NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M., on the 6th day of August, 1955, at Preston, County of Franklin, State of Idaho, before J. N. LARSON, Notary Public, proof will be submitted of the completion of works for the diversion of 80 gallons minute ~~subsurface~~ per ~~second~~ of the waters of artesian well Twp. 16 S., Rge. 40 E.B.M. located in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 20, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24972 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Franklin Cub River Pumping Company, Franklin, Idaho
2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 80 gallons ~~subsurface~~ per ~~second~~ minute.
3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 80 gallons ~~subsurface~~ per ~~second~~ minute.

The place where said water is used is _____

In Idaho - W $\frac{1}{2}$ Section 28; E $\frac{1}{2}$, S $\frac{1}{2}$ NW $\frac{1}{4}$ and S $\frac{1}{2}$ SW $\frac{1}{4}$ Section 29; S $\frac{1}{2}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ Section 20, Township 16 South, Range 40 East, B.M.

In Utah - SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 2; NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 3, Township 14 North, Range 1 S.L.M.; all of Section 34; W $\frac{1}{2}$ Section 35, Township 14 North, Range 1 S.L.M.

RE: Permit No. G-24972

Judge O. R. Baum
Attorney at Law
Pocatello, Idaho

Dear Judge Baum:

Thank you for your letter of July 6 with the amended land list in connection with Permit No. G-24972. This amended list checks with the land described in the original Permit but in order to save space in the published notice, we have combined the descriptions as follows:

"In Idaho - $W\frac{1}{2}$ Section 28; $E\frac{1}{2}$, $S\frac{1}{2}NW\frac{1}{4}$ and $S\frac{1}{2}SW\frac{1}{4}$ Section 29; $S\frac{1}{2}SW\frac{1}{4}$ and $SE\frac{1}{4}$ Section 20; Township 16 South, Range 40 East, B.M.

In Utah - $SE\frac{1}{4}NW\frac{1}{4}$ Section 2; $NE\frac{1}{4}NW\frac{1}{4}$ Section 3, Township 14 North, Range 1 S.L.M.; all of Section 34; $W\frac{1}{2}$ Section 35, Township 14 North, Range 1 S.L.M."

We have set the time for making proof at 10:00 A.M., August 6, 1955, and are sending a copy of the notice to the Preston Citizen with instructions to publish it once a week for four weeks prior to that date and to send the Franklin Cub River Pumping Company, in care of Mr. Morrison, the affidavit of publication together with statement of costs.

Shall we send the forms of deposition to be used in making these proofs to you or to Mr. Larson, the Notary Public, or to Mr. Morrison himself?

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 3; Twp. 14 N., Range 1 E. S. I. M.

All of Section 34;

W $\frac{1}{2}$ Section 35; Twp. 15 N., Range 1 E., S. I. M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: P.D. checked on Aerial in Preston Co. Court House, Ariz. Office on Sept. 13-56.

Water not measured - but flow is about 8 inches. There is a small metal V notch weir by the well that has been used to measure the water for evidence in their controversy with the Packing Plant. Stains on verify the amount of flow.

This examination was made on the 10 day of April, 1957

(Signed) E. H. Humphrey Examiner.

^{Franklin} They dissolved ^{Franklin} Carb River Irig. Co.
instead of Carb River Canal Co. which are
one and the same.

Word Canal was changed to Pumping (Present title)

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

E A S E M E N T

THIS AGREEMENT made this _____ day of May, 1954, between WOODROW PORTER and ALENE PORTER, his wife, of Franklin County, State of Idaho, parties of the first part, and FRANKLIN CUB RIVER PUMPING COMPANY, a corporation, of Franklin, County of Franklin, State of Idaho,

WITNESSETH:

The Grantors, namely, the parties of the first part, hereby grant a partial easement and right of way for the construction, maintenance, building and repair of a ditch, as follows:

A 4 foot strip of land on each side of a line running 10 rods Southwesterly from a point 14 rods East of the Northwest corner of the Southwest quarter of the Southwest quarter of Section 3, Township 16 South, Range 40 East of the Boise Meridian, and sufficient area on each side of said strip of land for the proper care and maintenance of said drainage ditch.

A 4 foot strip of land on each side of a line running Southwesterly from a point 10 rods South and 5 rods East from the Northwest corner of the Southwest quarter of the Southwest quarter of Section 3, Township 16 South, Range 40 East of the Boise Meridian, to a point where it intersects with the Cub River Irrigation Company spillway, and sufficient area on each side of said strip of land for the proper care and maintenance of said drainage ditch.

A 4 foot strip of land on each side of a line running Southwesterly from a point 34 rods East of the Northwest corner of the Southwest quarter of the Southwest quarter of Section 3, Township 16 South, Range 40 East of the Boise Meridian, to a point 200 feet South, then running West to the intersection point of the Cub River Pumping Company drain, and sufficient area on each side of said strip of land for the proper care and maintenance of said drainage ditch.

This conveyance is made to said Grantee as a right of way for said ditch, to-wit, a drainage ditch, which is not to exceed _____ feet in width, across the said above described premises.

The consideration for the above easement is the sum of Three Hundred Fifty Dollars (\$350.00), the receipt of which is hereby acknowledged.

The Grantors of this easement shall be responsible for all bridges, culverts, stock crossings and irrigation ditches.

were not represented and
Cub River Pumps, not being mentioned, were not considered in this Decree and the only rights that they could have would be rights that can be established in a portion of the stream below *the others*.

There is in the files in the Book of Licenses, Page 2789, License No. 14447 in the name of the Franklin Cub River Pumping Company, a License for an amount of 20 cubic feet per second with a priority of November 28, 1919, made appurtenant to lands in Township 16 South, Range 40 East, Sections 28, 29 and 30 in an amount of 1,005 acres irrigated with a point of diversion in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 30, Township 16 South, Range 40 East. In checking the Permit file, diversion was by means of two pumps, each driven by a 40 hp motor and a statement by Will Durant, President of the Franklin Cub River Pumping Co. that their dam, ditch and pumps would carry 10 second feet of water to the Franklin Cub River Pumping Company's canal.

Since this license was issued in 1921 and the Decree was issued in 1924, if the pump would be pumping water from a section of the river in which the High Waters had been divided among the three companies mentioned above there would be no valid right for pumping by the Franklin Cub River Pumping Company as against the other three companies since the decree ~~substantiates~~ *supercedes* all earlier rights.

However, if the license is for water that flows below and outside the area covered by the decreed rights then the Franklin Cub River Pumping Company has a perfectly good/right ^{licensed} to 20 second feet of water with a point of diversion as given on the license.

Yours truly,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. 1447

Franklin Cub River Pumping Company
Franklin
Idaho

ATTENTION: Mr. Ray Morrison, President

Gentlemen:

The Decree in the case of Henry T. McEwan, Plaintiff, vs. Franklin ~~and~~ County Sugar Company, et al., Defendants, heard in the District Court of the Fifth Judicial District of the State of Idaho in and for Franklin County, ¹¹⁵⁷⁸ ~~gives~~ the Franklin Cub River Canal Co. Corporation as one of the defendants. However, in the paragraph where ~~the~~ it speaks of the various defendants and their representatives, it does not mention the Franklin Cub River Canal Co. as being represented and it does specifically mention the defendants and states that the court has examined all the testimony offered and received and in behalf of the respective parties and the agreement and stipulation entered into. It then issues its decree. Among other things, the water is divided into Primary Rights, which are for use at all times during the irrigation season, and the High Water Rights, which are specifically divided among three of the defendants. The Cub River Irrigation Company to have .45 ^{were} ~~after~~ after the Primary Irrigation Rights ~~xxx~~ satisfied to the total of 158 cubic feet per second with its right to use of said waters to date from the year A. D. 1880 and to be measured at a point about a mile below the headgate of the said canal. The Cub River Middle Ditch Co. was allowed .30 of the waters of said stream after the Primary Rights were filled and its right to date from the year A. D. 1882. And that the Cub River and Worm Creek Canal Company to have the remaining .25 of the stream after the Primary Rights had been filled and its right also to be from the year A. D. 1882.

It would seem that the High Waters of the Cub River were completely divided at the time of this Decree which was done in open court on the ninth day of July, 1924 and signed by Judge Robert M. ^{Terrell} ~~Karroll~~, it would therefore appear that the Franklin

RE: Permit No. G-24972

Franklin Cab River Pumping Co.
Franklin
Idaho

ATTENTION: Mr. Ray W. Morrison, President

Dear Mr. Morrison:

Inspection is required on any Permit, for the use of water, being brought to license in the State of Idaho.

I intend to make inspection in connection with Permit No. G-24972 in the name of the Franklin Cab River Pumping Co., on Thursday, September 13, probably in the afternoon after I have made an inspection for Mr. Reese on a well in Section 17, Township 16 South, Range 40 East.

Please be prepared to accompany me on the inspection or have someone there representing the Franklin Cab River Pumping Co.

I intend to stop at the Hotel in Malad the night before in case you wish to contact me. I will try to contact you by phone on Thursday before time for inspection, but in case I do not contact you I will drive to the place where the pump is located. I will be driving a white Ford Car, 1955 model.

Yours truly,

MARK R. KULP
State Reclamation Engineer

G24972

August 19, 1955

RE: Permit No. G-24972

Mr. Ray W. Morrison, President
Franklin Cub River Pumping Co.
Franklin, Idaho

Dear Mr. Morrison:

We have your card of August 18 and in accordance therewith have corrected the depositions offered in proof of completion of works and beneficial use on the above numbered Permit to show the location in Section 30 instead of Section 20, Township 16 South, Range 14 East, B.M.

The affidavit of publication from the Preston Citizen reached us a day or two ago which completes the proof.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Water to Beneficial Use

Notice is hereby given that at 10:00 A. M., on the 6th day of August, 1955, at Preston, County of Franklin, State of Idaho, before J. N. LARSON, Notary Public, proof will be submitted of the completion of works for the diversion of 80 gallons per minute of the waters of artesian well located in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 20, Twp. 16 S., Rge. 40 E. B. M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. *G-24972* heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Franklin Cub River Pumping Company, Franklin, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 80 gallons per minute.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 80 gallons per minute.

4. The place where said water is used is In Idaho—W $\frac{1}{2}$ Section 28; E $\frac{1}{2}$, S $\frac{1}{2}$ NW $\frac{1}{4}$ and S $\frac{1}{2}$ SW $\frac{1}{4}$ Section 29; S $\frac{1}{2}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ Section 20, Township 16 South, Range 40 East, B. M.

In Utah—SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 2; NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 3, Township 14 North, Range 1 S. L. M.; all of Section 34; W $\frac{1}{2}$ Section 35, Township 14 North, Range 1 S. L. M.

RE: Permit No. G-24972

Ruby Y. Brown
C/o O. R. Baum
Pocatello, Idaho

Dear Madam:

We acknowledge your letter of August 8 directed to the attention of Mr. J. N. Larsen enclosing depositions of Ray Morrison and two witnesses in proof of Completion of Works and Beneficial Use on Permit No. G-24972 of the Franklin Cub River Pumping Company.

We note that all of these depositions describe the location of the well in Section 20, Township 16 South, Range 40 East, B. M. and also include Section 20 in the place of use.

We think this must be a typographical error and it should be Section 30, and we can correct the depositions upon authorization from Mr. Morrison to do so.

The Affidavit of Publication is a necessary part of the proof and the Preston Citizen was instructed to send this Affidavit of Mr. Morrison.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. 24287

Mr. Usher Foust
Bonners Ferry, Idaho

Dear Mr. Foust:

This acknowledges the Notice of proof application of water to beneficial use under Permit No. 24287, to be made on the 3rd day of July at 10:00 A.M. before J. H. McNally, Notary Public.

As of this date we have mailed the Notice to the Bonners Ferry Herald with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses, who are familiar with the terms of the permit and the work done thereunder, at the time, on the date, at the place and before the Notary as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions (Holder and two Witness) are being returned. Also, be sure to enclose the Affidavit of Publication.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit No. G 24972

Proof of Application of Water to Beneficial Use

Deposition of Holder
and Completion of Works

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Ray W. Morrison, President of Franklin Cub River Pumping Co., Franklin, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Franklin Cub River Pumping Co., Franklin, Idaho. President of Franklin Cub River Pumping Co.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G 24972. June 8, 1954. June 8, 1954.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Underground water. SE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 28, Twp. 16 S., Rge. 40 E., B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Pump and well. Eighty gallons per minute. Cub River, which carries it to the pumps. 236 feet - depth of well, 12 inch casing, artesian well. Eighty gallons per minute and measured by professional test.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

30
Ans. Irrigation. In Idaho - W $\frac{1}{2}$ Section 28; E $\frac{1}{2}$, S $\frac{1}{2}$ NW $\frac{1}{4}$ and S $\frac{1}{2}$ SW $\frac{1}{4}$ Section 29; S $\frac{1}{2}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ Section 28; Township 16 South, Range 40 East, B.M. In Utah - SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 2; NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 3, Township 14 North, Range 1 S.L.M.; all of Section 34; W $\frac{1}{2}$ Section 35, Township 14 North, Range 1 S.L.M. Cultivated ground. Additional water to already established system, and the lands lying therein.

24972

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. _____

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Pump and well. Eighty gallons per minute.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Five second feet of decreed water ofm Cub River as of 1882, and 20 second feet by permit of 1919. It falls very short of this amount during the late summer months.

FRANKLIN CUB RIVER PUMPING CO.,

Permit No. G 24972

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. O. K. Lowe, sixty-nine; Franklin, Idaho, farmer. Franklin, Idaho.

Ques. 2. Are you acquainted with Ray C. Morrison, President of Franklin Cub/, the holder of Permit No. G-24972 River Pumping Co.? How long have you known him and where does he reside?

Ans. Yes. Twenty-five years. Franklin, County of Franklin, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-24972, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Underground water. SE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 26, Twp. 16 S., Rge. 40 E., B.M.
Pump and well.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Eighty gallons per minute. Eighty gallons per minute.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Eighty gallons per minute

24972

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For irrigation. In Idaho - $W\frac{1}{2}$ Section 28; $E\frac{1}{2}$, $S\frac{1}{2}NW\frac{1}{4}$ and $S\frac{1}{2}SW\frac{1}{4}$ Section 29; $S\frac{1}{2}SW\frac{1}{4}$ and $SE\frac{1}{4}$ Section 29; Township 16 South, Range 40 East, B.M.

In Utah - $SE\frac{1}{4}NW\frac{1}{4}$ Section 2; $NE\frac{1}{4}NW\frac{1}{4}$ Section 3, Township 14 North, Range 1 S.L.M.; all of Section 34; $W\frac{1}{2}$ Section 35, Township 14 North, Range 1 S.L.M. Cultivated land. Additional water to already established system.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. No reclaimed land. Additional waters for already established irrigation district, and the lands lying therein.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. For a number of years past. Passed by this/district very frequently in the past years and observed the use of this water during the past number of years. Is personally acquainted with all users of this water.

RE: Permits Nos. G-24972 and 25637

Preston Citizen
Preston
Idaho

Gentlemen:

We have checked the tear sheet received this morning which contained the notice on the above numbered Permit in the name of the Franklin Cub River Pumping Company and find that the last paragraph of the notice has been omitted.

Please refer to the copy and note that there is a Paragraph 5 as follows:

"5. The date of priority which said user is prepared to establish is June 1, 1954."

Please make this correction in your subsequent issues and send us a copy of the corrected notice.

Your postcard of July 9th acknowledged receipt of two notices one of the Franklin Cub River Pumping Company as above and the other on Permit No. 25637 of Cluff M. Kendall. The tear sheet which you sent did not include a copy of notice on Permit No. 25637.

Please advise if this is being published and if so send us a copy at once.

De Mr. Kulp;

Franklin, Idaho.
Aug. 18, 1955.

Re: To Letter of Aug 12, (Permit No. G-24972)

You were very right in assuming the error as indicated in your letter concerning the use of water to be in sec. 30 instead of sec 20 where the well is located.

Please make the necessary corrections as the water is used in sec 30; the location of well in sec 20. No water used in sec 20.

If you have not heard from Preston Citizen as yet you will do so very soon.

Thanks.

Very truly yours.

Judge O. R. Baum
Attorney at Law
Pocatello, Idaho

Dear Judge Baum:

Thank you for your letter of July 6 with the amended land list in connection with Permit No. G-24972. This amended list checks with the land described in the original Permit but in order to save space in the published notice, we have combined the descriptions as follows:

"In Idaho - W $\frac{1}{2}$ Section 28; E $\frac{1}{2}$, S $\frac{1}{2}$ NW $\frac{1}{4}$ and S $\frac{1}{2}$ SW $\frac{1}{4}$ Section 29; S $\frac{1}{2}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ Section 20; Township 16 South, Range 40 East, B.M.

In Utah - SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 2; NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 3, Township 14 North, Range 1 S.L.M.; all of Section 34; W $\frac{1}{2}$ Section 35, Township 14 North, Range 1 S.L.M."

We have set the time for making proof at 10:00 A.M., August 6, 1955, and are sending a copy of the notice to the Preston Citizen with instructions to publish it once a week for four weeks prior to that date and to send the Franklin Cub River Pumping Company, in care of Mr. Morrison, the affidavit of publication together with statement of costs.

Shall we send the forms of deposition to be used in making these proofs to you or to Mr. Larson, the Notary Public, or to Mr. Morrison himself?

Very truly yours,

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date).....

(P. O.).....

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the

Preston Citizen of Preston, Idaho published in

the county in which the works are situated.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

.....
Engineer.

July 6, 1955

Mr. Mark R. Kulp
State Reclamation Engineer
Department of Reclamation
State Of Idaho

Att: Jeanne L. Anderson
Chief Clerk

Dear Miss Anderson:

This will acknowledge receipt of your letter of June 24th in reference to Permit No. G-24972, Franklin Cub River Pumping Company. Mr. Morrison is in the office and he tells me the well is an artesian well and it flows only 30 gallons per minute and if a pump is put on it only pumps 30 gallons per minute, hence while the original application was for more we feel that under the measurements taken that all we should ask for is the actual amount that is being produced so go ahead and complete it on that basis.

I am returning the proof with the corrected description. The error on the description was made by the secretary typing the description.

Very truly yours,

O. R. BAUM

RE: Permit No. G-24972

Mr. O. R. Baum
Box 570
Pocatello, Idaho

Dear Judge Baum:

We have your letter of June 22nd enclosing notice for proof of completion of works and beneficial use on Permit No. G-24972, of the Franklin Cub River Pumping Company.

However, in checking the list of land where the water has been used as described in this notice, we find that it differs materially from the land described in the Permit.

We return the original copy of the notice with some pencil notations. You will note that several of these descriptions contain duplications, for instance, in Section 35, Township 15 North, Range 1 East, B.M. you will note a complete duplication of the entire Section but only 320 acres.

We enclose a plat on which we have checked the land described in the Permit and unless there has been a change in the land list, the notice should contain the land so described.

If there has been a change, an application for amendment should be submitted on the form enclosed. Otherwise, I will be glad to correct the notice to conform to the Permit.

We also note that the notice mentions 80 gallons per minute, which would only be 9 or 10 inches; whereas, the Permit calls for 2 second feet or 100 inches of water. Is it the intention to only prove up on this smaller amount?

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. G-24972

Mr. O. R. Baum
Attorney at Law
Pocatello, Idaho

Dear Mr. Baum:

We have your letter of January 20 requesting forms for making proof of completion of works on Permit No. G-24972 of the Franklin Cub River Pumping Company.

We assume that they are prepared to make both proof of completion of works and beneficial use as both proofs are required at the same time on this Permit.

We enclose the form for notice in connection with these proofs which should be made in duplicate on Form 36, returning both copies to this office together with Form 11 which is your authorization for us to have the notice published in the designated county newspaper at your expense.

However, if they are not prepared to make proof of beneficial use at this time we note that these proofs are not actually due until June 8, 1956 although they may be made at any earlier date.

Very truly yours,

MARK R. KULP

Judge O. R. Baum
P. O. Box 570
Pocatello, Idaho

Dear Judge Baum:

We have your letter of June 3 and note that a portion of the land included in the application of Franklin Cub River Pumping Company is in Utah.

However, the application does not give the 40 acre subdivision in which the well is located but only describes it as being in the SW $\frac{1}{4}$ Section 20, Township 16 South, Range 40 East B.M. Will you please mark on the sketch map enclosed, the 40 in which this well is to be located.

Very truly yours,

MARK R. KULP

Re: Franklin Cub River Pumping Co.

Dear Miss Anderson:

This will acknowledge receipt of your letter of June 1st and desire to say that our application is correct. Sections 2 and 3, Township 14 North, Range 1 East and Sections 34 and 35 in Township 15 North, Range 1 East are in the State of Utah. The Franklin Cub River Pumping Co. is watering lands in both states. The land is adjoining.

Very truly yours,

O. R. BAUM

Mr. O. R. Baum
Attorney at Law
P. O. Box 570
Pocatello, Idaho

Dear Mr. Baum:

We acknowledge receipt of your letter of May 29 enclosing application of the Franklin Cub River Pumping Co. together with your check for the \$5.25 filing fee. However, we do not quite understand the locations as given in Question 12 of the application and on the sketch maps. Both of these describe Sections 2 and 3 as being in T. 14 North, Range 1 East and Sections 34 and 35 as in Township 15 North, Range 1 East.

These are a long way from the rest of the land and the well, which is located in Township 16 South, Range 40 East.

Isn't there a mistake in some of these descriptions?

We, therefore, return the application for whatever correction is necessary, if any.

Very truly yours,

MARK R. KULP
