Dear Mr. Morgan:

One of the conditions of approval of your water Permit No. 17-7013 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before AUGUST 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. McEldowney:

On 26th of April of this year I made application for an irrigation well in Sec. 16, T16S, R32E, BM. Along with this application I requested the status of the water rights of two existing wells within this same section. A receipt was sent for the \$45.00 application fee on 10 May 1971, but I have heard no further on the matter.

Could you give me the status of the application, and also the status of the water rights of the two existing wells.

Thank you,

Attention: Mr. Donald W. McEldowney

Dear Mr. McEldowney:

The enclosed "Application For Permit" for additional ground water indicates an existing irrigation and culinary well on property being purchased by myself, my stepfather, and halfbrother. The irrigation well was developed when we began purchasing the property in 1961. The culinary well was drilled approximately two years ago and developed during the summer of 1970.

I am concerned about our water rights on these two existing wells. Could you send information concerning our present rights and, if applicable, the procedure of solidifying these rights?

I understand Mr. Eugene J. Kozak of your office made some investigations in our area last summer. Could I inquire as to the purpose and outcome of these investigations?

Sincerely,

Darrell B. Tomlinson
