Dear Mr. Frew:

Please find enclosed your Claim to a Water Right. The Department cannot accept a claim without the statutory filing fee of \$10.00.

As you probably aware, a claim does not establish a water right, but rather records the evidence of a right. Therefore, it is important that the person filing a claim include all supporting evidence he has to substantiate his claim.

You indicate you divert 1.5 c.f.s. from October 1 to May 30 for stockwatering purposes, but you fail to list the type or number of livestock. The Department considers 0.23 c.f.s. to be an adequate diversion rate to water 1000 head of beef cattle. Therefore, it would be appropriate for you to include in the file justification for the 1.5 c.f.s. you have claimed unless you are watering around 6,500 head of cattle.

Please re-submit your claim with the appropriate filing fee and any additional information you wish to include in the file and we will commence processing. If you have any questions, please feel free to contact us.

Very truly yours,

RONALD D. CARLSON
