Dear Permit Holder:

Enclosed is a copy of the approved request for extension of time submitted in connection with the above referenced permit which extends the time within which to submit proof of beneficial use of water to **April 1, 2003**. Please note that the department granted the extension due to circumstances beyond your control, which kept you from completion of the development of the permit. It is important that you work diligently toward the completion of this project during the construction period allowed since the department may be unable to grant additional extension requests based on due diligence or circumstances beyond your control.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner.

To Whom It May Concern,

I hereby request a one year extention for proof of beneficial use for the above permit water right.

Well driller (Lundstrom Well Drilling) has been engaged to complete drilling this spring. Well motor, pump and casing all been purchased and will shortly be on sight. Power box installation with Utah Power is pending and is expected to be completed in four to six weeks.

Because of circumstances beyond my control involving the murder of the land manager and the long legal delays before having access to the property for surveying and finishing probate, I have not had adequate time to establish the well. All legal matters are now cleared and immediate use of water is expected this spring.

I will forward proof of beneficial use as soon as possible.

Thank you very much for your kind attention in this matter and for the exceptional approval of the time extention.

Sincerely,

Richard D. Jones, M.D.

RE: Notice of Application for Permit No. 15-07158

Dear Applicant:

The Department of Water Resources acknowledges receipt of your application for permit of water right 15-07158. This office is currently in the process of advertising the application in the Idaho Enterprise on February 20 & 27, 1997. The advertisement will be published once a week for two consecutive weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in about five weeks. State Office Personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a transfer is issued, you will be sent a copy. A typical processing time for an unprotested application is about twelve weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

Harold W. Jones
Water Right Supervisor
