Permit No. G-27015

Proof of Application of Water to Beneficial Use and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Rufus R. Smith, of Grace, Idaho. Occupation, Farmer. Post Office
Address, Grace, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Not a corporation.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. G-27015, dated August 13, 1957. Date of Priority: August 13, 1957.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source of Water is a well located South center S $\frac{1}{2}$ Sec. 18, Twp. 10 S.,
Range 41 E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Buried main line from well to place of use, $\frac{1}{4}$ -mile of 10 inch line, 1/8-mile of 8 inch line, 1/8-mile of 6 inch pipe, carries water to point of discharge into movable sprinkler system used on surface. Well is 190 feet deep, 22-inch casing to 190 foot depth, perforated in lower portion. Water stands at depth of 160 feet; pump has demonstrated capacity to pump for 8 lines rated at 40 inches per line; 256 nozzles, 7.5 gal. per minute capacity, under 50 lbs. pressure.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used to irrigate the following described lands located in Caribou County, Idaho: Twp. 10 South, Range 41 E.B.M.:

Sec. 18: Beginning at a point 64 rods East of the West 1/16th corner, and running thence East 32 rods; thence South 160 rods;

thence West 32 rods; thence North 160 rods, to the point of beginning.
Sec. 19: E $\frac{1}{4}$ NW $\frac{1}{4}$. (32 acres in Sec. 18, 80 acres in Section 19.)

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. Ivan Bartz, Grace, Idaho.

27015 

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. A minor amount of water is used for culinary and stock watering purposes.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 2.24 cubic feet per second of time will cover the normal minimum use.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the original permittee.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. To the extent of 2.24 cubic feet per second (or more on test runs), said water was used to irrigate the lands above described during the irrigation seasons of 1961 and 1962. Test pumping was done during the fall of 1960.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. I own Last Chance Water, for use on other lands, and, in connection therewith, I have rented from Utah Power & Light Company some water which has been used in part on this land. However, without the use of rented water, I would not have water available for this land, without the well.

X

Ques. 7. If for power or other purposes than irrigation, state how water has been used:

Culinary and stock watering use takes some water, but the main use is
for irrigation.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation:

Land has been dry farm until the last few years. It was flood irrigated for a
few years. An inch per acre, or 112 inches of water, minimum, would be needed.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent: No.

Ques. 10. When did you first see this water used: Start of irrigation season, 1961.

Other times you have seen such use: During balance of 1961 irrigation season, and during
the 1962 irrigation season.

Mr. Leonard O. Kingsford,
Attorney at Law,
Soda Springs, Idaho.

Dear Mr. Kingsford:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-27015, in the name of Rufus R. Smith. Final Proof is to be made before you, as Notary on the 15th day of December, 19 62, at 1:30 o'clock P.M., at 176 South Main St., Soda Springs Idaho.

As of this date we have mailed the Notice to the Caribon County Sun Soda Springs, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

Gentlemen:

Re: Permit No. G-27015
Rufus R. Smith
Grace, Idaho

Mrs. Rufus R. Smith has come into my office with your notice, dated September 24, 1962, relative to the cancellation of the above cited permit.

She informs me that the well has been completed, that the water has been put to beneficial use, and that failure to complete proof was a matter of inadvertence and oversight, plus the fact that at this particular time, Mr. Smith is in the potato harvest, working early and late. He could not even get into the office to bring in the notice, at this time.

For the foregoing reason, we respectfully request that we be permitted to submit proof, at this time, without forfeiture of the permit. We would appreciate it, also, if you would send to this office the necessary forms for completing such proof.

Very respectfully yours,

Leonard O. Kingsford

It appearing to the State Reclamation Engineer that the terms and conditions of Permit No. G- 27015 to appropriate the Public Waters of the State of Idaho, have not been complied with as to Completion of Works & Beneficial Use Proofs which were due August 13, 1962

YOU ARE HEREBY notified in compliance with Sec. 42-234, Idaho Code that said Permit No. G- 27015 is hereby held for cancellation.

YOU ARE HEREBY required to show cause before the State Reclamation Engineer on or before sixty days from date of this notice why said Permit should not be cancelled.

SAID PERMIT NO. G- 27015 claims the use of 2.24 cubic feet per second of the Subterranean Waters a well with point of diversion located South center 8½ Sec. 18., Twp. 10 S., Rge. 41 E.B.M. and was approved August 13, 1957.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of my office at Boise, Idaho, the 24 day of September, 19 62.

Dear Mr. Smith:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- 27015 are due not later than August 13, 1962

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.
