ATTENTION: A. A. Merrill

Dear Mr. Merrill:

I have your letter of February 21, 1935, informing us that you are filing suit to quiet title to the waters claimed by Dean R. Bingham under Permit No. 23787.

We have not yet received the proofs on Permit No. 23787 and the regular procedure will be to make a departmental inspection before license is issued.

Permits and licenses are issued for unappropriated public water only, and no adjudications are made by the Department of Reclamation.

Your course of procedure seems proper as it will make a record of priority, source and amount of whatever rights your client may be able to establish, and any license we may issue pursuant to statute will be subject to rights prior to February 21, 1935.

Very truly yours,
