APPLICATION FOR PERMIT 13-2095

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 21144
Permit No. 14919
District No. 5-J

1. Name of Applicant: **Walter Hawkes, Weslie Hawkes.**

Postoffice address: **Clifton** County: **Franklin** State: **Idaho.**

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(a) Cash on hand:

(c) Bonds to be issued:

(b) Treasury stock:

(d) Other resources:

2. Quantity of water claimed: **1.0** cubic feet per second.

3. Source of water supply: **springs** which is a tributary of **Bear River.**

4. Location of point of diversion: _____ feet distant from the
corner of Section _____, T. _____, R. _____, B. M., and is in the **NW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$**
of Section **16**, T. **14 S.**, R. **38 E.**, B. M., County of **Franklin.**

5. Water is to be used for: **Irrigation and domestic purposes.**

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: _____ feet distant from _____ corner of Section
T. _____, R. _____, B. M., in the _____ of Section _____, T. _____, R. _____, B. M.

(b) Amount of power generated: _____ H. P., under _____ feet head.

(c) Water is to be returned to _____ at a point _____ feet
distant from the _____ corner of Section _____, T. _____, R. _____, B. M., in the
of Section _____, T. _____, R. _____, B. M.

7. Estimated cost of works: \$ **450.00**

8. Kind of works: **Sump, ditch and pump.**

9. Height of dam _____ feet; length of dam at top _____ feet; length of dam at bottom _____
feet; material used in dam _____

10. Size of headgate: Width _____ feet; height _____ feet.

11. Ditch: Width at bottom **2** feet; width at water line **2** feet; depth of water **one**
feet; dimensions of flume _____
Diameter of pipe **6** inches; length of conduit **$\frac{1}{2}$** miles.
Average grade per mile **2** feet.

12. The time required for the completion of such work is **1** years.

13. The time required for the complete application of the water to the proposed use is **no** additional years.

14. The land to be irrigated is described in the following tabulation: **See Remarks.**

15. (a) Is reservoir to be used? **No.** If so, fill in (b) and (c) below.
 (b) Name of reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Walter Hawkes and Applicant.
Weslie Hawkes.

By Walter Hawkes. Agent.

Commissioner of Reclamation
Date of first receipt at office of ~~State Engineer~~ 9 A. M. Aug. 2, 1920.

Returned to applicant for correction Aug. 3, 1920.

Corrected application received Aug. 25, 1920.

APPROVAL OF ^{COMMISSIONER OF RECLAMATION} ~~STATE ENGINEER~~

The number of this permit is 14919
Recorded in Book 58 Page 14919 Approved September 16, 1920.
This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho,
and hereby approve the same, subject to the following limitations and conditions:
Bond in the sum of \$ to be filed on or before
Work to begin on or before November 15, 1920 and to continue diligently and uninterruptedly to completion,
unless temporarily interrupted by circumstances over which permit holder has no control.
One-fifth of the work above specified to be completed on or before March 16, 1921.
The whole of said work to be completed on or before September 16, 1921.
Beneficial use of water appropriated in accordance herewith, to be made on or before September 16, 1921.

Witness my hand this 16th day of September, 1920.

W. G. Swendsen,
~~State Engineer~~
Commissioner of Reclamation.

Remarks: Pump will lift water 7 feet. ~~Equal~~ amounts are claimed from various springs. Springs on NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 16, are on our land.

RE: License No. 14919, Walter & Weslie Hawkes
Permit No. G-29893, O. E. & Dale Ralphs

O. R. Baum
Attorney at Law
Pocatello, Idaho

Dear Mr. Baum:

In the third paragraph of your letter of the 11th you do cite the authority under which this department operates in the matter of controlling flowing or artesian wells. This authority enables us to order the owner of a flowing well to cap and control said well in accordance with the statutes. Before issuing an order we must ascertain that the well is flowing water above the surface of the ground, the location and the owner of the well. At this writing we have no record of an uncapped flowing well in the area mentioned in your letter of the 11th.

In passing it is conceivable that additional control legislation will be enacted as a result of, or in connection with, one or more test cases. This office would indeed encourage such legislature.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Re: Water License No. 14919
Walter & Weslie Hawkes

Permit No. G-29893
O. E. & Dale Ralphs

Mr. P. M. Condie,
Attorney at Law,
Preston, Idaho.

Dear Mr. Condie:

Enclosed are copies of the Water License and of the Permit noted above, as requested in your letter of July 12th.

The original map with Permit No. 14919 shows the springs about 700 feet south of the NW $\frac{1}{4}$ corner of Sec. 16 with diversion from the stream from the springs. The map of Mr. R. L. Sutcliffe, Examiner, does not show the location of the springs, just shows the stream with two points of diversion, one in NW $\frac{1}{4}$ NE $\frac{1}{4}$ and one in NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 16, and he also shows that some of the land irrigated extends into the south part of S $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 9.

Permit No. G-29893 shows the point of diversion about $\frac{3}{8}$ mile or more from the above location of the spring, however, it is the only record we have nearby.

The fee for the copies is \$2.50 which you may remit to this office.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

P. M. CONDIE
ATTORNEY AT LAW
PRESTON, IDAHO

RECEIVED
JUL 18 1962

Department of Reclamation

July 12, 1962.

State Dept. of Reclamation,
Boise, Idaho.

Gentlemen:

It appears that on June 25, 1923, you issued water permit No. 14919 for one cubic foot per second of water from some un-named springs. I should like to have a copy of this permit and will promptly remit your fee on receipt of statement.

Last summer sometime, O. E. Ralph dug a well on adjoining land situated in either the North half of Section 16, or the South half of Section 9, Tp. 14 South, Range 38 E. B. M. If he has a permit, I should also like a copy of that.

It appears that Mr. Ralph has tapped the same source of water as that supplying the springs with the result that the springs are nearly dry. The well is probably 30 rods from the springs.

What information have you on file which might assist in determining whether or not our views are correct? Last summer was a dry one, as you may well know, yet the springs had a good flow all summer and up to the time the well was opened.

Very truly yours,

P. M. Condie

Note, This land lays in peculiar shapes. Description which from Plot in Co. Auditor's Office, Rush, Ind.

R. H. Sutcliffe
Examiner

REPORT OF ENGINEER

This proof is for Beneficial UseIn Water District No. 5-J1. State name of applicant and number of permit: Walter & Weslie Hawkes - 149192. State source of water supply: Spring and Stream arising from spring3. Location of point of diversion: NW $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 16-14S-38E~~NW $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$~~

4. Describe works as they exist, giving dimensions and capacities of same:

In NE $\frac{1}{4}$ SE $\frac{1}{4}$ a pumping plant, consisting of a Hercules, 5 horse power engine and a centrifugal pump with a capacity of 650 gallons per minute. From this pump is a lateral 500 feet in length which is subdivided to cover all of the 30 acres that can be irrigated in the NW $\frac{1}{4}$ NE $\frac{1}{4}$. The main canal is $2\frac{1}{2}$ feet at bottom, 3 feet at top and 8 inches in depth. This area has been sown to sugar beets and alfalfa. In NW $\frac{1}{4}$ NE $\frac{1}{4}$ the water is diverted from a small stream arising from springs in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, and flowing about one sec. foot, by a small diversion dam, of dirt. The water after leaving the creek is subdivided going North and East so as to cover 20 acres of meadow.

5. State whether or not water has been turned into works of diversion: Yes

6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): 30 a. in NE $\frac{1}{4}$ SE $\frac{1}{4}$ and 20 a. in NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 16-14S-38E

See lands on map.

7. Submit map on enclosed plat, showing location and details of above description.

8. How many parties conduct water in this system? The applicant

9. Give names and amount of each right:

10. What large stream would the water here appropriated finally reach? None, sloughs.

11. Describe the various tributaries en route, from point of diversion to the principal drainage stream:

Remarks:

This examination was made on the 24 day of October 1921

Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

(This report must be sworn to when not made by an attache of the office.)

W. G. Swendsen,
Commissioner of Reclamation,
Boise, Idaho.

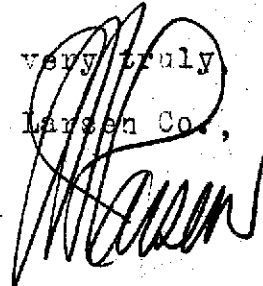

Dear Sir:

In answer to a letter that was sent by you to Messrs. Hawkes & Hawkes at Clifton Idaho, November 8th, calling attention to the report of the examining engineer for proof of beneficial use of water, whereby you state that report shows the land in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ and NW $\frac{1}{4}$ NE $\frac{1}{4}$ instead of the NW $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ NE $\frac{1}{4}$ it should read the NW $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ NE $\frac{1}{4}$.

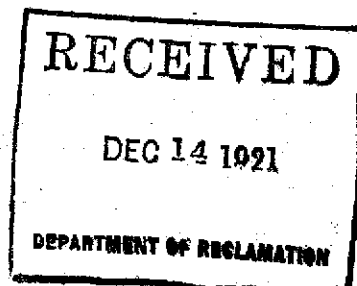

Trusting that this will be satisfactory and that you will make this correction if you will notice the application for permit you will notice it states it as you stated it should be. Authorizing you to make this correction in behalf of Hawkes & Hawkes, I am.

Yours very truly

J. N. Larsen Co.,

NOTICE FOR PUBLICATION

Notice of Proof Application of Water to Beneficial Use.

Notice is hereby given that at 10 a. m. on the 23rd day of September, 1921, at Preston, County of Franklin, State of Idaho, before J. N. Larsen, notary public, proof will be submitted of the application to beneficial use of one cubic feet per second of the waters of certain springs at Clifton, Idaho, in accordance with the terms and conditions of Permit No. 14919 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are: Walter Hawkes and Weslie Hawkes, Clifton, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is one second ft.

The place where said water is used 30 acres in NE $\frac{1}{4}$ NE $\frac{1}{4}$ and 20 acres in NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 16, 14 S, 38 E.

The date of the priority which said user is prepared to establish is August 2, 1920.

W. G. SWENDSEN,
Commissioner of Reclamation.

STATE OF IDAHO

COUNTY OF FRANKLIN

I Walter Hawkes do sol-

emly swear that I am one of the publishers of the FRANKLIN COUNTY CITIZEN, a weekly newspaper of general circulation published each week at Preston, Idaho; that the notice attached hereto and which is a part of this affidavit, and a part of the proof of publication, was published for four consecutive weeks, the first publication having been made on the 31 day of August and the last on the 21st day of September 1921 that said notice was published in the

regular issue of every number of the paper during the periods and times of publication, and that the said notice was published in the newspaper and not in a supplement.

Subscribed and sworn to before me this

1st day of October 1921

Notary Public

I, _____ register, do hereby certi-

fy that a notice, a printed copy of which is hereto attached, was by me pasted in a conspicuous place in my office for a period of thirty days, I having pasted said notice on the _____ day of _____ 191 _____

Dear Sir:-

Enclosed please find Deposition of
Permit Holder and Depositions of Two Witnesses
in the matter of Permit No. 14919 Walter Hawkes
and Wesley Hawkes.

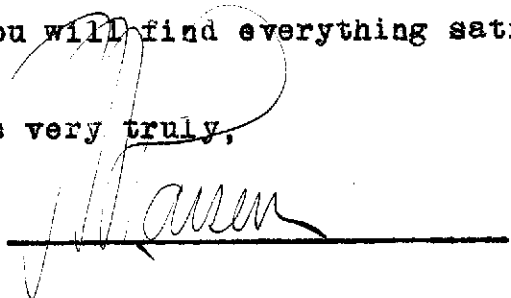

These Depositions were taken on September
23rd as asked to be taken.

There were no contests whatever made.

Trusting that you will find everything satis-
factory, I am

Yours very truly,

JNL/CB

A handwritten signature, likely of J. N. Larsen, is written over a horizontal line. The signature is in cursive and appears to be "J. N. Larsen".

14919

PERMIT NO. _____

Proof of Application of Water to Beneficial Use**Deposition of Holder**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Walter J. Lankes, 69, Ruston Ida, FarmerWesley J. Lankes, 30, Clifton Ida, Farmer

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. The Corporation

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 14919, Aug. 25, 1920

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Spring which are tributary to Bear River, NW 1/4 NE 1/4, NW 1/4 NW 1/4 of Sec. 16, Tp. 14, S. R. 38 E. 38 N., Franklin County, Idaho

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Ditch, ditch and pump, ditch 2 ft. at bottom, water line 2 ft. 10 in. at one foot, 1000 ft. of pipe 6 inches length of conduit 16 ft., gate per mile 2 ft.

Ques. 6. State for what purport water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivate or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Water is used for irrigation on the NW 1/4 NE 1/4, NE 1/4 NE 1/4, Sec. 16, Tp. 14, S. R. 38 E. 38 N., Franklin Co., Idaho. Land through the application of water has been made into first class ^{dry} but-land.

Ques. 7. If for other than for irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the specified above?

Ans. One second foot

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

14919

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water was used by us on the land in question for the irrigation seasons of 1920 and 1921, it was pumped from the springs to the land by a gasoline engine we have used approximately one second foot of water during each of the irrigation seasons mentioned.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and right claimed thereunder.

Ans. None

(Sign)

Walter Hawkes
Walter Hawkes

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Preston County of Franklin State of Idaho, on this 23rd day of Sept A. D. 1921.

Hansen
Notary Public

14919

Permit No.

Proof of Application of Water to Beneficial Use**DEPOSITION OF WITNESS**

Ques. 1. State your name, age, residence, occupation and postoffice address,

Ans. E. C. Smith, 44 years, Pocatello, Idaho, Manager of C.W. & M. Co.,
Branch at Pocatello IdahoQues. 2. Are you acquainted with Walter Hawker and Wesley Hawker, the holder of Permit No. 14919? How long have you known him and where does he reside?Ans. YesQues. 3. Have you read or heard read said Permit No. 14919, and are you familiar with its provisions and conditions?Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. unnamed springs tributary to Bear River, NW 1/4 NE 1/4, NE 1/4 NW 1/4, Sec. 16, T. 14 S. R. 38 E. B. M. Gasoline engine and pump through pipeline onto a gravity ditch.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. One second foot

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation, on NW 1/4 NE 1/4, NE 1/4 NE 1/4, Sec. 16, T. 14 S. R. 38 E. B. M., land is cultivated and is first class sugar beet land, due to use of water. 30 acres have been watered in NW 1/4 NE 1/4 + 20 acres in the NW NE 1/4

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land reclaimed is suitable for sugar beets or any other crop that can be raised in this altitude, would consider one second foot of water sufficient for this land.

14919

14919

Ques. 9. Have you any interest in the works, water or lands above mentioned? If ☒ in

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Pump was installed in 1929 and water has been used on land in question ever since.

(Sign) E. Vernon Howell

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Preston County of Franklin, State of Idaho, on this 23rd day of September A. D. 1931.

INSTRUCTIONS

PROOF OF BENEFICIAL USE

BOISE, IDAHO, **Sept. 1, 1921.**

Walter Hawkes,

c/o J. N. Larsen,
Preston, Idaho.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under Permit No. ~~14919~~.

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On ~~Sept. 23, 1921~~, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to at ~~Preston, before J.N. Larsen, notary public.~~

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice. When these have been received, together with report of examining engineer, you will be further advised as to fees due before issuing license.

Yours truly,

W. G. SWENDSEN,

Commissioner of Reclamation.

Re: Permit 14919.

J. H. Larsen Co.,
Preston, Idaho.

Gentlemen:

Since mailing the notice for publication in connection with proof of beneficial use of water under the above numbered permit, we find that The Preston News, to which paper the notice was mailed, is not qualified to accept legal notices for publication. Therefore, it is necessary that this publication be run for four weeks in another paper. We are this day mailing copy of this notice for the four weeks publication to the Franklin County Citizen, setting September 23rd as the date for making proof. We trust that moving this date for proof up one week will not inconvenience the permit holder or witnesses. No rights will be forfeited by the holder in making this proof on September 23rd instead of September 16th as first set.

This publication has been run for one week in the News, but we have wired them, stopping any further publication in that paper.

Very truly yours.

W. G. SWENDSEN,
Commissioner of Reclamation

} ss.

Walter Hawkes

, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 14919, and that his postoffice address is Clifton State of Idaho

Second: That the name of the stream from which said water is to be diverted is Spring

Third: That the point of division of said water is in the NW 1/4 of NE 1/4 of Sec. 16, T. 14 N. R. 38 E. B. 1 W.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by Sept 16, 1921.

Fifth: That the use for which said water is intended is irrigation

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: Small dam & sump + pump fully equipped installed on 8 ft lift.
(Reservoir, dam, ditch, flume, pipe or otherwise.)

II. Dimensions of work:

(a) Height of dam 2 feet, length of dam at top 6 feet, length of dam at bottom 4 feet. Material used in construction earth

(State whether wood, earth, stone or concrete.)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width 2 feet, height feet.

(d) Conduit ditch width at bottom 2 feet, width at water line 2 feet, depth of water 1 feet; diameter of pipe 6 inches, average grade per mile is 2 feet. Length of conduit is 1/2 miles.

Seventh: That said works are capable of conducting to the place of intended use one second feet of water.

Eighth: That water appropriated under said permit is available for 20 acres of land described as follows: 30 acres in the NE 1/4 of NE 1/4 of Sec. 16, T. 14 N. R. 38 E. B. 1 W.

Ninth: Remarks: That Pump was installed Aug 15, 1920 and water was used through it, and is still in use, and works are fully completed

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

June 6, 1921.

Mr. Walter Hawkes,
Clifton, Idaho.

Dear Sir:—

Under the terms of your permit No. **14919**-----, you are required to complete your diversion works on or before **Sept. 16, 1921.**----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

State Engineer.
