Dear Mr. Paskins:

Pursuant to our telephone conversation of April 6, 1966, we are returning your depositions of holder and witnesses for the above numbered permit. The land list as it appears in the permit is SE $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 1, T 13 S., R 39 E., B.M. If the depositions are in error please correct them, however, if the permit is in error you must file amendments to the land list and/or point of diversion. Forms for amendment are enclosed and a \$1.00 fee for each amendment is required for recording. In addition you would be required to re-advertise and make new depositions, at your expense.

Dear Mr. Paskins:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 29664 are due not later than April 28, 1966

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,
