approval that proof of construction of works and application of water to beneficial use be submitted on or before October 1, 1978 and,

WHEREAS, on July 31, 1978, the Department sent a proof due notice to the permit holder; and,

WHEREAS, on October 17, 1978, the Department sent a lapse notice to the permit holder since neither proof of beneficial use nor a request for extension of time had been received from the permit holder; and,

WHEREAS, on May 17, 1983, proof of beneficial use was submitted by the permit holder; and,

WHEREAS, amendments to Section 42-218A Idaho Code effective April 8, 1983 provide that the Director may reinstate a permit upon which proof has been submitted subsequent to the sixty day period after the notice of lapsing; and,

WHEREAS, the permit holder has shown adequate cause that the permit can be reinstated;

It is, therefore hereby ORDERED that permit No. 17-7024 be reinstated; and It Is Further ordered that the priority be advanced to May 17, 1983.

Dated this 6th day of October, 1983.

APPLICATION FOR AMENDMENT

Comes now Steven E. Showell

of (address)

_____, Stone, Idaho 83280, and represents to the Director of the Idaho Department of Water Resources:

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho No. 17-7024, and requests that the permit and permit map be changed as follows:

1. Point of diversion: SW 1/4 SW 1/4, Sec. 23, Twp. 16S
Rge. 32E, B.M., County of Oneida. Other points of diversion:

2. Period and nature of use: (irrigation, domestic, stockwatering, industrial, etc.)

Amount 4.0 for irrigation purposes from Apr. 1 to Nov. 1 (both dates inclusive)

Amount for purposes from to (both dates inclusive)

Amount for purposes from to (both dates inclusive)

Amount for _____ purposes from _____ to _____ (both dates inclusive)

(cfs or acre feet per annum)

3 Place of use or land to be irrigated:

[illegible]

Total number of acres to be protected

Complete the following map by showing land and water of divisions proposed for the amendment. Show townships, divisions, townships, ranges and districts.

Scale: 2 inches equal 1 mile

That no one will be injured by such change, and that such change will be made at permit holders own risk.

Signed at Malak Idals this 5th day of January 19 77.

Steven E. Showell
243 N. 200 W.
Malad, ID 83252

Dear Mr. Showell:

A representative of this Department has made an examination of the works covered by your Permit No. 17-7024, and has found the following:

Amount of water that can be recognized as beneficially used under Idaho law: 2.88 cfs Source: groundwater

The maximum quantity diverted shall not exceed 836.5 acre feet per year.

Point(s) of diversion: SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 23, Twp 16S, Rge 32E

Beneficial Use: Irrigation of 239 acres within NE $\frac{1}{4}$, S $\frac{1}{2}$ NW, Sec. 26, Twp 16S, Rge 32E

Priority date established: May 17, 1983 (Late Proof)

Conditions (if any):

If you do not concur with these findings, please contact us within 10 days, otherwise a water license will be issued as set forth above.

Sincerely,

JIM JOHNSON
Water Distribution Supervisor

Re: Permit No. 17-7002
Permit No. 17-7024
Steve Showell License

Dear Mr. Johnson:

The above referenced permits have been submitted to your office for final licensing. It is imperative at this time that a license be issued on these permits. The property named in the permits is currently on the market for sale but a sale cannot be consummated until we have the license. We were unable to ratify a sale on the property a few months ago due to the fact that there was no license on the well.

Mr. Showell's bank is putting alot of pressure on me and Mr. Showell to get this property sold. Any assistance you could give at this time to get this matter cleared up would be appreciated.

Thank you.

Very truly yours,

Ruby C. Miles, G.R.I.

Dear Mr. Showell:

Re: , Lapsed Permit Nos. 17-7002, 17-7024 and 17-7025

Enclosed are reinstatement orders relative to permits 17-7002 and 17-7024.

Reinstatement of these permits provides for a maximum of 7.20 cfs (360 miner's inches) for the irrigation of a maximum of 400 acres in the N $\frac{1}{2}$ of Sec. 26 and the S $\frac{1}{2}$ SW $\frac{1}{2}$ of Sec. 23, Twp. 16S, Rge. 32E. Our regional office in Idaho Falls will be advised that a field examination needs to be made.

The evidence submitted relative to 17-7025 does not appear to justify reinstatement of the permit since no development in E $\frac{1}{2}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 9 and NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 10, Twp. 16S, Rge. 32E (the authorized place of use under the permit) appears to have been made under this permit.

If you have questions, please feel free to contact me.

Sincerely,

L. GLEN SAXTON
Chief, Operations Bureau

JUN 29 1983

IN THE MATTER OF)
PERMITS 17-7002,)
17-7024 & 17-7025)
STEVEN E. SHOWELL)
& SHOWELL BROTHERS)
PARTNERSHIP)

PETITION FOR REINSTATEMENT
OF PERMITS

Steven E. Showell and Jean Showell are the owners of 400 acres of land located within Sec. 13, 23 & 26 of Twp. 16S, R. 32E, B.M. and Sec. 18, Twp. 16S, R. 33E, B.M. Oneida County.

Permits 17-7002, 17-7024 & 17-7025 were originally owned by Showell Brothers, a partnership consisting of Rollin, Sidney and Steven Showell, ETUX. Showell Brothers had Waymon Yarbrough drill a 16" well in Sept. 1975. The well was drilled to a depth of 333ft. and completely cased.

The partnership was dissolved in 1977 and it was agreed that Steven Showell would receive the well and the three permits. In January of 1977, Steve Showell was assigned permit 17-7024 and made application with the Idaho Dept. of Water Resources to amend the Point of Diversion and Place of use.

Later that year a 75hp pump was installed along with four wheel-lines to irrigate 148 acres. In 1978, an additional 160 acre tract was purchased from the Hurd estate and 80 additional acres were rented from Gilbert Robins. (This 80 acre tract was later purchased also.) A 200hp pump was installed and four additional handlines, four wheellines and a small water cannon were purchased. This system has been used each year since 1978.

In 1978, Proof-due notices were sent by the Dept. of Water Resources. The Petitioners do not recall receiving these notices. They speculate that correspondence related to permits 17-7002, 17-7024 and 17-7025 was received by Rollin Showell (who is now 86 years old) or Sid Showell, neither of whom have any remaining interest in these permits. Steve and Jean Showell were unaware that proof was due or that these permits had lapsed. Permit 17-7022, which is now going to license for the irrigation of 160 acres of lands was filed in the name of Steven Showell.

Malad, Ida
June 23, 1983
RECEIVED

JUN 23 1983

Department of Water Resources
State Office 450 W. State Street,
Boise, Idaho 83720
Attn: Mr. L. Glen Sexton

Dear Mr. Sexton:

In regards to lapsed permits no.
17-7002, 17-7024 and 17-7025,
and in answer to your letter of May 25, 1983,
I have hoped sufficient proof was
supplied.

You should have in your file
a petition submitted by us on July 29,
1982, which explains the circumstances
surrounding these permits. I have enclosed
a copy. Steve and Michael Broadhead
made a trip to Boise on March 15, 1983,
and spent two days with Norman Young
explaining this situation. Please complete
your information with him.

The A.S.C.S. office has supplied me with
copies of aerial photos taken in 1970 and 1971.
The fall, 1978 photo shows grain stubble
which you know, cannot have been grown
without irrigation.

MICROFILMED

2/ The well log, of which you have a copy, is dated Nov 1, 1975. The well and main line were completed in June, 1976, but too late to get a very good crop that year. In 1977 an excellent crop of Barley was grown. I have enclosed a family picture showing myself, Steve, a daughter and son, taken in August 1977. The daughter was married in Nov. 1977, and left. The boy was born in 1974, and you can see, is 3 years old. We are standing in the middle of the barley field on the H.M. Robbins place. Note the height of the barley. This could not have been grown without irrigation.

In regards to projects #1, 2 & 3, we accumulated this place in three different purchases, the H.M. Robbins place, the Joseph Hurd place, & the Arthur Robbins place, which we leased before purchase. The numbers refer to developments added in each place as it was needed.

I understand from Steve that permits # 7024 and 7025 were both diverted into the hole specified in the

MICROFILMED

7 location at 7002. This is why no development records are included on these.

The reason I included a ^(proof) permit card for 17-7022 is that both wells were supposed to be in the process of being approved together. We checked repeatedly and thought work had been done as needed in clearing both of them. In 1977 measuring devices were required on both wells, which we had installed, and both were examined, then we were told they were not needed. At this time the well was engaged in beneficial use and seen by your men.

We are very anxious to have this lapsed permit reinstated, because as you know, we are in the Curlew critical ground water area, and if we do not have irrigation water, we will have nothing, and our farm will be lost. I sincerely hope I have included sufficient proof for your needs. Steve has given me this responsibility and I have done my best.

If you have further questions, please call my office at 208-766-2243.

Sincerely,

Jean A. Howell

All correspondence from the Dept. has been received and appropriate action taken. The Petitioners realize that the Director normally does not even consider reinstating permits that have lapsed. However, in most cases the permit holder has an opportunity to re-file. Because the Showell property is located in the Curlew critical groundwater area, they have no opportunity to obtain another permit. It seems unduly harsh to force the Showells to lose their investment in their irrigation system and decrease the value of their farm because they can no longer irrigate.

The Petitioners therefore pray the Director of the Dept. of Water Resources will reinstate permits 17-7002, 17-7024 and 17-7025 and allow them to keep the equity they have in their farm and the investment they have in their irrigation system.

Signed at Malad this 29 day of July, 1982.

243 N. 2 W.
Malad, ID 83252

Dear Mr. Showell:

Re: Lapsed Permit Nos. 17-7002, 17-7024 and 17-7025

This office has received copies of several documents submitted on your behalf by D. Michael Broadhead of the First Bank and Trust of Idaho. The documents were submitted pursuant to your discussions with this Department and the recent changes to Section 42-218a, Idaho Code.

This proof card which you submitted for 17-7022 will be discarded since a license has been issued for that permit.

A review of the microfilm for each of the lapsed permits shows the following:

Permit No. 17-7002

- Permit in the name of Showell Brothers, Steven Showell and Sidney Showell
- Proposed well location in the SW1/4SE1/4, Sec. 23, T16S, R32E.
- Land to be irrigated: S1/2SW1/4, Sec. 23; N1/2NW1/4, Sec. 26, T16S, R32E.
- Authorized permit development period: April 5, 1968 thru April 1, 1978

Permit No. 17-7024

- Permit in the name of Steven E. Showell

MICROFILMED

- Proposed well location in the SW1/4SW1/4, Sec. 23, T16S, R32E.
- Land to be irrigated NE1/4, S1/2NW1/4, Sec. 26, T16S, R32E.
- Authorized permit development period: October 15, 1973 to October 1, 1978

Permit No. 17-7025

- Permit in the name of Rollin Showell and Sons, a partnership
- Proposed well location in the NE1/4NE1/4, Sec. 9 T16S, R32E
- Land to be irrigated - 100 acres in E1/2NE1/4, Sec. 9; NW1/4NW1/4 Sec. 10, T16S, R32E
- Authorized permit development period: October 15 1973 to October 1, 1978

The Department records include a well log showing that Yarbrough Drilling drilled a 330-foot well in Sec. 23, T16S, R32E. The 40-acre tract in which the well is located, however, is not clear on the log. The log shows that the well was started in September 1975 and finished October 23, 1975. The log appears to be clearly related to lapsed Permit No. 17-7002. I cannot locate well logs in connection with Permit Nos. 17-7024 and 17-7025.

Several items of information are needed before the documentation submitted can be considered sufficient to reinstate the permits. The items include:

- a) Potential assignments depending on which of the three lapsed permits were developed in the authorized periods.
- b) Legal description documentation of land irrigated and evidence of date when water was first applied to a beneficial use, i.e. aerial photos adequately identifying irrigated land may show that the land was irrigated in the authorized period.
- c) Additional information differentiating project #1 from project #2 or #3 as shown on the Del-Vee Sales and Service statements which were submitted as proof of development.

Since the authorized period of development for Permit No. 74-7002 ended April 1, 1978 and on October 1, 1978 for Permit No. 17-7024, it is extremely important to clearly demonstrate that the water was applied to a beneficial use prior to those dates.

Your supplemental submittal of information to address questions raised in this letter should also describe reasonable cause why proof was not originally timely filed.

MICROFILMED

Please respond to this letter within 60 days in order that the Department can further consider reinstatement of the permits. If you have questions, please feel free to contact me at phone 334-4410.

Sincerely,

L. Glen Saxton

Dear Mr. Howell:

One of the conditions of approval of your water Permit No. 17-7086 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1978. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.

Malad City, Idaho 83252

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."

(signature of claimant)

Very truly yours,

NORMAN C. YOUNG
District Engineer

NOTICE OF APPLICATION FOR WATER PERMIT

Notice is hereby given that Bella Howell & Sons, A Partnership
Boise, Idaho
has on 9/11/73 submitted Application No. 17-7784
for a permit to appropriate 4.0 cubic feet per second ~~approximately~~
of water from a groundwater source
by means of well and pump
within the NE 1/4, Sec. 13, T. 16S, R. 32E, B.M. Owyhee County;
to be used from Apr. 1 to Nov. 1
for the irrigation of 240 acres
within the NE 1/4, NE 1/4, Sec. 13, T. 16S, R. 32E; NW 1/4, NE 1/4, Sec. 12,
T. 16S, R. 32E, B.M.

If issued, this permit will be subject to all prior water rights. Protests
against the granting of the permit must be filed with the Idaho Department of
Water Administration, 1515 Lincoln Road, Idaho Falls, Idaho, 83401 on or before
October 9, 1973.

R. KEITH HIGGINSON
Director
