SUBJECT 13-7042

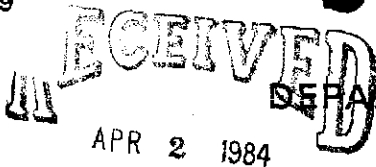

The reason that we need to amend this license is that the acreage to be irrigated was not shown on our original "10 day letter". The licensee called to say he was irrigating 79 acres rather than the 60 we found.

Now we want to modify the license to show 67 acres. It seems we should send him another 10 day letter (modified because the license will be amended), allowing him to respond to the 67 acre determination. (over)

In this case I should show the number of acres found
in each 40 acre tract, so he can see where we got our figure
for the total.

Pitot tube measurement. Q = .89 cfs.
Size of pond - 180' wide x 400' long x 3' deep = 5.7 Af.

SYSTEM DESCRIPTION:

Surface water from runoff and unnamed springs is collected in a GAP ✓
pond and redirected into a sprinkler system for the irrigation of 60a
of land. The water is diverted by a 25 H.P. Century Horizontal pump motor
#6-321220-01 2561CZ and by a Berkeley centrifugal pump # H689 GW. Acreage
is irrigated by 1-40 jet wheelline and 1-30 jet handline.

REMARKS:

System described by the permit holder.
* The permit holder's decreed water is not stored. The pond fills one ✓
time from runoff and contributing springs. During the irrigation
season when the permit holder's decreed right is on, the level of water
in the pond is maintained because the amt. of decreed water diverted
into the pond is equivalent to the amt of water diverted from the pond.

Dear Mr. Hawkes:

Enclosed is an Order that extends the proof of beneficial use date for your permit to October 1, 1978. The Department did not send a proof due notice 60 days prior to June 1, the date indicated on the fourth page of your permit, so to adjust for our error the enclosed order extends your proof of beneficial use date. Also enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.
