Re: Permit No. 19377

William E. & Orin V. Fellows
Preston, Idaho

Gentlemen:

We now have on file the report of our Field Engineer on examination for beneficial use under the above numbered permit.

This report shows that you are irrigating 100 acres of land in four 40-acre legal subdivisions; therefore, upon receipt of the statutory fee of \$8.00, a license will be issued for 2 second feet of water.

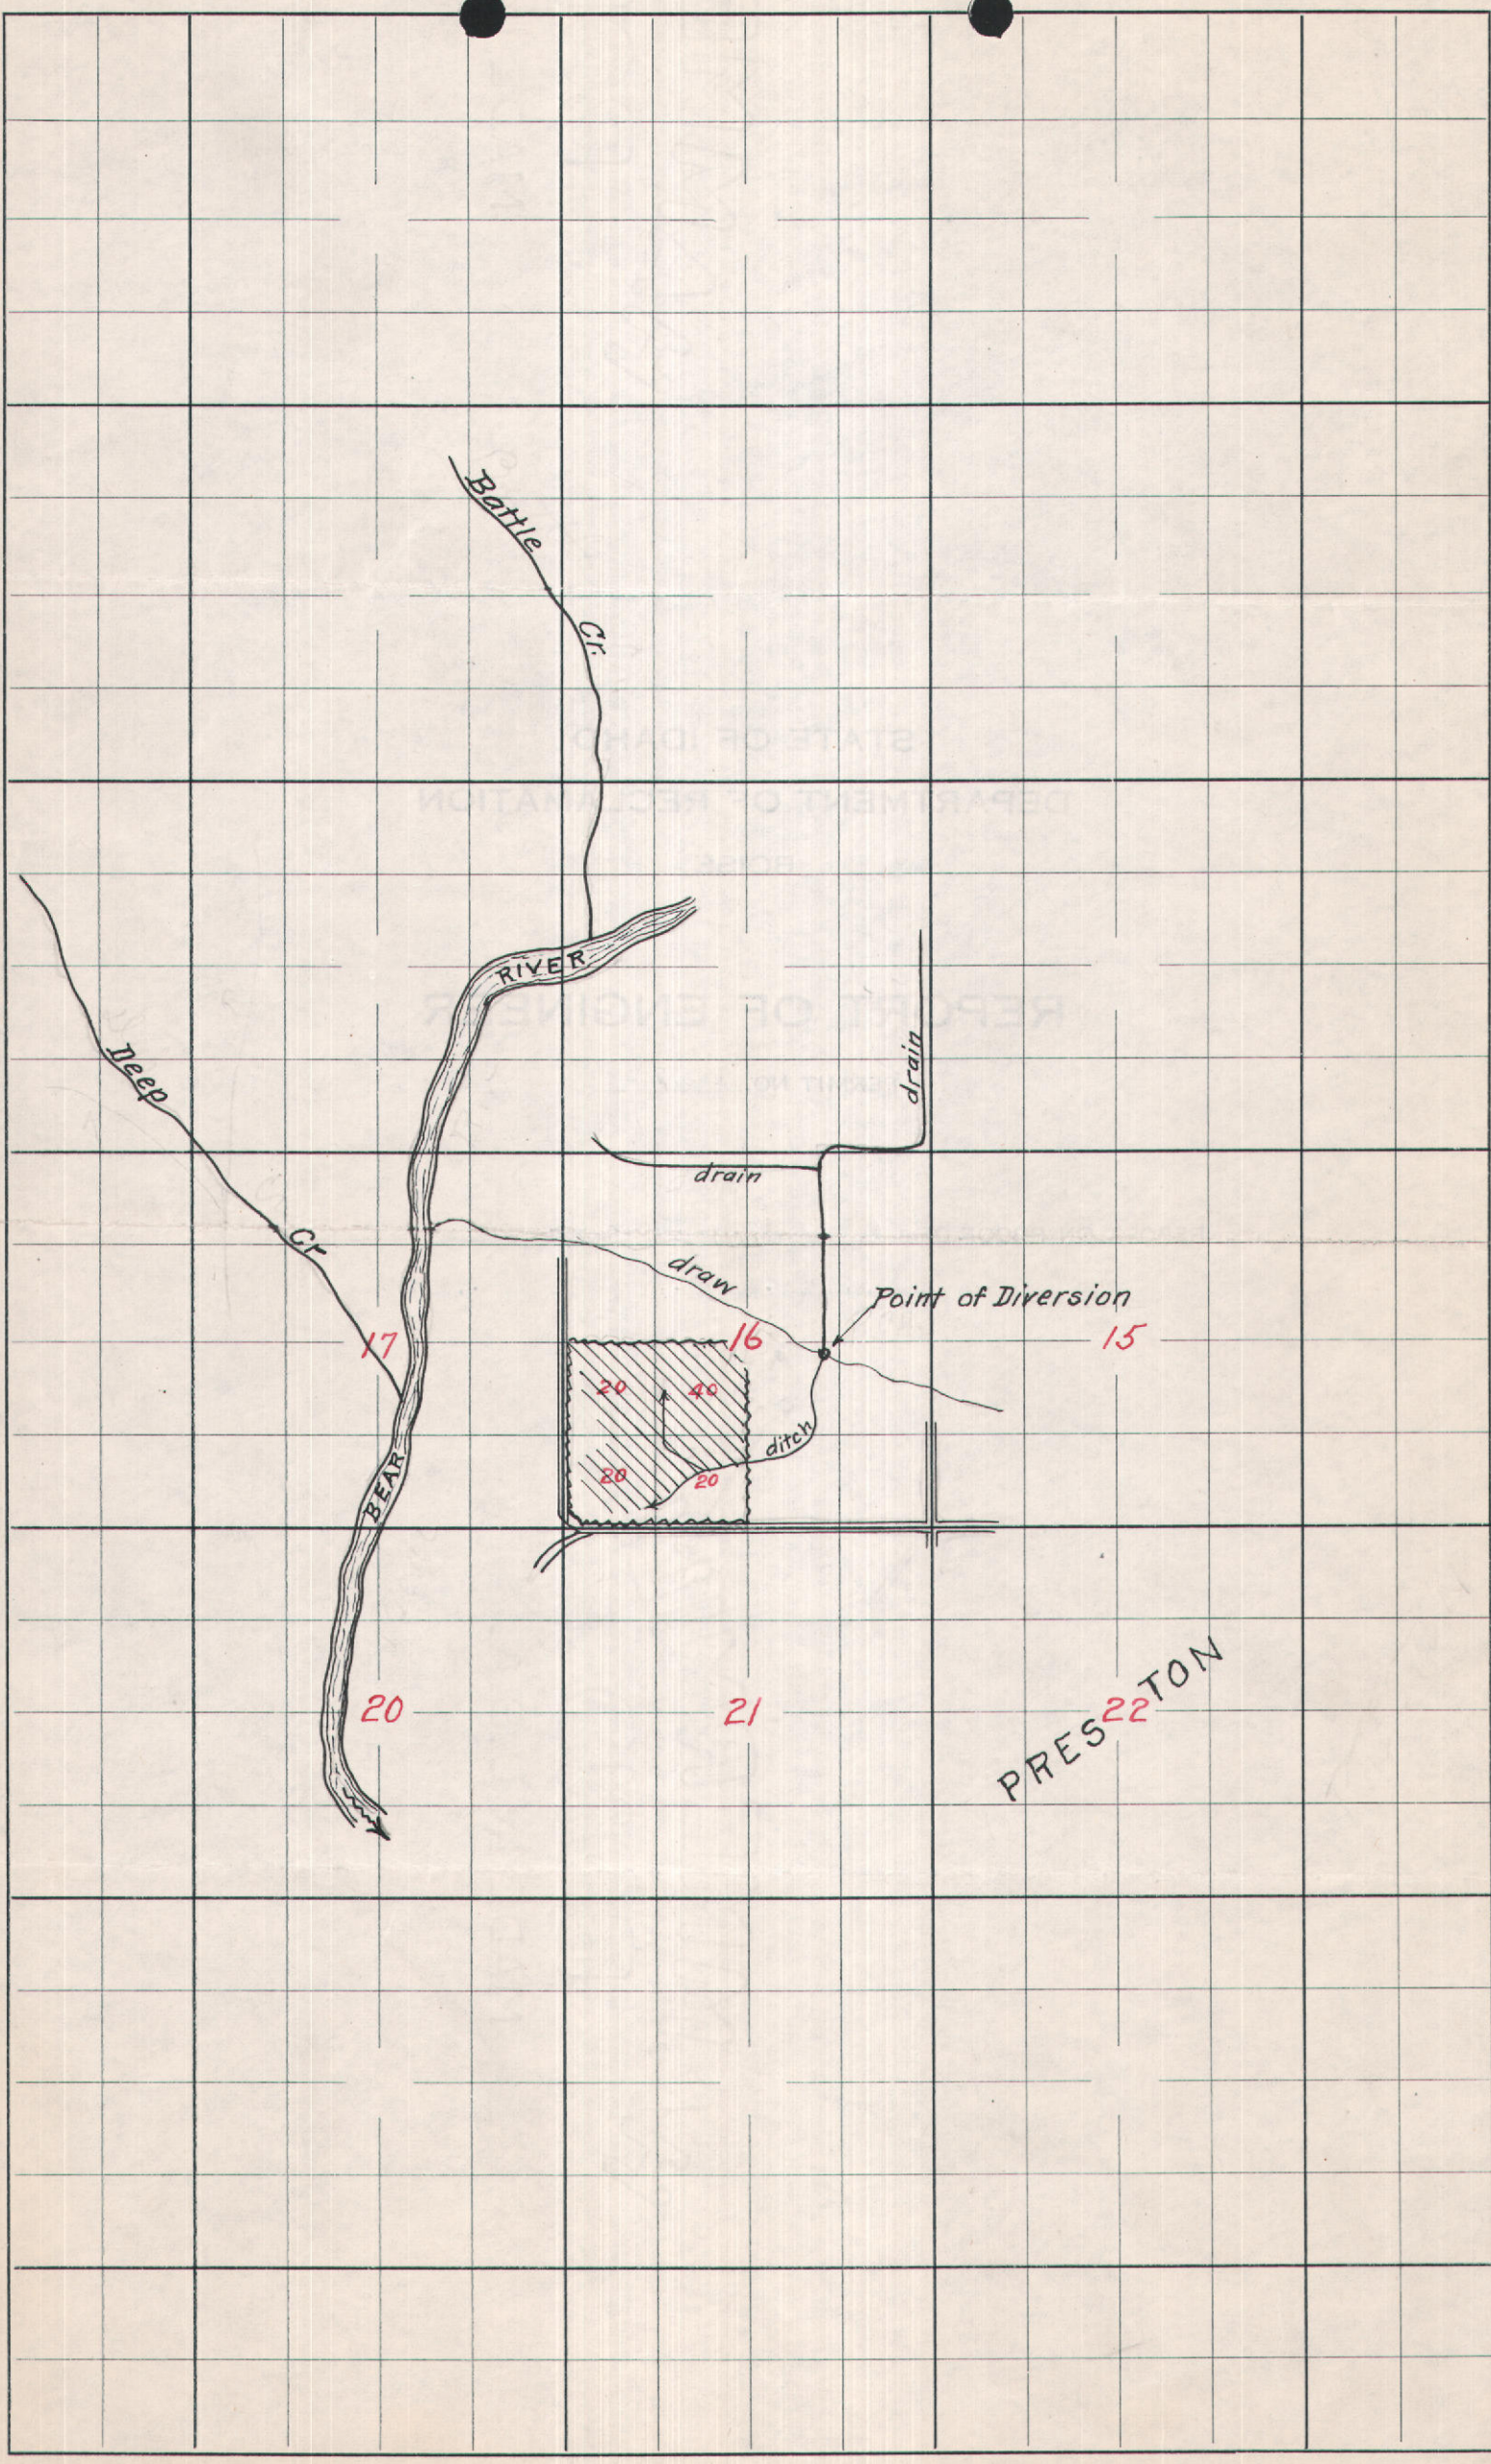

Very truly yours,

JAMES SPOFFORD
State Reclamation Engineer

February 23, 1943

Re: Permit No. 19377

Messrs. Wm. E. & Orin V. Fellows
Preston, Idaho

Dear Sirs:

The depositions of yourselves and two witnesses, and also the affidavit of publication from the Preston Citizen, in connection with beneficial use proof under the above numbered permit, reached us this morning.

They have evidently been held in the Boise post office, for some unknown reason, as the envelope is postmarked Preston, January 28th, and received in Boise, January 30th. There is a 3-cent postage due stamp on it, but this is no excuse for its being held up, as usually such mail is put in with the rest, and our mail carrier collects for it from us when it is delivered.

Before final action can be taken in the matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made, since the department has but one field engineer, who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for the Department, will try and contact you at the time he makes the examination, so that you can arrange to show him over the grounds.

Very truly yours,

JAMES SPOFFORD
State Reclamation Engineer

Re - Permit No. 19377
Wm.E. & Orin V. Fellows,

Mr. Geo. E. Burgi
U.S. Commissioner,
Preston, Idaho.

Dear Mr. Burgi:-

We are enclosing herewith Certificate of Completion
of Works issued on the above numbered permit to
appropriate 2.0 second feet of water from the County
and City Drain in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 16, Twp. 15.S.
Rge. 39.E.B.M. Franklin County, for irrigation purposes.

The Department's Receipt No. 18995 covering the \$5.00
fee for Completion of Works is also enclosed.

Very truly yours,

E.V.Berg
Commissioner of Reclamation.

Permit No. 19377

Date NOVEMBER 23, 1942

Dear Sir:

I enclose herewith above numbered permit. BE SURE
AND NOTE LIMITATIONS AND CONDITIONS OF SAME as given under approval
of the Commissioner of Reclamation on the fourth page.

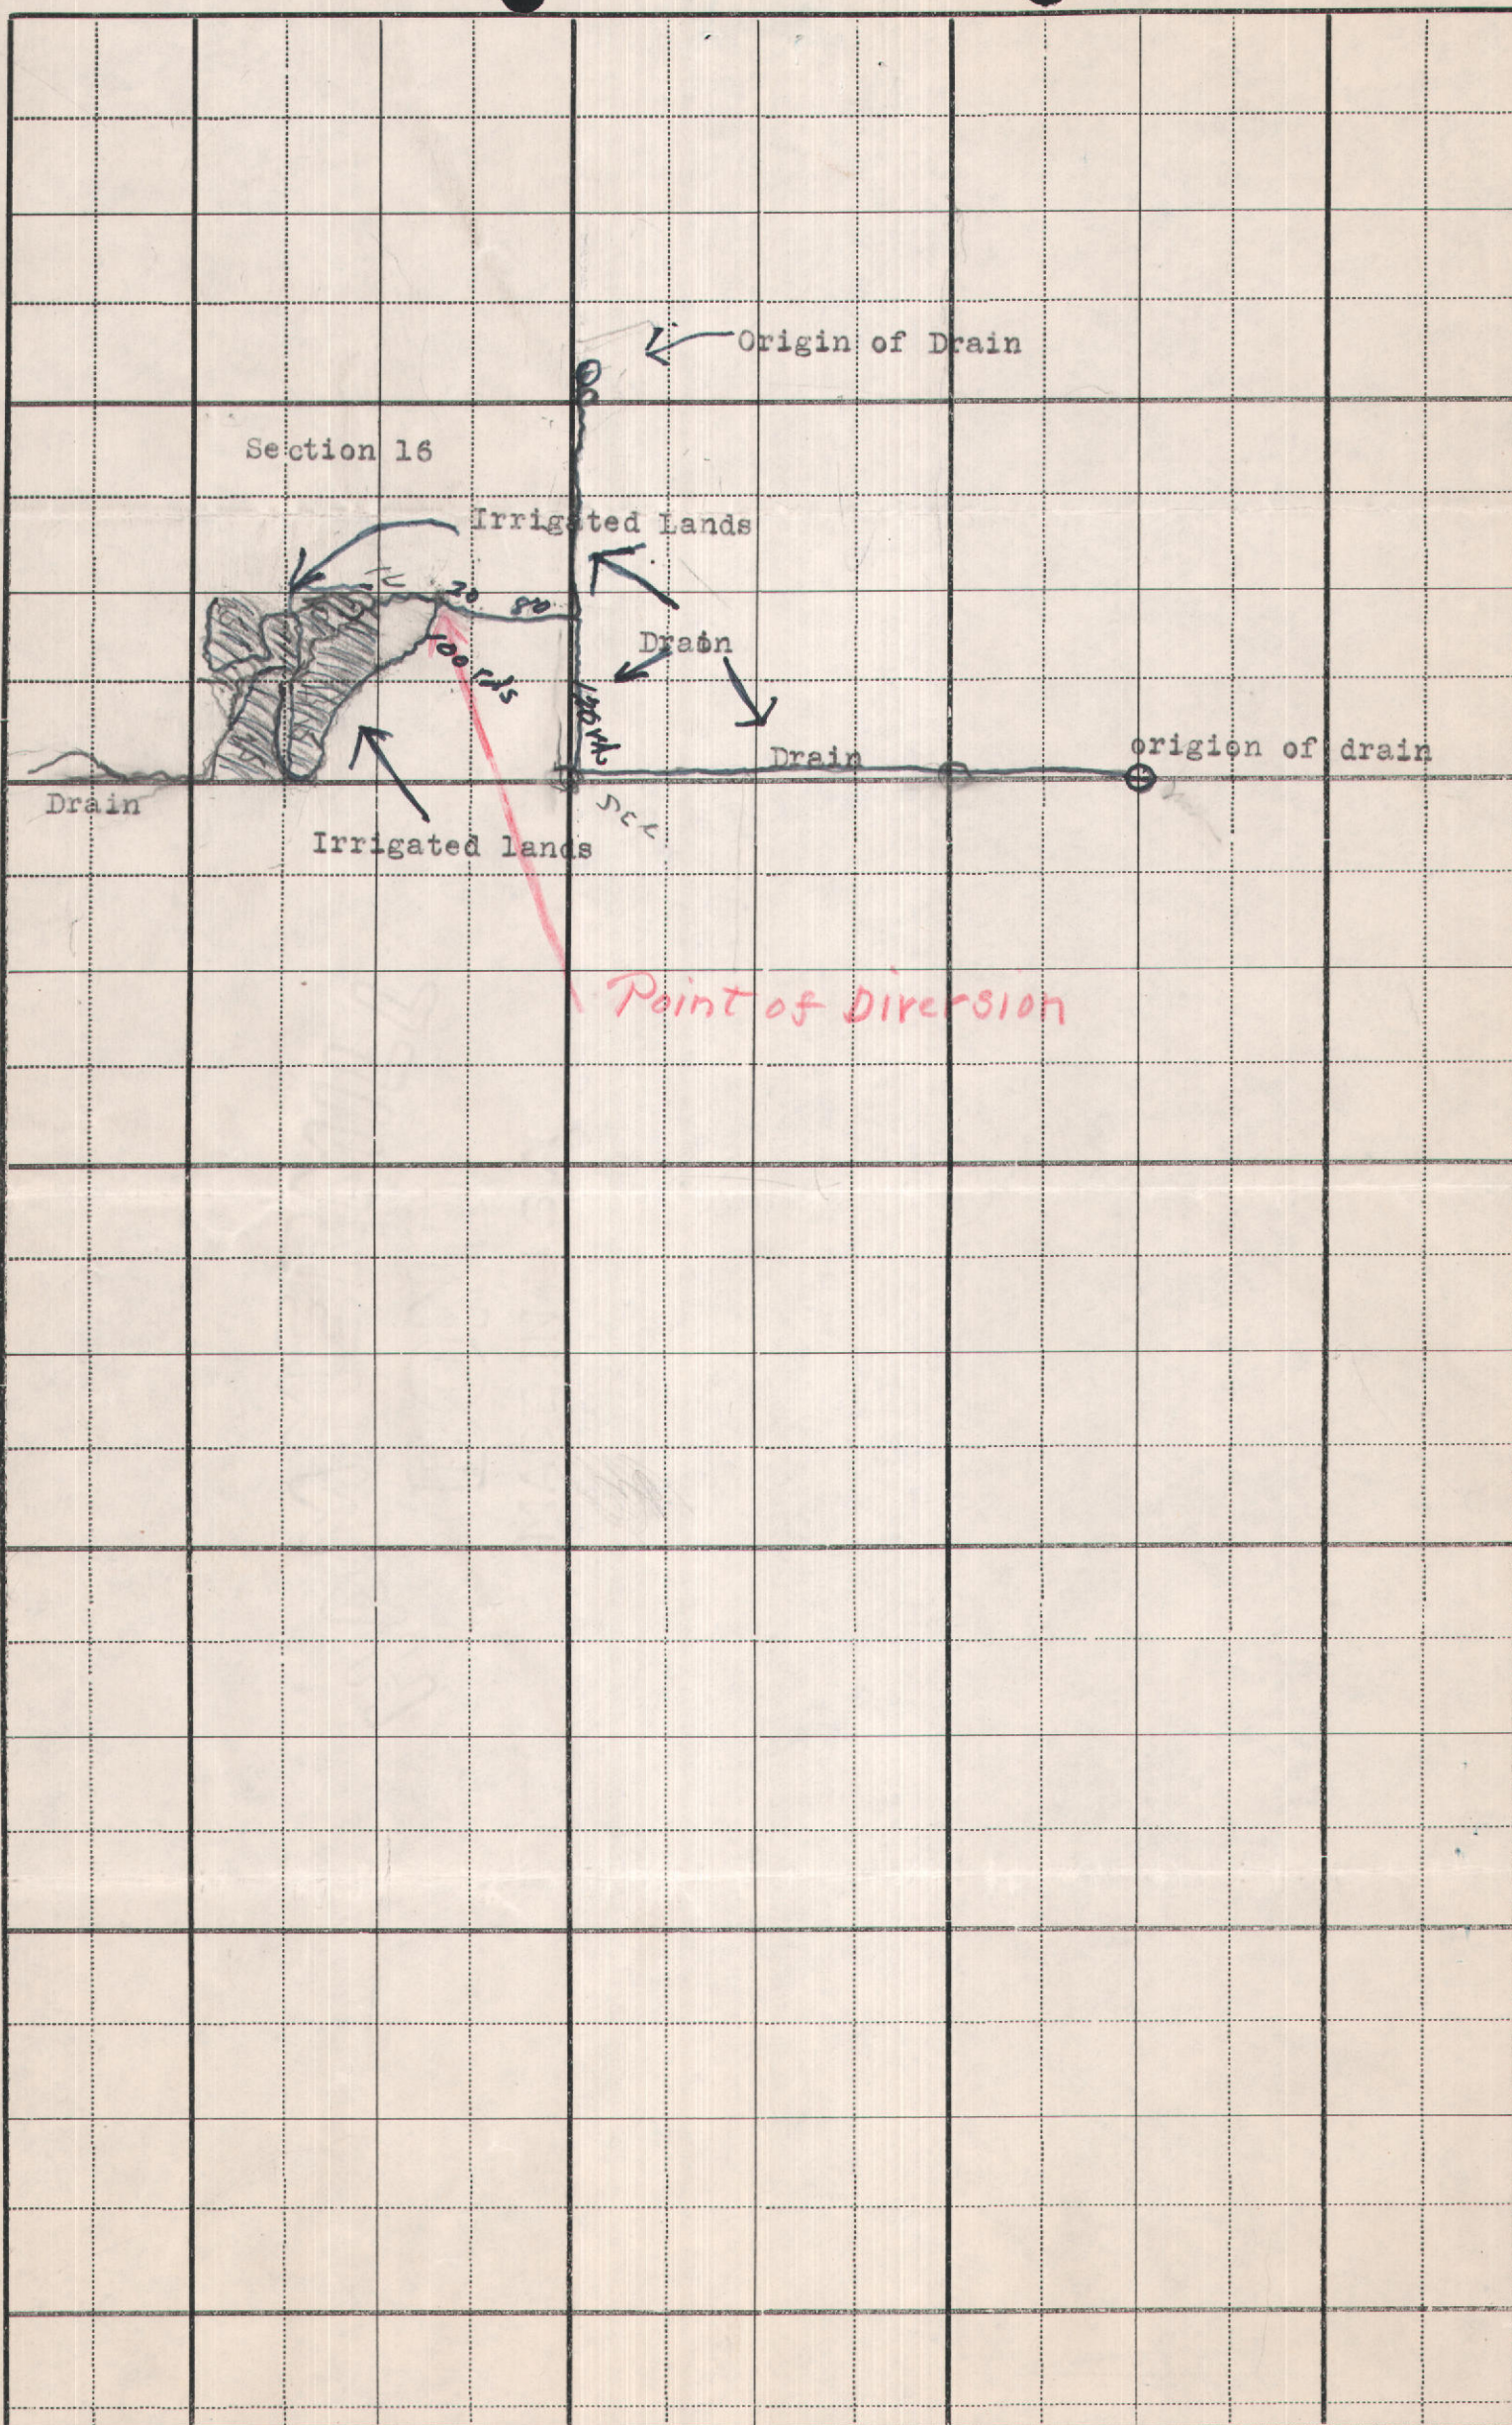

P. S. Our Receipt
No. 18972 is also
enclosed herewith
covering \$5.25.

RWT

E. V. BERG
Commissioner of Reclamation.

BY: _____
DEPUTY COMMISSIONER

19377

November 5, 1942

Mr. George E. Burgi
U.S. Commissioner,
147 No. 1st West Street.
Preston, Idaho.

Dear Mr. Burgi:-

We are in receipt of your letter of October 31, enclosing Application for Permit to appropriate the Public Waters of the State of Idaho, in the name of Fellows & Fellows as applicants.

This application is in due form except for the answer given under question No. 2, where you state the quantity of water claimed varies from $\frac{1}{2}$ to two second feet. The amount of water filed on under this question must show the exact amount of water that the applicant wishes to file on instead of an indefinite amount. According to the amount of fee enclosed with the application we would assume that that the amount of filing would be one second foot, however for 95 acres of land to be irrigated at one inch per acre you would be allowed to prove up on nearly two second feet based on one inch per acre, which amount would cover the approximate maximum flow of the drain.

Please let us know the correct amount of water to be filed on and if the amount is over one second feet it will be necessary to remit more filing fees. Fees are based on \$5.00 for the first second foot and 25¢ additional for each second foot or fraction thereof.

Very truly yours,

E.V. Berg
Commissioner of Reclamation.

RWT.

By, Roy.W.Thompson
Deputy Commissioner.

NOTICE FOR PUBLICATION

**Notice Of Proof Application
Of Water To Beneficial Use**

Notice is hereby given that at
10 a.m. on the 28, day of Janu-
ary, 1943, at Preston, County of
Franklin, State of Idaho, before
George E. Burgi, United States
Commissioner, proof will be sub-
mitted of the application to bene-
ficial use of 2.0 cubic feet per
second of the waters of Preston
City and County Drain in accord-
ance with the terms and condi-
tions of Permit No. 19377 here-
tofore issued by the Commissioner
of Reclamation of the State of
Idaho.

The name and postoffice ad-
dress of the person or corporation
holding said permit are William
E. and Orin V. Fellows of Pres-
ton, Idaho.

The use to which said water
has been applied is irrigation.

The amount applied to benefi-
cial use is Two Cubic feet per
second.

The place where said water is

used SW $\frac{1}{4}$ Section 16 Twp. 15
S., Range 30, E.B.M.

The name of the canal or ditch
or other works by which said
water is conducted to such place
of use is Private ditch.

The right to take water from
such works is based upon Permit
No. 19377.

The source of supply from
which such water is diverted is
Preston City and County Drain.

The date of priority which said
user is prepared to establish is
November 13, 1942.

E. V. Berg,
53-3 Commissioner of
Reclamation.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 19377

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. William E. and Orin V. Fellows
Preston, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Selves Our Selves

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. #19377 dated Nov. 13, 1942 Date of priority is May 1st, 1943

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. City and County Drain Pt. of Diversion is 120 rods north, 80 rods west, and 20 rods North Westerly from the Southeast Corner of Section 16, Tp. 15 So. Range 39 East B.M. and is in Section 26, Tp. 15 So. Rge 39 E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Earthen Dam and Ditch and Levees they are capable of conveying at least two to three second feet of water. This is our private ditch.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation of SW $\frac{1}{4}$ Section 16, Tp. 15 So. R. 39 E.B.M. NE $\frac{1}{4}$, NW $\frac{1}{4}$, SE $\frac{1}{4}$, SW $\frac{1}{4}$ Section 16 Tp. 15 So. R. 39 E.B.M. number irrigated in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, 40 acres NW $\frac{1}{4}$ SW $\frac{1}{4}$, 25 acres SW $\frac{1}{4}$ SW $\frac{1}{4}$, 10 acres SE $\frac{1}{4}$ SW $\frac{1}{4}$ 20 acres. there are 10 acres of meadow land that need water in the dry/ ^{Season} This is Cultivated and there is 85 acres that are cultivated Two homes, ditch fences, Levees and cultivated lands 95 acres.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. none

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. ~~Two hundred feet~~ AT least two ^{second} feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Selves

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. In May 1st, 1913 we first used this water, two ^{second} feet, for ~~drinking~~ Irrigation. We have graduly built our ditches and levies and leveled the land and made it useful and suseptable to irrigation for the 95 acres.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. We have \$200 or 16 shares in the Preston Whitney Irrigation Co. \$450. or 36 shares in Preston Riverdale and Minkcreek Irrigation Co. which we have purchased from these companies to use after high water ~~low water~~. All of this water is needed to Irrigate the above acreage. This is gravelly land and needs much water.

William C. Fellows

(Sign) *Orin V. Fellows*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe ~~that~~ to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Preston, County of Franklin, State of Idaho, on this 28 day of January, A. D. 1943.

PERMIT NO. 19377-----

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. James P. Rasmussen age 67 Preston, Idaho

Probate Judge retired. Farmer before that.

Ques. 2. Are you acquainted with William T. and Erin V. Fellows, the holder of Permit No. 19377? How long have you known him and where does he reside?

Ans. Yes I have known them and the land about 30 years. They reside at Preston, Idaho

Ques. 3. Have you read or heard read said Permit No. 19377, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Preston City and County Drain 120 rds North, 80 Rds West, and 20 rds Northwesterly from the Southeast Corner of Section 16 Tn. 15 So. Range 39 East Boise Mer. Earthen Ditch

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Two second feet. I have seen at least two second feet sometimes three second feet.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Irrigation. SW $\frac{1}{4}$ Section 16 Tp. 15 So. R. 39 E.B.M.
NE $\frac{1}{4}$ SE $\frac{1}{4}$ 40 acres, NW $\frac{1}{4}$ SW $\frac{1}{4}$ 25 acres, SW $\frac{1}{4}$ SW $\frac{1}{4}$ 10 acres, SE $\frac{1}{4}$ SW $\frac{1}{4}$ 20 acres
85 acres cultivated and 10 acres meadow. They built two homes and made ditches and drained swamp and fencing. also built levies.

19377

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. None

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Gravelly soil. I estimate at least 3 second feet needed because of gravelly soil. there is also about 10 acres of swamp drained.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. From 1913 to 1918 I saw this water applied for about once to twice each week and since that time about 2 or three times each year. The water varied in the spring there was considerable water and in the summer the water dwindled and many times there was not very much.

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, January 18, 1943

Re: Permit No. 19377
Wm. L. & Orin V. Fellows

Mr. Geo. E. Burgi
U. S. Commissioner
Preston, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 19377

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On January 28, 1943, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Preston, Idaho before George E. Burgi, U.S. Commissioner

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

JAMES SPOTTORD
Commissioner of Reclamation.

Enclosed find Approval of the Commissioner of Reclamation for extension of time for making proof of beneficial use until January 28, 1943. This should be attached to the original permit.

December 28, 1942

Re: Permit No. 19377
Wm.E. and Orin V. Fellows,

Mr. George E. Burgi,
U.S. Commissioner,
Preston, Idaho.

Dear Mr. Burgi:-

This will acknowledge receipt of notice in duplicate for publication in connection with proof of Beneficial Use, and also your authorization to have the notice published in the Franklin County Citizen of Preston Idaho, all in connection with permit 19377.

A copy of the notice has been sent to the newspaper with instructions to publish it once a week for four consecutive weeks prior to January 28, 1943, the date set for proof.

It was necessary to extend the date set for proof, in order to have ample time for the four weekly publications in the newspaper, therefore the date was changed from your original notice. In order to maintain your priority date, which is the filing date of the application for permit, it will be necessary to fill out the enclosed affidavit, application for Extension of Time for Beneficial Use. This application should be filled out and returned to this office prior to the proof date, otherwise priority date will have to be advanced the length of time that the proof is late.

About ten days prior to the date set for proof, which is January 28, deposition blanks, consisting of one for the holder and one each of two witnesses, will be sent you so that you will have them in ample time for the proof.

On the date designated the holders of said permit should appear at your office, with two disinterested witnesses, who are familiar with the terms of the permit and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours,

E.V. Berg
Commissioner of Reclamation.

Dear Sir:

Under the terms of your permit No. 19377 you are required to complete your diversion works and make proof of Beneficial Use on or before January 18, 1943.

I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of Completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

I also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is January 18, 1943, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Yours truly,

DEPUTY COMMISSIONER

19377

U. S. COMMISSIONER
GEORGE E. BURGI

147 North 1st West St.
PRESTON, IDAHO

November, 10, 1942.

Department of Reclamation,
Roy W. Thompson, Deputy Comm.
Boise, Idaho.

Dear Sir;

Receipt of your letter of Nov. 5th is
acknowledged and inquiry of the Mr. Fellows indicated that
they desire to file on the maximum flow of the drain or
two second feet or fraction thereof to irrigate 95 acres.

There is accordingly enclosed an additional
25 cents in coin to cover the filing fee.

Would you please now advise of our next step to be taken?

Very truly,

A handwritten signature in cursive script that reads "Geo. E. Burgi".

Geo. E. Burgi Agent for Fellows and
Fellows.

November 5, 1942

Mr. George E. Burgi
U.S. Commissioner,
147 No. 1st West Street.
Preston, Idaho.

Dear Mr. Burgi:-

We are in receipt of your letter of October 31, enclosing application for Permit to appropriate the Public Waters of the State of Idaho, in the name of Fellows & Fellows as applicants.

This application is in due form except for the answer given under question No. 2, where you state the quantity of water claimed varies from $\frac{1}{2}$ to two second feet. The amount of water filed on under this question must show the exact amount of water that the applicant wishes to file on instead of an indefinite amount. According to the amount of fee enclosed with the application we would assume that that the amount of filing would be one second foot, however for 95 acres of land to be irrigated at one inch per acre you would be allowed to provide for nearly two second feet based on one inch per acre, which amount would cover the approximate maximum flow of the drain.

Please let us know the correct amount of water to be filed on and if the amount is over one second foot it will be necessary to remit more filing fees. Fees are based on \$5.00 for the first second foot and 25¢ additional for each second foot or fraction thereof.

Very truly yours,

E.V. Berg
Commissioner of Reclamation.
