Dear Mr. Peterson:

I am once again returning your two claims. You did an excellent job drawing your maps. However, the points of diversion from the maps do not correspond with the written descriptions in part 5.

The point of diversion is the site at which water is removed from the natural water course. The point of diversion for Kents Canyon Springs appears to be in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 24, and the point of diversion for Co-op Hollow Springs appears to be in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 24. I have corrected the written portions of the claims so that they correspond with your maps.

A claim is a notarized document and it is important that a corrected copy be filed. Please check the claims over for any mistakes and have your signature witnessed by a notary public. I am also returning your Check No. 92-86/2696 for \$60.00. Please resubmit the \$60.00 filing fee when you return the claims.

Please contact me if you have any questions.

Sincerely,

JOHN KAPPELMAN, JR.

Dear Mr. Peterson:

I am returning your two claims and including two corrected claims. Please check the corrected claims over for any mistakes, complete the map, and have your signature witnessed by a notary public. I am also returning your Check No. 92-86/2679 in the amount of \$40.00. Please note that the fee per claim is \$30.00 as of July 1, 1980.

The map is an important part of the claim. I am including an instruction sheet to aid you in finishing the map. The map should include only the land where the water claimed is used, and not all the land you own. Be sure that the points of diversion from the springs and the ditches and pipelines are clearly marked. Do not include both sources on each map; draw only the source that is claimed.

Please contact me if you have any questions.
