STATE OF IDAHO
DEPARTMENT OF WATER ADMINISTRATION
Section 42-225a, Idaho Code

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-225a, Idaho Code, a person may file a claim to a right to use water which has been established by diversion and application to beneficial use. The filing of this claim does not confirm the water right but will serve for information purposes only. It may, however, become the basis for future adjudication of the water right by the Court.

Notice is hereby given that Ivan and Lavern Talbot (name of claimant)
of Route #3, Preston, Idaho, claims a right to the diversion and beneficial use of
(mailing address)
ground water or surface water tributary to Battle Creek ;

The extent and nature of said claim is as follows:

(1) Describe source of water: (name of stream, lake, spring, etc., or ground water) waste ditch (barrow pit)

(2) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

(3) Total quantity of water claimed: 2.32 cubic feet per second, or ----- acre feet per annum, and/or ----- gallons per minute.

(4) Priority claimed: (the date water was first applied to beneficial use) May 31, 1929

A claim is not acceptable on a ground-water source with a priority later than March 25, 1963 or on a surface-water source with a priority later than May 20, 1971. An exception to this rule is that a claim may be filed on domestic use from a ground-water source.

(6) A) Describe location of use by listing number of irrigated acres within each 40-acre tract in appropriate box. If use is not for irrigation, place an "X" in appropriate box to show location.

This water which is surface runoff from the S₃S₄, Sec. 21, W₂NW₄, N₂SW₄, Sec. 28, NE₄SE₄, Sec. 29, T. 14S, R. 39E, has been used since that date.
