State of Idaho
Department of Water Resources

WATER RIGHT LICENSE

License of Water Right No. 13-7037 Priority February 28, 1973 Amount 0.89 cfs

THIS IS TO CERTIFY, that Henry A. Hatch
of Oxford, Idaho, has complied with the terms and conditions of Permit
No. 13-7037 issued pursuant to Application for Permit dated February 28, 1973,
and has submitted proof to the Department of Water Resources on February 3, 1978,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.89 cfs of water from Birch Creek,
tributary to Oxford Creek, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
Irrigation	from <u>April 1</u> to <u>November 1</u>	at <u>0.89</u> cfs and	<u>269.5</u> acre feet
	from _____ to _____	at _____ cfs and	_____
	from _____ to _____	at _____ cfs and	_____
(both dates inclusive)			

Subject, however, to the condition that no more than 0.89 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
269.5 acre feet per year, said waters to be diverted within the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 30, Twp.
13S, Rge. 38E in the County of Franklin

Description and location of place of use:

Twp.	Range	Sec.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				Totals
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	
13S	38E	29							24										24
		30		1	12	35									5				53

Total number of acres irrigated 77

Use of water under this license is subject to control by the watermaster of
State Water District No. 13R, Oxford Creek.
A measuring device and lockable controlling works of a type acceptable to the
Department shall be permanently installed and maintained as part of the diverting
works.

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho
Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use
herein described, as provided by the laws of Idaho.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 29th day of
April, 19 82

Acting for the Director

Norman C. Young

BEFORE THE DEPARTMENT OF WATER ADMINISTRATION

OF THE

STATE OF IDAHO

IN THE MATTER OF APPLICATION FOR)
)
PERMIT NO. 13-7037 in the name of)
)
HENRY A. HATCH)
_____)

MEMORANDUM DECISION
AND ORDER

On February 28, 1973, Henry A. Hatch of Oxford, Idaho applied to the Department of Water Administration for a permit to appropriate 1.0 cubic foot per second of water from Birch Creek a tributary of Barzee Creek with the point of diversion within the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 30, T. 13S, R. 38E, B.M. Franklin County, to be used for the irrigation of 185 acres. The Department caused notice to be published in the Preston Citizen on March 8 and 15, 1973.

On March 23, 1973, the Department received a protest against issuance of permit pursuant to said application signed by Lavern Kendall, watermaster of District 13-R (Oxford Creek) on behalf of himself, Charles Dansie, Bob Hunt, Earl Ward, Grant Anderson, James D. Boyce, Merl Kendall, Gary Fisher, Loyd Smith and Marion Olson. A hearing was held at Preston, Idaho on July 12, 1973 to consider this protest.

The applicant stated at the hearing that Birch Creek is not a tributary to Oxford Creek and that there are no existing recorded rights on Birch Creek. He expressed his belief that water is available and could be put to beneficial use under the application.

Charles Dansie, speaking for the protestants, stated that the existing rights on Oxford Creek and tributaries are not adequately recorded either by the existing decree (Eaton -vs- Fisher, dated 2/14/1910) or by other Department of Water Administration records. He indicated that the addition of the new recorded right would complicate the administration of the watermaster. Mr. Dansie asked that the decision on the application be delayed until the existing rights could be reconfirmed.

Information available to the Department from its records and from statements made by the applicant and the protestants at conferences proceeding the hearing indicated Birch Creek flows into the South Oxford Creek ditch; and, although it is not clearly worded in the decree, the water of Birch Creek should be considered as a part of that distributed by the Oxford Creek decree. This application should, therefore, be considered to be subject to prior rights on Oxford Creek. However, it appears to the Department that water is available in excess of prior rights during the months of May and June most years, and that this water could be put to beneficial use by the applicant. It is also evident that even though the present Oxford Creek decree is incomplete in many respects, the water has been administered in the past in a manner which has allowed

constitutional uses to be developed using the unappropriated water in a manner very similar in nature to that proposed by the present application. Difficulty in administration of a new permit right would not appear to be an overriding consideration.

IT IS THEREFORE ORDERED and Application for Permit No. 13-7037 is hereby APPROVED subject to the following conditions:

1. Subject to all prior rights on Oxford Creek and tributaries.
2. Subject to control of watermaster of Water District 13-R (Oxford Creek).
3. A measuring device of a type approved by this Department shall be permanently installed and maintained as part of the diverting works.
4. Proof of construction of works and application of water to beneficial use shall be submitted on or before August 1, 1978.

Dated this 27 day of July, 1973.

R. KEITH HIGGINSON
Director

RE: Permit No. 13-7037

Henry A. Hatch
Oxford,
Idaho 83228

Dear Mr. Hatch:

A representative of this Department has made an examination of the works covered by your Permit No. 13-7037, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 0.89 cfs Source: Birch Creek

The maximum quantity diverted shall not exceed 269.5 acre feet per year.

Point(s) of diversion: SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 30, Twp. 13S, Rge. 38E, Franklin County

Beneficial use: Irrigation of 77 acres within the SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 29; W $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 30; Twp. 13S, Rge. 38E

Priority date established: February 28, 1973

Conditions (if any): Use of water under this license is subject to control by the watermaster of State Water District No. 13R, Oxford Creek.

A measuring device and lockable controlling work of a type acceptable to the Department shall be permanently installed and maintained as part of the diverting works.

If you do not concur with these findings please contact us within 10 days, otherwise a water license will be issued as set forth above.

Sincerely,

JIM JOHNSON
Water Distribution Supervisor

MEASUREMENT CALCULATION:

measured .014 ft in 490 sec; 435.6 cu ft ÷ 490 = .89 cfs
77 ac (100%) = 1.054

$\sqrt{77 \text{ ac} \times 3.5 \text{ AF/Ac} = 269.5 \text{ AF/yr}} < .89 \text{ cfs} \times 215 \times 1.4835 = 379.5 \text{ AF/yr}$
APK 2/8/79

SYSTEM DESCRIPTION:

When high water in Birch Creek is available it is diverted into a 6" diam portable surface main which conveys the water downhill via the force of gravity for the gravity flow sprinkler irrigation of 77 ac using the rotation of 1 - 1/4 mi long hardline lateral 33 jets each having 3/64" diam nozzles.

REMARKS:

System shown operated & described by Mr. Hatch
During irrigation season after high water period Birch Creek is entirely diverted into Oxford Creek to satisfy pre-existing decreed water rights. In the winter Birch Creek is turned into Oxford Creek in order to fill a small reservoir.

Re: Permit No. 13-7037

Mr. Henry A. Hatch
Oxford,
Idaho 83228

Dear Mr. Hatch:

Enclosed is a copy of your approved Application for Permit No. 13-7037. Also enclosed is a Memorandum Decision and Order. We direct your attention to the conditions of approval as listed on the fourth page.

Be sure to note that a special condition requiring you to install and maintain a measuring device at your point of diversion has been placed upon your permit. We are enclosing a letter describing different types of measuring devices accepted by this office.

Sincerely,

BOBBY D. FLEENOR
Assistant Director

BEFORE THE DEPARTMENT OF WATER ADMINISTRATION
OF THE
STATE OF IDAHO

In the Matter of Protest Against Approval)
of Application for Permit No. 13-7037)
in the name of HENRY A. HATCH)
_____)

NOTICE OF HEARING

On February 28, 1973, Henry A. Hatch filed with the Department of Water Administration an application to appropriate the public waters of the State of Idaho. On March 22, 1973, the Department received a protest against approval of said application from LaVern Kendall in behalf of Charles Dansie, Bob Hunt, Earl Ward, Grant Anderson, James D. Boyce, Merl Kendall, Gary Fisher, Loyd Smith and Marion Olsen.

The Department has set the matter of protest for hearing for Thursday, July 12, 1973, at 2:00 p.m., in the Courtroom of the Franklin County Courthouse, Preston, Idaho. Any hearing will be held in accordance with the Rules and Regulations of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Administration. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved.

Any party may request in writing five (5) days before any hearing that the oral proceedings thereof be taken in the form of stenographic notes. Any party may have such stenographic notes of the oral proceedings, or part thereof, transcribed at his own expense. A taped record of the proceedings will be maintained for the appeal period.

Failure to appear at the time and place set for hearing by the applicant or protestants may allow the Department without prejudice to dismiss the protest or the application. Any and all cost incurred by reason of such non-appearance may be assessed against such non-appearing parties.

Dated this 25TH day of June, 1973.

NORMAN C. YOUNG
District Engineer

Re: Application for Permit No. 13-7037

Mr. Henry A. Hatch
Oxford, Idaho 83228

What creek are we talking about

Dear Mr. Hatch:

We have enclosed a copy of the protest filed against the issuance of a permit pursuant to your Application No. 13-7037. You should be aware that the following are the principle items we can consider at a conference and/or hearing in either approving or denying an application for permit (Section 42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights? *no Oxford creek doesn't affect or*
2. Is the proposed water supply insufficient for the purposes intended? *not under our plans*
3. Is the application made in good faith or for delay or speculative purposes? *yes*
4. Has the applicant sufficient financial resources with which to complete the project? *like most projects, borrowing*

*0.02 = 1 minute in
1/50 of cfs*

X The Department cannot allow a permit for irrigation purposes which would entail the use of more than a continuous flow of 0.02 cubic feet per second of water for each acre of land, or an annual amount of 5 acre feet for each acre of land, unless the applicant can show that more is required (Section 42-202, Idaho Code).

A permit issued by this office is subject to all prior water rights and does not in any way convey or establish a right-of-way over private or governmental lands. Any right-of-way or easement must be obtained by the applicant through action outside of the water right proceedings.

about 90 to 100 acres - instead of 185

Never missed this creek when it runs in pasture

13 7037

Henry Hatch - Oxford ~~13-7037~~ 13-7037

— wants big set now —

Pre-Hrg notes 13-7037

① Decree states "1 share to 1 acre" → what is definition of share in terms of a flow rate?

② Is there a substantial period of time on normal water years in which not all of the waters of the creek are used?

③ Could this water be put to a beneficial use by the applicant within the bounds described by the application?

④ Do the protestants and other water users on Oxford Ck claim high water in addition to their decrees?

⑤ Could the application be modified to become acceptable?

① shorter irrigation seasons?

② xfer existing decreed rights instead?

③

⑥ Is Birch Ck trib. to Oxford Ck?

⑦ Will proposed use reduce quantity of water available under existing rights?

M E M O R A N D U M

RE: Application No. 13-7037 - Henry A. Hatch

A conference was held at Preston, Idaho, on April 24, 1973, to consider the protest against issuance of permit on the above referenced application.

Henry A. Hatch, and his son, Claire H. Hatch appeared for the applicant. Earl H. Ward, Andrew G. Hunt, W. Merl Kendall, LaVern Kendall, and Charles Dansie appeared for the protestants. The Department of Water Administration was represented by Norman C. Young, Hearing Office, and R. Michael Turnipseed.

The discussion brought out the following pertinent information:

1. Oxford Creek has been decreed (Eaton vs Fisher, 2-14-1910), but the decree lists only the names of the decreed owners and the acreage irrigated. Flow rates are not specified, other than that each acre shares equally. The place of use and point of diversion are not mentioned.
2. Birch Creek was under natural circumstances, a tributary to Barzee Creek which enters in to Oxford Creek below any present use of water under the Oxford Decree. Birch Creek is, however, intercepted by a ditch from Oxford Creek ("South Oxford Ditch"), and the Oxford Creek water users have been using Birch Creek water through this ditch since before anyone can remember. It is likely that the Oxford Creek Decree includes this water but the wording does not make this clear.
3. Birch Creek does not have an excess of water during most of the irrigation season, but all present agreed that some high water would be available during April, May, and June of most years. All present also agreed, that the applicant would be able to put this high water to beneficial use.
4. Because the decree does not specify flow rate for each use, the watermaster does not have a convenient way of knowing when to turn off new users. The watermaster indicated he was unwilling to accept the responsibility of judging when high water had ceased.

The protestants appeared to be willing to withdraw their protest if an acceptable method of distributing the water were found which would insure that the new use would not interfere with the decreed rights. This method would have to be such as to eliminate possible arguments of when the new right could or

Re; Application No. 13-7037

could not have water. Several alternatives were discussed, including a set date each year or setting a certain flow. None of the alternatives appeared to be acceptable to all present, considering the reluctance of the watermaster to accept the responsibility of making the decision.

As it appeared that an agreement was possible, but these specific details would require time to be resolved, the conference was adjourned, with the department stating that if an agreement was not received within thirty days, with either the withdrawing of the application or withdrawing the protest, a formal hearing would be set.

OF THE
STATE OF IDAHO

In the Matter of Protest Against Approval)
of Application for Permit No. 13-7037 in)
the name of Henry A. Hatch)
_____)

NOTICE OF CONFERENCE
AND/OR HEARING

On February 28, 1973, Henry A. Hatch filed with the Department of Water Administration an application to appropriate the public waters of the State of Idaho. On March 23, 1973, the Department received a protest against approval of said application from LaVern Kendall.

The Department has set the matter of protest for conference and/or hearing for Tuesday, April 24, 1973, at 9:00 a.m., in the Basement Room of the Franklin County Courthouse, Preston, Idaho. Any hearing will be held in accordance with the Rules and Regulations of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Administration. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved.

Any party may request in writing five (5) days before any hearing that the oral proceedings thereof be taken in the form of stenographic notes. Any party may have such stenographic notes of the oral proceedings, or part thereof, transcribed at his own expense. A taped record of the proceedings will be maintained for the appeal period.

Failure to appear at the time and place set for hearing by the applicant or protestant may allow the Department without prejudice to dismiss the protests or the application. Any and all cost incurred by reason of such non-appearance may be assessed against such non-appearing parties.

Dated this 4th day of APRIL, 1973.

Gentlemen:

We are in receipt of the statement you submitted for the publication of the above referenced application for water permit. We did not, however, receive the affidavit of publication for same. May we receive the affidavit at your earliest opportunity.

Your cooperation in this matter is greatly appreciated.

Very truly yours,

BOBBIE ALBERTSON

Re: Application No. 13-7037 - Henry A. Hatch

Mr. LaVern Kendall
Oxford, ID

Dear Mr. Kendall:

This is to acknowledge receipt of your protest to issuance of a permit pursuant to the above referenced application. The following are the principle items we can consider at a conference and/or hearing in either approving or denying an application for permit (Section 42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purposes intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?

The Department may reject an application and refuse issuance of a permit, partially approve the permit, approve the permit for a quantity of water less than applied for, or approve the permit subject to special conditions.

A permit issued by this office is subject to all prior water rights and does not in any way convey or establish a right-of-way over private or governmental lands. Any right-of-way or easement must be obtained by the individuals concerned through action outside of the water right proceedings.

You will be notified at a later date as to the time and place set for conference and/or hearing to discuss the matters of protest. If we may be of further assistance, please contact us.

Very truly yours,

RICHARD M. TURNIPSEED
Water Resource Administrator

RMT:BA

March 23, 1973

Re: Application for Permit No. 13-7037

Mr. Henry A. Hatch
Oxford, Idaho 83228

Dear Mr. Hatch:

We have enclosed a copy of the protest filed against the issuance of a permit pursuant to your Application No. 13-7037. You should be aware that the following are the principle items we can consider at a conference and/or hearing in either approving or denying an application for permit (Section 42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purposes intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?

The Department cannot allow a permit for irrigation purposes which would entail the use of more than a continuous flow of 0.02 cubic feet per second of water for each acre of land, or an annual amount of 5 acre feet for each acre of land, unless the applicant can show that more is required (Section 42-202, Idaho Code).

A permit issued by this office is subject to all prior water rights and does not in any way convey or establish a right-of-way over private or governmental lands. Any right-of-way or easement must be obtained by the applicant through action outside of the water right proceedings.

Re: 13-7037
March 23, 1973

You will be notified at a later date as to the time and place set for a conference and/or hearing to discuss the matters of protest. Legal counsel is not mandatory at any proceeding before the Department, although you may desire to employ an attorney in your behalf.

If we may be of any assistance, please contact us.

Very truly yours,

RICHARD M. TURNIPSEED
Water Resource Administrator

Re: Application No. 13-7037 - Henry A. Hatch

Preston Citizen
Box 472
Preston, ID 83263

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."

(signature of claimant)

Very truly yours,

NORMAN C. YOUNG
District Engineer

MAR 23 1973

Department of Water Administration
Eastern District Office

Opford, Idaho
Mar. 22, 1973

Mr. Norman C. Young,
District engineer
Idaho, Falls, Idaho
Dear Sir:

Charles Dansie, Bob Hunt, Earl Wark,
Grant Anderson, James D. Bayce, Merl Kendall,
La Vern Kendall, Gary Fisher, Lyle Smith and
Marion Alston.

These are the names of the protestants
against the permit 13- 7037, Henry Hatch,
and the ones using the water out of this
creek which has been decreed to them since
1888.

The ground that this permit is being
asked for has never had water used on
it.

There is not enough water in
this creek to supply the users except
in the heavy run-off in the spring.

Yours truly
La Vern Kendall
(water master,
