John G. Hendrickson

State of Idaho
Department of Water Resources

WATER RIGHT LICENSE

(late proof)
License of Water Right No. 13-7091 Priority December 14, 1974 Amount .40 cfs

THIS IS TO CERTIFY, that EDWIN &/or JO ANN HENDRICKSON
of Weston, Idaho, has complied with the terms and conditions of Permit
No. 13-7091 issued pursuant to Application for Permit dated November 13, 1974,
and has submitted proof to the Department of Water Resources on August 1, 1978,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of .40 cfs of water from an unnamed drain,
tributary to Dayton Slough, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
Irrigation	from <u>April 1</u> to <u>October 1</u>	at <u>.40</u> cfs and	<u>144.4</u> acre feet
	from _____ to _____	at _____ cfs and	_____
	from _____ to _____	at _____ cfs and	_____

Subject, however, to the condition that no more than .40 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
144.4 acre feet per year, said waters to be diverted within the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 23, Twp. 15S,
R. 38E, B.M. in the County of Franklin

Description and location of place of use:

Twp.	Range	Sec.	Section														Totals
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SE $\frac{1}{4}$	SW $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SE $\frac{1}{4}$	SW $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SE $\frac{1}{4}$	SW $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	
15S	38E	23							7	20							53

Total number of acres irrigated 53

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use herein described, as provided by the laws of Idaho.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 16th day of
April, 19 81.

Director

BEFORE THE DEPARTMENT OF WATER RESOURCES

OF THE

STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 13-7091

IN THE NAME OF EDWIN OR JOANN HENDRICKSON

ORDER OF REINSTATEMENT

WHEREAS, on November 13, 1974, Edwin and Joann Hendrickson filed with the Department of Water Resources an application for permit to appropriate 1.0 cubic feet per second of water from a subsurface drainage tributary to Dayton Slough to be diverted from a point within the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 23, Twp. 15S, Rge. 38E, B.M., Franklin County, to be used for irrigation purposes; and,

WHEREAS, on June 2, 1975, the Department approved said application and issued Permit No. 13-7091 with the condition that proof of construction of works and application of water to beneficial use be submitted to the Department on or before July 1, 1976; and,

WHEREAS, on May 26, 1976, the permit holder submitted a request for an extension of time and was granted a two year extension making proof due July 1, 1978; and,

WHEREAS, on April 28, 1978, the Department notified the permit holders by certified mail that proof of beneficial use was due and instructed the permit holders as to the steps to be taken to make said proof; and,

WHEREAS, on July 11, 1978, the Department notified the permit holders that Permit No. 13-7091 had lapsed for failure to submit proof of beneficial use of water; and,

WHEREAS, Section 42-218a of the Idaho Code provides that a permit may be reinstated upon a showing of reasonable cause within 60 days from the date of notice of lapsing; and,

WHEREAS, the permit holders have provided a reasonable showing as to why said permit should be reinstated by submitting proof of beneficial use on August 1, 1978.

IT IS, THEREFORE, HEREBY ORDERED that Permit No. 13-7091 be REINSTATED and the priority advanced to December 14, 1974.

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 13-7091, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

a. SUBJECT TO ALL PRIOR WATER RIGHTS.

b. Proof of construction of works and application of water to beneficial use shall be submitted on or before July 1, 19 76.

c. Other: A measuring device of a type approved by this Department shall be

permanently installed and maintained as part of the diverting works.

2. Denial of said application is for the following reasons:

Witness my hand this 2nd day of June, 19 75.

Director

BEFORE THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF APPLICATION FOR PERMIT NO. 13-7091
in the name of EDWIN OR JOANN HENDRICKSON

MEMORANDUM DECISION
AND ORDER

On November 12, 1974, Edwin or Joann Hendrickson filed with the Department of Water Resources an application to appropriate 1.0 cubic feet per second of water from a drain with a point of diversion in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 23, Twp. 15S, Rge. 38E, B.M., Franklin County, to be used from April 1 to October 1 for the irrigation of 170 acres of land. Notice of the application was published in the Preston Citizen, Preston, Idaho, on November 21 and November 28, 1974.

The Department received protests against the issuance of the permit from F. Barlow Gilbert, David A. Nash, Jr., Wesley S. Nash, Melvin W. McKay, H. Ward Hielsen and Lee C. Nielsen. A conference was held to consider the protests against said application on February 27, 1975, at Preston, Idaho. The applicants were present and represented themselves. The protestants were present and were represented by Ralph Jones, Attorney at Law.

Both the applicants and the protestants were given an opportunity to present their arguments at the conference. All parties agreed to allow the Department to reach a decision in this matter based upon the information presented at the conference and all relevant information contained in the official files of the Department. The Department then took the matter under consideration and after having reviewed the information supplied by the parties, the Director of the Department of Water Resources makes the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

(1) The protestants have licensed rights on Dayton Slough dating back to June 10, 1924, as follows:

License No. 16021/13-2105 - 1.4 cfs from Weston Slough to be diverted in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 17, Twp. 16S, Rge. 39E, B.M., with a priority of June 10, 1924.

License No. 16646/13-2113 - 4.36 cfs from Weston Slough to be diverted in Lot 3, Sec. 1, Twp. 16S, Rge. 38E, B.M., with a priority of December 19, 1938.

License No. R-819/13-2292 - 150 af from Dayton-Weston Slough with the point of outlet in the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 26, Twp. 15S, Rge. 38E, B.M., with a priority of November 16, 1948.

MICROFILMED

License No. 20759/13-2154 - 1.85 cfs from Dayton Creek to be diverted in the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 36, Twp. 15S, Rge. 38E, B.M. with a priority of November 16, 1948.

(2) The applicant's land has a high water table which prevents it from being used to produce crops.

(3) In the fall of 1974, the applicants installed an interceptor drain, at a depth ranging from 3 ft. to 6 ft. below land surface, to drain a portion of their property.

(4) The water developed by the applicants is new water that would not normally reach the Dayton Slough during the irrigation season.

CONCLUSIONS OF LAW

(1) The water sought to be appropriated under Application No. 13-7091 is from a new source and will not interfere with, or damage rights on the Dayton Slough.

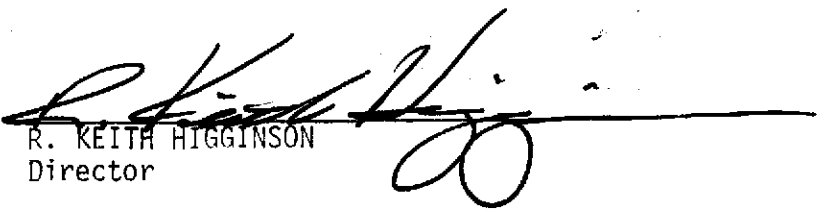

(2) The applicants, Edwin and Joann Hendrickson, are entitled to use the water of the constructed drain up to 1.00 cfs.

ORDER

IT IS, THEREFORE, HEREBY ORDERED and Application for Permit No. 13-7091 is APPROVED subject to the following conditions:

1. That a measuring device of a type approved by the Department of Water Resources be permanently installed and maintained at the point of diversion.
2. That proof of construction of works and application of water to beneficial use shall be submitted to the Department of Water Resources on or before July 1, 1976.

Dated this 2 day of June, 1975.

Dear Mr. & Mrs. Hendrickson,

RE: License No. 13-7091

Enclosed is a copy of the Water Right License issued on the above referenced Permit.

Please be advised that one of the conditions of your permit was that a measuring device be installed as part of your diversion works. That requirement has been waived with issuance of the enclosed license. However, in the event that water supply shortages become a problem installation of measuring devices may be required.

Sincerely,

Dear Mr. & Mrs. Hendrickson,

A representative of this Department has made an examination of the works covered by your Permit No. 13-7091, and has found the following:

Amount of water that can be recognized as beneficially used under Idaho law: .40 cfs Source: an unnamed drain

The maximum quantity diverted shall not exceed 144.4 acre feet per year.

Point(s) of diversion: NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 23, Twp. 15S, Rge. 38E, B.M.

Beneficial use: Irrigation of 53 acres within the SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 23, Twp. 15S, Rge. 38E.

Priority date established: December 14, 1974

Conditions (if any):

If you do not concur with these findings please contact us within 10 days, otherwise a water license will be issued as set forth above.

Sincerely,

JIM JOHNSON
Water Distribution Supervisor

SYSTEM DESCRIPTION:

Subwater is collected by a buried 8" diam perforated, gravel packed plastic tile drain located in an adjacent field owned by Larry Jensen located in the NW 1/4 of sec 23. The water is conveyed through the buried drain to the edge of the permiholder's land where it discharges into an open channel. The water is conveyed through the open channel and into a small holding pond where it is relifted onto a sprinkler system by a 70HP Ford Diesel pump motor (portable) and by a Berkeley centrifugal pump 5/8" - 7267190 - Average is irrigated by 1-32 jet wheel line lateral sprinkler connected to a 5" diam portable aluminum main.

REMARKS: _____

- a) Give the name or description of the canal, ditch or other works by which the water is conducted to the place of use:

- b) Describe the agreement or understanding by which you take water from the works:

7. a) Briefly describe the works for diverting and conveying the water to the place of use, (if from a subterranean source, give the pump size, motor size, size of well casing, depth of well; if from surface water, give brief description of diversion structure and/or canal or ditch) Water comes from drain pipe into ditch which runs at bottom of 90 horse blue Ford pump and is pumped into a buried main line which goes to the head line & wheel houses

- b) Describe the type and size of measuring device which you have installed at your point of diversion:

4" in line gallon water meter

- c) Give well driller's name and address and the date the well was completed:

8. If for other than irrigation, describe the beneficial use to which you have applied the water and the place of use:

SUBJECT Application for Permit No. 13-7091-HENDRICKSON

DATE July 17, 1978

INTER-DEPARTMENT MEMO — 1

I have discussed this matter with Ron Carlson and he concurs with the following:

Mr. Erwin Hendrickson has stated accurately and truthfully the conditions preventing the completion of works under the above referenced permit. Initially, the time required for the completion of works was stated to be one year. An extension of time was issued for a second year with proof due July 1, 1978.

I realize that second extensions of time are not usually available but we believe that with the total time period of only two years to prove up on the permit and the extenuating circumstances described, consideration for a second extension is warranted.

We will leave it in your hands to complete this matter.

Dear Mr. & Mrs. Hendrickson:

You are hereby notified that under the provisions of Section 42-218a of the Idaho Code, Permit No. 13-7091 has lapsed since you have not notified us that you have completed the project by the date required on your permit. You were provided forms for that purpose in our notice to you dated April 28, 1978.

Your permit cannot be reinstated unless you submit the proof of beneficial use affidavit, enclosed, or show other reasonable cause why the permit should be reinstated within 60 days from the date of this lapse notice.

Dear Mr. & Mrs. Hendrickson:

One of the conditions of approval of your water Permit No. 13-7091 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before July 1, 1978. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

OF THE
STATE OF IDAHO

In the Matter of Protests Against Approval)
of Application for Permit No. 13-7091)
in the name of EDWIN OR JOANN)
HENDRICKSON)
_____)

NOTICE OF CONFERENCE

AND/OR HEARING

On November 12, 1974, Edwin or Joann Hendrickson filed with the Department of Water Resources an application to appropriate the public waters of the State of Idaho. On December 2, 1974, the Department received a protest against approval of said application from H. Ward Nielsen and Lee C. Nielsen. On December 5, 1974, the Department received additional protests from Melvin W. McKay and Wesley S. Nash. On December 9, 1974, an additional protest was received from David A. Nash, Jr. and on December 10, 1974, an additional protest was received from F. Barlow Gilbert.

The Department has set the matter of protests for conference and/or hearing for Thursday, February 27, 1975, at 9:00 a.m., in the Courtroom of the Franklin County Courthouse, Preston, Idaho. Any hearing will be held in accordance with the Rules and Regulations of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Resources. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved. Because of the similarity of the issues involved in the protests to Application No. 13-7088 - John Sparrow, and No. 13-7091 - Edwin or Joann Hendrickson, the Department proposes to consolidate the conferences and hearings as provided in rule 9.7 of the Department's Rules of Practice and Procedure.

Any party may request in writing five (5) days before any hearing that the oral proceedings thereof be taken in the form of stenographic notes. Any party may have such stenographic notes of the oral proceedings, or part thereof, transcribed at his own expense. A taped record of the proceedings will be maintained for the appeal period.

Failure to appear at the time and place set for hearing by the applicant or protestants may allow the Department without prejudice to dismiss the protests or the application. Any and all cost incurred by reason of such non-appearance may be assessed against such non-appearing parties.

Dated this 13th day of February, 1975.

RE: Application for Permit No. 13-7091

Mr. G. Barlow Gilbert
Route #1
Preston, ID 83263

Dear Mr. Gilbert:

This is to acknowledge receipt of your protest to issuance of a permit pursuant to the above referenced application. The protest period had elapsed but we will accept the protest. A hearing will be set at a later date. However, at the hearing the timeliness of the protest may be one of the matters considered; and if necessary, the Department will make a decision at that time. The following are the principle items we can consider at a conference and/or hearing in either approving or denying an application for permit (Section 42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purposes intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?

The Department may reject an application and refuse issuance of a permit, partially approve the permit, approve the permit for a quantity of water less than applied for, or approve the permit subject to special conditions.

A permit issued by this office is subject to all prior water rights and does not in any way convey or establish a right-of-way over private or governmental lands. Any right-of-way or easement must be obtained by the individuals concerned through action outside of the water right proceedings.

You will be notified at a later date as to the time and place set for conference and/or hearing to discuss the matters of protest. If we may be of further assistance, please contact us.

Very truly yours,

RONALD D. CARLSON

RE: Application for Permit No. 13-7091

Mr. & Mrs. Edwin Hendrickson
Dayton
Idaho 83232

Dear Mr. & Mrs. Hendrickson:

We have enclosed a copy of the protest filed against the issuance of a permit pursuant to your Application No. 13-7091. You should be aware that the following are the principle items we can consider at a conference and/or hearing in either approving or denying an application for permit (Section 42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purposes intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?

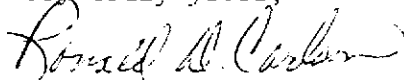

The Department cannot allow a permit for irrigation purposes which would entail the use of more than a continuous flow of 0.02 cubic feet per second of water for each acre of land, or an annual amount of 5 acre feet for each acre of land, unless the applicant can show that more is required. (Section 42-202, Idaho Code)

A permit issued by this office is subject to all prior water rights and does not in any way convey or establish a right-of-way over private or governmental lands. Any right-of-way or easement must be obtained by the applicant through action outside of the water right proceedings.

You will be notified at a later date as to the time and place set for a conference and/or hearing to discuss the matters of protest. Legal counsel is not mandatory at any proceeding before the Department, although you may desire to employ an attorney in your behalf.

If we may be of any assistance, please contact us.

Very truly yours,

RONALD D. CARLSON

December 7, 1974

Mr. R. Keith Higginson, Director
DEPARTMENT OF WATER RESOURCES
Eastern District Office
1515 Lincoln Road
Idaho Falls, Idaho 83401

Dear Sir:

F. Barlow Gilbert of Route 1, Preston, Idaho, does hereby protest the application of Edwin or Joann Hendrickson of Weston, Idaho, submitted on 11/12/74 as application no. 137091 to appropriate 1.0 cfs of water from tributaries to Dayton Slough, a tributary of Bear River for the following reasons:

The protestant has a water right under water license no. 16021 with a priority of June 10, 1924, and this water right priority is for 1.4 cfs which is used in common with Melvin W. McKay of Weston, Idaho, who joins me in this protest as we are the owners of the original water right we share on land which we purchased from the original appropriators and licenses.

That the part of the license owned by A. J. Dawson is the part that Melvin W. McKay is now the owner of, and that the part of the original license owned by Daniel Gilbert is the water right that was acquired by protestant, F. Barlow Gilbert.

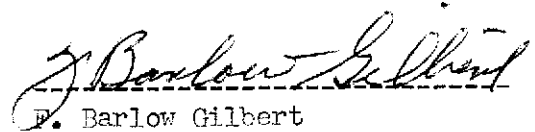

That the protestant, F. Barlow Gilbert, is now irrigating and has been irrigating for over 20 years approximately 60 acres of land from water license no. 16021, and from appropriation, diversion and use from the channel of the Weston-Dayton slough, and that this water has been claimed and beneficially used for over 20 years.

That the protestant claims the water rights under water license no. 16021 as well as from direct appropriation and use for more than 20 years on the lands set forth as follows, about 100 acres of the following described property has been irrigated:

~~N¹/₄ NW¹/₄~~, SE¹/₄ NW¹/₄, of Section 20, Twp 16S, Range 39 EBM

There are no waters available for new appropriations upstream from the Weston-Dayton slough.

Respectfully submitted:

F. Barlow Gilbert
Route 1
Preston Idaho

Dear Sir:

Notice of protest is hereby given by David A. Nash Jr. of Weston, Idaho, and protest is hereby made against the application of Edwin or Joann Hendrickson RFD No. 1, Weston Idaho, on their application dated 11-12-74, application No. 13-7091 for a permit to appropriate 1.0 cfs of water from subsurface drainage tributary to Dayton Slough by means of pump and drain within the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 23, T. 15S, R. 38E, B.M., Franklin County; to be used from Apr. 1 to Oct. 1 for the irrigation of 170 acres within the SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, E $\frac{1}{2}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 23, T. 15S, R. 38E, B.M.

David A. Nash Jr. has a water license No. 16646 priority of December 19, 1938, for the right to use water of Weston-Dayton slough, a tributary of Bear River, under use permit No. 16646 for the Tp 16 S Range E Section 7 SW $\frac{1}{4}$ SW $\frac{1}{4}$ for a total of 10 acres or an inch per acre of water under water right No. 16646, and references are made to said description in said water license with its priority issued by said State of Idaho. Said water right and claims of priority of protestant appear of record in the State Department of Reclamation Volume 7 of licenses, page 4276.

That said water rights and usage have continued and is still in use and that the application No. 13-7091 for a permit to appropriate 1.0 cfs of water by Edwin or Joann Hendrickson, RFD No. 1, Weston, Idaho, from the Dayton slough would interfere with and disturb the water rights and priority of the protestant, and the application should be denied as all the waters are now being beneficially used for irrigation and domestic purposes in said irrigation season out of the Dayton Slough. There are no waters available for new appropriations from the Dayton slough.

Respectfully submitted:

David A. Nash Jr.

Dear Sir

Notice of protest is hereby given by Wesley S. Nash of Weston, Idaho, and Protest is hereby made against the application of Edwin Hendrickson RFD 1 Weston Idaho on his application dated 11,12,74 Application No 13-7091 for a permit to appropriate 1.0 cubic feet From subface drain tributary to Dayton Slough by means of pump and drain within the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec23, T. 15S, R. 38E, B.M., Franklin County; to be used from Apr 1 to Oct 1 for the irrigation of 170 acres within the SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, E $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec,23, T. 15S, R. 38E, B.M.

Wesley S. Nash has a water license no 16646 priority of December 19, 1938, for the right to use water of Weston-Dayton slough, a tributary of Bear River, under use permit no 16646 for the SW $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 7, Twp 16S, Range 39E BM. for a total of 69 acre of an inch per water under Water right no 16646, and reference are made to said description in said water license with its priority issued by said State of Idaho. Said water right and claims of priority of protestant appear of record in the State Department of Reclamation, Volume 7 of Licenses, Page 4276.

That your protestant claims water right and storage rights for his land as herein referred to under the above numbered permit as well as storage rights under permit no 13-2292. The protestant also uses a small reservoir on the Weston-Dayton Slough, and that said water therfrom has been continuously used on the described land protestant.

That said water right and ~~usage~~ have continued and is still in use and that the application no 13-7088 for a permit to appropriate 1.0 cubic feet of water by Edwin Hendrickson of Weston, Idaho, From the Weston-Dayton Slough, a tributary of Bear River, Would interfere with and disturb the water rihgts and priority of the protestant, and the application should be denied as all the waters are now being ~~beneficially~~ used for irrigation and domestic purposes in said irrigation season out of the Weston-Dayton Slough. There are no water available for new appropriations from the Weston-Dayton Slough.

Respectfully Submitted

Wesley S. Nash

December 2, 1974

Mr. R. Keith Higginson, Director
DEPARTMENT OF WATER RESOURCES,
Eastern District Office
1515 Lincoln Road
Idaho Falls, Idaho 83401

DEC 5 1974
Department of Water Resources
Eastern District Office

Dear Sir:

Melvin W. McKay of Weston, Idaho, does hereby protest the application of Edwin or Joann Hendrickson, RFD No. 1, Weston, Idaho who on 11-12-74 submitted Application No. 13-7091 for a permit to appropriate 1.0 cubic feet per second of water from sub-surface drainage tributary to Dayton Slough, a tributary of Bear River for the following reasons:

The protestant has a water right under water licence no. 16021 with a priority of June 10, 1924, and this water right priority is for 1.4 cfs which is used in common with F. Barlow Gilbert of Preston, Idaho, Route 1, who joins me in this protest as we are the owners of the original water right. We share it on land which we purchased from the original appropriators and licensees.

That that part of the license owned by Daniel Gilbert is the part that F. Barlow Gilbert is now the owner of, and that that part of the original license owned by A. J. Dawson is the water right that was acquired by protestant, Melvin W. McKay.

That the protestant, Melvin W. McKay, has leveled land and reclaimed more of the A. J. Dawson land and for over 20 years has used approximately 1 cfs of additional water right when the same has been available in addition to his rights in the water license no, 16021. The land irrigated by water is 30 Acres in the NE $\frac{1}{4}$ - NW $\frac{1}{4}$ and 10 Acres in the SE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Sec. 20 -tpw 16 South Range 39 EBM.

The water right under Water Licence No. 16021 with a priority of June 10, 1924 is geographically the last diversion on the Weston-Dayton Slough before it enters the Bear River, therefore any additional upstream diversions would only jeopardize and interfere with the irrigation of the protestants land, as this stream is already over appropriated.

Respectfully submitted:

Melvin W. McKay
Weston, Idaho

Idaho Falls, Idaho 83401

Dear Sir:

Notice of protest is hereby given by H. Ward Nielsen and Lee C. Nielsen of Weston, Idaho, and protest is hereby made against the application of Edwin or Joann Hendrickson of RFD No. 1 Weston, Idaho, on their application dated 11/12/74, application no. 13-7091 for a permit to appropriate 1.0 cfs of water from subsurface drainage tributary to Dayton Slough by means of pump and drain within the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 23, Twp. 15S, Range 38E, B.M., Franklin County; to be used from April 1 to October 1 for the irrigation of 170 acres within the SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, E $\frac{1}{2}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, Section 23, Twp. 15S, Range 38E, B.M.

Objections are made to the approval of said application as the protestants are using said waters under a license of water rights no. 20759/13-2154 with a priority of December 16, 1948, for 1.85 cfs with an irrigation use from April 1 to November 1 of 1.85 cfs with an annual volume of 784 acre feet or $3\frac{1}{2}$ acre feet per acre. That said water has been beneficially used under said water license on 361 acres in Section 36, Twp. 15S, Range 38 EEM, all of which acreage is described in said water license and reference is made thereto for further particulars, and which is on record and on file with the Department of Water Resources, as well as storage reservoirs we own.

Objections are further made to the approval of said application as the water is claimed and used, and the application would interfere with the rights of the protestants. The protestants have reservoir storage rights on said Weston-Dayton slough under permit no. 13-2292 and otherwise. All available waters from the Weston-Dayton slough are now in use under water licenses and reservoir storage rights, and water appropriations, along
