Dear Mr. Choules:

Thank you for your check for \$13.00. The certificates of water right and receipt will be sent to you in a few days.

You asked about a ditch right-of-way which has not been used for twenty years. The State Statutes provide that a water right is abandoned if not used for five years unless the owner has obtained the right for non-use of an additional five years maximum time.

The right for the ditch would depend upon how the original right was obtained. The original right could have been by deed.

Your question should be referred to an attorney.

Very truly yours,
