Box 143

Gentlemen:

One of the conditions of approval of your water Permit No. 13-7064 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before November 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Sirs:

We are returning your application for permit to appropriate water from the spring in Caribou County because of the \$10.00 filing fee which must be submitted with the application. We have taken the liberty of retyping the application and have made the following changes:

1. In Item 4 the quantity to be appropriated has been increased to 0.20 c.f.s. and in addition to the domestic use requested we have also listed livestock watering.
2. Item 6 and 7 have been completed using the information that we understood from previous conversations with Mr. Hogan.
3. The place of use has been clarified in Item 8a (1) to better agree with the map you presented with your application and information previously presented by Mr. Hogan.

If any of the information as presented on the retyped application is incorrect, please change it. Sign your names on page 3 exactly as they appear in Item 1 and return it to this office with the required filing fee of \$10.00 and we will be happy to continue processing.

Very truly yours,
