BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 13-7126 IN
THE NAME OF BURNELL H. BAIRD

ORDER OF REINSTATEMENT

WHEREAS, on February 9, 1976, Burnell H. Baird applied to the Department of Water Resources for a permit to appropriate 0.18 cubic feet per second of water from a spring to be diverted within the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 6, Twp. 13S, Rge. 41E B.M., Franklin County, to be used for domestic, stockwater and irrigation purposes; and,

WHEREAS, on March 11, 1976, the Department approved said application and issued Permit No. 13-7126 with the condition that proof of construction of works and application of water to beneficial use be submitted on or before March 1, 1981; and,

WHEREAS, on December 31, 1980, the Department notified the permit holder by certified mail that proof was due and instructed the permit holder as to the steps to be taken to make said proof; and,

WHEREAS, on March 9, 1981, the Department notified the permit holder that Permit No. 13-7126 had lapsed for failure of the permit holder to submit proof of beneficial use; and,

WHEREAS, Section 42-218a of the Idaho Code provides that a permit may be reinstated upon a showing of reasonable cause within sixty days from the date of the notice of lapsing; and,

WHEREAS, the permit holder has provided a reasonable showing as to why said permit should be reinstated by submitting proof of beneficial use on March 16, 1981;

IT IS, THEREFORE, HEREBY ORDERED that Permit No. 13-7126 be REINSTATED and the priority advanced to February 24, 1976.

Dated this 23rd day of March, 1981.

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this Department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the Department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the Department, but you must within sixty (60) days of the date of this letter return to the Department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the Department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the Department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing of certified water right examiners will be available from this Department when examiners have been certified.

If your permitted use, in fact, has already been examined by the Department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the Department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following Department office:

Dear Mr. Baird:

On March 16, 1981, this office received an amended claim to Right No. 13-4088, a statement of beneficial use postcard for Permit No. 13-7126 and a check (92-273/1241) in the amount of \$15.00.

This office has forwarded the amended claim to the region for processing. Our Eastern Regional office in Idaho Falls will contact you if they need further information.

The statement of beneficial use postcard is in proper order and has been accepted. Since the permit lapsed on March 1, 1981, upon receipt of this statement, the permit has been reinstated with an advance in priority to February 24, 1976. (See enclosed order).

Before a license can be issued, a field examination must be made by a representative of this department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

Lastly, enclosed is your check for \$15.00. There is no fee for submittal of the amended claim or the statement of beneficial use.

If you have any questions, please feel free to contact us.
