NOTICE OF CORRECTION OF LEGAL NOTICE PUBLISHED UNDER THE PROVISIONS OF SECTIONS 42-214, 42-217, IDAHO CODE

Notice is hereby given that the legal notice printed in the Preston Citizen on November 26, and December 3, 10, 17, 1964, showing that the Strongarm Irrigation District was to make proof of completion of works and beneficial use of water on Permit No. G-25332 on December 21, 1964 was in error, and that the point of diversion was given as the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 36, T. 13 S., R. 39 E., B.M., whereas the actual point of diversion is the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 25, T. 13 S. R. 39 E., B.M.

That any protests against the approval of the depositions, made December 21, 1964, must be filed in the Department of Reclamation, at Boise, Idaho, within forty (40) days from the date of this notice, and such protest shall state the name and address of the protestant, and shall clearly set forth his objection to the approval of said proof of completion of works and beneficial use of water.

Comes now Joseph C. Hedin, President, Strongarm Irrigation District, and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. G-25332.

That the point of diversion is described in said Permit as being located:

NE 1/4 NE 1/4 Sec 36, Twp 13 S., R. 39 EBM

That he now requests that the point of diversion be changed to a point located:

SE 1/4 SE 1/4 Sec 25 Twp 13 S., R 39 EBM.

That the reason for desiring to make such change is as follows:

Typeographical error was made in describing point of diversion.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Preston, Idaho this 10th day of August, 1965

Joseph C. Hedin, President
Strongarm Irrigation District
Rt 3
Preston, Idaho

Dear Mr. Hedin:

We have made a complete and thorough check of all active permits issued to you and to Strongarm Irrigation District. We find that there are 36 subdivisions that are covered by this permit as it was amended that have never been licensed under other permits, and therefore not examined.

The fees for the Certificate of Completion of Works and License and Certificate will be \$77.00. The certificates will be issued for 1.11 c.f.s. of water to irrigate all the land under the Strongarm Irrigation District with the point of diversion in the SE~~SE~~SE~~SE~~, Sec. 25, T. 13 S., R. 39 E., B.M.

If you do not feel that it is worthwhile to have all the land licensed you should indicate what 40 acre subdivisions you do want licensed for this 55½ inches of water.

Gentlemen:

On November 10th we mailed you a Notice of Publication on the above numbered permit requesting a copy for checking purposes.

To date we have not received such copy and ask at this time that one be mailed to this office.

Under the ruling of the Attorney General it is imperative that a copy be mailed in on each Notice of Publication at once for checking, as in case of error it must then be re-advertised before the certificates of water right can be issued.

We would appreciate these tear sheets, or copies, as soon as possible.

Dear Mr. Hadin:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. G-25332. The proofs are to be made at 10:00 o'clock A.M., on the 21st day of December, 1964, before Ted B. Larsen, 10 West Onida, Preston, Idaho, Notary Public.

As of this date, we have mailed the Notice to the Preston Citizen Preston, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Dear Mr. Hedin:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 25332 are due not later than **December 23, 1964.**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

State Reclamation Engineer

Re: Permit No. G-25332

Date: Oct. 1, 1959

Strongarm Irrigation District
Joseph C. Haden, President
Route #2, Preston, Idaho

Dear Sir:

The date for proofs of Completion of Works and Application of Water to Benefi-
cial Use, as set out under the terms of Permit No. G-25332 are due not later
than December 23, 1959.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
