RE: Claim to a Water Right No. 13-4131

Heber & Geneal Swainston
Route #3, Box 203
Preston, ID 83263

Dear Mr. and Mrs. Swainston:

I have reviewed your letter of September 23, 1980, concerning objections to Verlyn J. Reay's Claim to a Water Right numbered 13-4131 on Casperson Reservoir and find it necessary to return your letter since it is not in proper form. If your of the opinion Mr. Reay's Claim is in error you should submit an exception to the Claim. The exception as discussed in Section 42-225b of the Idaho Code, must specify why the Claim is incorrect and should be in affidavit form, i.e. signed in the presence of a notary public. An exception to a Claim can be submitted to the Department at any time. A blank affidavit form is enclosed for your convenience.

Also enclosed is a copy of Claim number 13-4002 in the name of Spring Hollow Water Association, Inc. which records the use of water for domestic purpose in the rural community near Banida. The system for delivering this water is described as a pipeline and is possibly the same pipeline you make reference to in your letter. This claim indicates the pipeline has been in use since January 1914, it was not necessary at that time to make application with the Department for appropriating water. If the system has been expanded in recent years, it was not by approval of the Department. However, if changes to the system adversely effected your culinary water right you can initiate legal action through the courts in effort to seek relief.
