PROOF ACKNOWLEDGEMENT LETTER

RE: PERMIT NO. 85-7661

Dear Ms. Camp:

The department acknowledges receipt of the proof of beneficial use ("proof") form and examination fee submitted for the above referenced permit. Enclosed is an order reinstating the permit advancing the priority date since proof was submitted after the proof due date.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use of the water. The regional office staff will contact Harold Harty at the Nez Perce Tribal Hatchery to schedule the examination. When the examination is conducted the system must be in operation, otherwise this permit will be of no force nor effect.

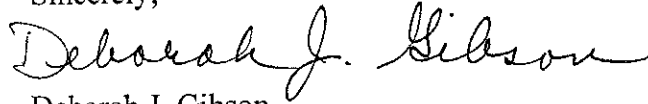

During my review of this proof, I found that the license examination fee paid at the time of filing the proof was in excess of \$50.00. According to the rate of diversion of 1.4 cfs, \$125.00 was appropriate. The department will issue the refund in approximately 7-10 days.

Be advised that Section 42-248, Idaho Code, requires you or the owner of water rights to maintain current ownership and address records on file with the department. Comparing your proof to the permit, I noticed that the permit has a Portland address and the proof has a Vancouver address. I have changed the database record for this permit to reflect that change. For your information, forms to file a change of ownership of a water right, or a change in the address of the water right owner are available from any department office.
