Dear Mr. Day:

Thank you for your claim to a water right. However, we are returning it because it is not in complete form for advertising.

We have taken the liberty of partially completing a claim form for your use. The following items need to be completed by you:

Item 1: the name of the stream which the spring is tributary to, if any. If the spring is not tributary and is completely contained on your property, it is private water and no claim needs to be filed.

Items 5 and 6B: the 40-acre tracts containing the point of diversion and place of use must be shown. If you mark the approximate locations of the spring and your house on the enclosed topographic map, we can complete these items.

Please note the quantity of water shown in Item 2. This is equal to a continuous flow of 18 gallons per minute and is the amount normally filed on for a single-family dwelling.

When you have completed the necessary items on the claim, please return it to this office with the filing fee and we will be happy to process it.

Very truly yours,

LOREN O. HOLMES
Assistant Regional Supervisor
