Farm Credit Services has a secured interest in real property owned/operated by Bart O. Christensen and related entities. His water rights are appurtenant to a portion of that real property. Mr. Christensen has presented a plan to slightly modify the use of his water under these rights.

It is our understanding:

- 1) that such a change will enhance the productive capacity of his operation, and is to be done within the parameters of these water rights;
- 2) that there will be no reduction in the volume, period of use, total quantity or quality of these water rights, neither with this change nor over the foreseeable future;
- 3) that Mr. Christensen, along with his heirs and assigns, will not lose any benefit, real or implied, which is presently enjoyed as part of these water rights.

Subject to the above conditions, and the concurrence and approval of the IDWR, Farm Credit Services has no objection to the proposed modification. If you have any questions regarding this issue, please contact us at the number above.

In the Matter of General	)	Civil No. 2919

Area.	)	

R. Keith Higginson, Director of the Idaho Department of Water Resources, filed a Motion for Final Decree on July 1, 1992, 1992. The motion came on for hearing July 28, 1992.

Based on the motion and the argument presented at hearing, the court finds and concludes as follows:

The Director's Report for the Bancroft-Lund Area was filed November 15, 1992. The court entered an Order Amending Report, which amended Finding of Fact No. 14 and Conclusions of Law 16 and 18, and amended the List of Claims/Rights Not Recommended.

Last Chance Canal Company and Utah Power & Light Company filed objections to the report.

The adjudication statute provides for entry of partial decree of uncontested matters, entry of further partial decrees as

necessary to resolve objections and final decree incorporating all partial decrees. Idaho Code §42-1412(8)(9)(10). A List of the Uncontested Portions of Director's Report has been filed with the court as required by Idaho Code §42-1412(9), and hearing on the partial decree of uncontested matters is set for July 28, 1992.

A Stipulation Resolving Objections of Utah Power & Light Company and Last Chance Canal Company has been filed with the court along with a motion seeking approval of the stipulation. Hearing on the motion was set for July 28, 1992, immediately preceding hearing on partial decree of uncontested matters. Upon entry of the order approving stipulation there were no contested matters remaining to be resolved. Therefore, no partial decrees are necessary and the court may proceed with entry of the final decree completing the Bancroft-Lund adjudication.

THEREFORE, IT IS HEREBY ADJUDGED AND DECREED that:

All rights to the use of surface and groundwater from the Bancroft-Lund Area are as described in the Director's Report, except that:

1. The Findings of Fact and Conclusions of Law attached hereto are substituted for the Findings of Fact and Conclusions of Law in the Director's Report.

2. List of Claims/Rights Not Recommended attached hereto are substituted for the List of Claims/Rights Not Recommended in the Director's Report.

RE: Bart O. Christensen request for change in place of use/point of diversion

~~Rts 13-07147~~ + 13-07099

Farm Credit Services has a secured interest in real property owned/operated by Bart O. Christensen and related entities. His water rights are appurtenant to a portion of that real property. Mr. Christensen has presented a plan to slightly modify the use of his water under these rights.

It is our understanding:

- 1) that such a change will enhance the productive capacity of his operation, and is to be done within the parameters of these water rights;
- 2) that there will be no reduction in the volume, period of use, total quantity or quality of these water rights, neither with this change nor over the foreseeable future;
- 3) that Mr. Christensen, along with his heirs and assigns, will not lose any benefit, real or implied, which is presently enjoyed as part of these water rights.

Subject to the above conditions, and the concurrence and approval of the IDWR, Farm Credit Services has no objection to the proposed modification. If you have any questions regarding this issue, please contact us at the number above.
