Dear Mr. Christensen:

Re: Permit No. 13-7074

Enclosed is a copy of the approved request for extension of time. The time within which to submit the statement of beneficial use postcard is extended to December 1, 1985.

The 1982 Idaho Legislature added a requirement that as a permit holder you must commence the excavation or construction of diverting works within one year of the date a permit is issued. In the case of this extension, you must commence works within a year from the day the extension was signed and proceed diligently until the project is completed. The enclosed blue card must be completed and returned to this office as soon as you commence construction. If you are still prevented from commencing works eleven months from now, note the reason on the blue card and return it then.

Sincerely,

RITA I. FLECK

Re: Permit No. 13-7074

Enclosed is a copy of the approved request for extension of time submitted on the above referenced permit. The time within which to submit the statement of beneficial use is extended to December 1, 1983. The priority has been advanced one day since the extension request was received after the beneficial use due date.

The approval of the extension of time is based upon the Forest Service not issuing you a special use permit. In order for the department to consider any future request for extension of time due to the ability to obtain a special use permit, it will be necessary for you to submit evidence together with your request that you have attempted to obtain the permit.

Also enclosed is receipt No. 17412 in the amount of \$55.00.

We have received the request for extension of time submitted for the above referenced permit.

However, the proof of beneficial use due date for this permit is not until December 1, 1980. This gives you almost another full year to begin work on your project. If at that time there is still a delay with the Forest Service, please submit your request for extension and a current letter from the Forest Service.

If you have any questions, please contact us.
