Department of Reclamation

Application For Transfer of Water Right

STATE OF IDAHO

County of Caribou

ss.

Ralph L. Hansen

, being first duly sworn, deposes and says:

That his name is Ralph L. Hansen; that he is of lawful age, a citizen of the United States and of the State of Idaho, and that his postoffice address is

Rural Route #1, P.O. Box 89, Grace, Idaho

See Attachment 1, 2, 3, 4, & 5

That he is the owner and using a certain water right, bearing date of priority of 19,

for 5.0 cubic feet per second of the waters of See Attachment 1, 2, 3, 4, & 5

County of Caribou, State of Idaho, decreed to Percy L. Turner - Joseph Hansen

by decree of Judge Wietrich of the U.S. District Court, Eastern Division

Idaho, in and for the county of Caribou, in the case of Utah Power & Light Company

vs. Last Chance Canal Co., Ltd. et al, said decree bearing date of July 14, 1920

and xxx obtained by virtue of License No. 12112, issued by the State Department of Reclamation of

the State of Idaho, dated September 13, 1920, bearing date of June 9, 1917

for the purpose of irrigating the following described lands situate, lying and being in Water District

No. 5 in the County of Caribou and State of Idaho, to-wit:

See Attachment 1, 2, 3, 4, & 5

and is the person (or representative of the corporation) to whom such right so issued, or has become the owner thereof in the following manner, i.e., by mesne conveyances from original licensee, and former owners

as per abstract of title of said water right hereto attached and made a part of this statement;

That said waters are now diverted from said stream in the See Attachments 1, 2, 3, 4, & 5 of Section , Township , Range , B. M., and con-

ducted to the above described lands through Hansen & Elmore ditch,

as per map herewith and of this affidavit made a part.

CHANGE IN PLACE OF USE

That affiant and petitioner desires to abandon the use of cubic feet per second of said water upon the above described land, and to convey and use same upon the following tract, situate, lying and being in the County of and State of Idaho, to-wit:

That reasons for desiring to make such transfer are as follows:

13 2072

That he intends to divert and convey said second feet of water to the tract of land last above described in the following manner and as per map accompanying this application:

Note—If this water right has heretofore been carried jointly in a ditch with other water, affiant should secure written consent of other owners or users to removal from its original carrier and file such consent with this affidavit.

CHANGE IN POINT OF DIVERSION

That affiant desires to change the point of diversion of said waters from the point above described to a point located in SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 17, Township 10 S., Range 40 E., 3rd M. and thereafter conduct same to the above described land through the pipeline ditch, as per map appended.

That his reasons for desiring to make such change are as follows: In order to convert to a gravity flow sprinkler system, which will enable applicant to better irrigate his land and make more efficient use of the water.

Petitioner asserts that no one will be injured by such transfer, or change in point of diversion, and that the change will be made at petitioner's own risk.

WHEREFORE, Affiant and Petitioner prays that the State Reclamation Engineer of the State of Idaho issue to him the proper certificate authorizing such change in point of diversion and/or place of use, in accordance with the provisions of Sections 42-108 and 42-222 of the Idaho Code.

Ralph T. Hansen
Applicant.

Subscribed and sworn to before me this 15th day of December, 1911

Ray E. Higgins
Notary Public.

APPLICANT WILL ANSWER THE FOLLOWING QUESTIONS:

From what stream is the water diverted? Unnamed springs, tributary of Bear River

Where is the diversion point located? NE $\frac{1}{4}$, sec. 17; SE $\frac{1}{4}$, sec. 20; NE $\frac{1}{4}$, sec. 20; T. 10 S., R. 40 E., 3rd M.

Through what ditch is it now conducted? Hansen and Elmore Ditch

How much land is now irrigated by the water sought to be transferred? 100 Acres

Give the description: SE $\frac{1}{4}$, Sec. 17, Sec. 20, T. 10 S., R. 40 E., 3rd M.

What is the total amount of water in inches, or second feet, dedicated to said land? 3.0

What kind of crops are being raised? Hay and grain

How much water per acre is now required to irrigate said land? 1.5 inches per acre by flood irrigation is necessary to properly irrigate this land. We use all we can get.

What will be the effect on the land now irrigated, if the use of water on it is discontinued?

No irrigation is to be discontinued

Give location of new point of diversion, if change is to be made Section 17, T. 10 N., R. 40 E., S. 20 N.

Through what ditch will it be conducted after transfer? Pipeline

How much water will be required per acre to irrigate the land to which this water is transferred?

One inch per acre, by sprinkler, will probably reasonably irrigate this land

Do you claim any other water right for the land from which you seek to abandon the use of this water?

If so, give amount, date and source None

Is there any other water right for the land to which you seek to make this transfer? If so, give amount, date and source None

Signed Ralph Hansen
Applicant.

STATE OF IDAHO,

County of Caribou

ss.

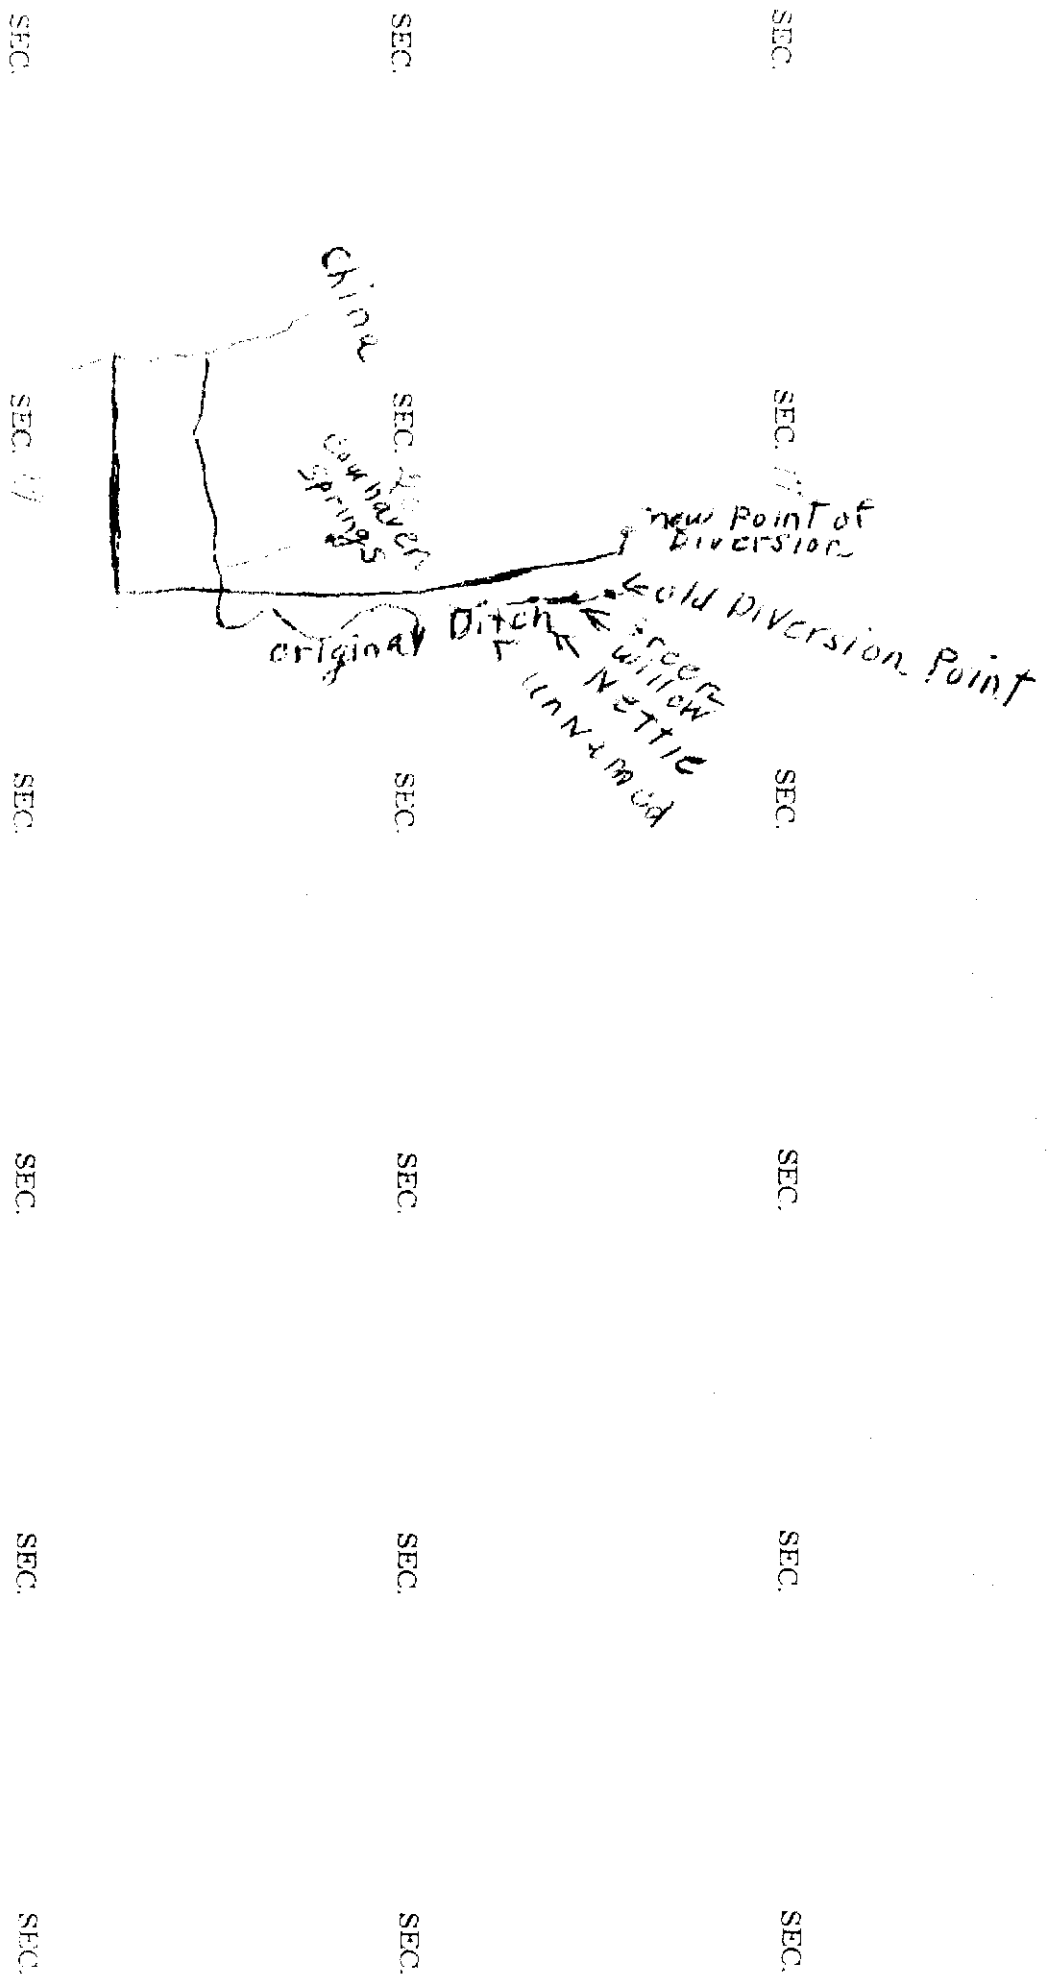

I, D. RUSSELL STOKER, Watermaster of Bear River

Water District No. 5, County of Caribou, State of Idaho, whose postoffice address is Soda Springs, Idaho, have read or heard read the foregoing affidavit and petition

of Ralph Hansen, and, of my own knowledge, believe the same to be true as to all matters therein alleged, and that no one will be injured by the transfer prayed to be authorized; and I hereby endorse my approval of said petition, and request that the State Reclamation Engineer issue the certificate of transfer as petitioned; or (do not approve of the issuance of the certificate of transfer prayed for) for the following reasons: *There is provided that a means of measurement be made of the water in the pipeline.*

License and Certificate of Water Right

1102
Turner

Water License No. 12112

Amount 2 sec. ft.

Water District No. 5-D

Priority June 9, 1917.

THIS IS TO CERTIFY that JOSEPH L. HANSEN, of Turner, Idaho, made application for a permit to appropriate the public waters of the State of Idaho, dated April 15, 1916; that Permit No. 12112 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 3 second feet, was issued thereunder on June 15, 1918, showing that said works were completed on the 4th day of May, 1919; and that on the 1st day of July, 1919,

JOSEPH L. HANSEN,

of Turner, State of Idaho, made proof to the satisfaction of the Commissioner of Reclamation, State Engineer of Idaho, of a right to the use of the waters of unnamed springs, a tributary of Bear River, for the purpose of irrigation use, under Use Permit No. 12112 of the State Engineer, and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State Commissioner of Reclamation, State Engineer of Idaho and entered of record in Volume 5 of Licenses, at page 2631, on the 13th day of September, 1920;

The right hereby confirmed dates from June 9, 1917;

The Point of Diversion is located
(1) SE SE 17
in the (2) SE 1/4 NE 1/4, Sec. 20, Twp. 10 S., R. 40 E., B.M.
(3) NE SE 20 County of Barnock.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 2 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
10 S.	40 E.	29	NE 1/4 NE 1/4	40	40
			NW 1/4 NW 1/4	40	
			SE 1/4 NE 1/4	40	30
			NW 1/4 NE 1/4	40	30

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the Commissioner of Reclamation, State Engineer, affixed at Boise, Idaho, this 13th day of September, 1920.

W. Q. SWEDSEN,
Commissioner of Reclamation, State Engineer

By S. T. BAER,
Deputy.

Permit No. 12112.

APPLICATION FOR PERMIT 13-2072

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

District No. 5-D.

1. Name of applicant: Joseph L. Hansen

Postoffice address: Turner

County: Bannock

State: Idaho

I. If applicant is a corporation, give

- (a) Date and place of incorporation:
- (b) The amount of capital stock:
- (c) The amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are: (a) Cash on hand:

- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. The quantity of water claimed is three (#1-74 miners inches
#2-38 " " cubic feet per second.
#3-37 " ")
3. Source of water supply: Unnamed Springs which are a tributary of Bear River.
4. Location of point of diversion: See remarks.

County of Bannock.

5. To be used for irrigation.

- I. Irrigation and domestic use: (a) Amount of land to be irrigated: 160 acres.
(b) In the following legal subdivisions:

II. Mining, milling, power, manufacturing, transportation or other purposes:

(a) At what point:

(b) Amount of power to be generated:

H. P. under ft. head

(c) Is water to be returned to any stream?
point of return:

(d) If so, name stream and locate

6. Estimated cost of works: \$800.00

7. Description of works for diversion:

I. Kind of works: ditch and flume

II. Dimensions of works:

(a) Height of dam none feet, length of dam at top feet,
length of dam at bottom feet. Material used in construction:

(b) Capacity of reservoir acres feet. (c) Size of headgate, width none feet,

Height feet. (d) ~~Conduit~~ Ditch: width at bottom four feet,

width at water line four & one-half feet, depth of water three feet; diameter of pipe

none inches; average grade per mile is 10 feet. Length of conduit is 1 1/4 miles,
and it crosses the following quarter sections:

Dimensions of flume: 4 ft. x 4 ft. x 1 1/2 ft. x 15 ft. long.

8. The time required for the completion of the construction of such work is two years.

9. Time required for the complete application of the water to the proposed use is no additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

Joseph L. Hansen

Applicant.

Agent.

Date of first receipt at office of State Engineer 8:00 A.M. April 15, 1916.

Returned to applicant for correction April 19, 1916.

Corrected application received April 28, 1916.

APPROVAL OF STATE ENGINEER

The number of this permit is 12112

Recorded in Book 41 Page 12112 Approved May 6, 1916.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of _____ to be filed on or before _____
Work to begin on or before July 5, 1916, and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before May 6, 1917

The whole of said work to be completed on or before May 6, 1918

Beneficial use of water appropriated in accordance herewith, to be made on or before

May 6, 1918

Witness my hand this 6th day of May, 1916.

J.H. Smith.

State Engineer.

Remarks:

14. The land to be irrigated is described in the following tabulation:

Twp.	Range	Sec.	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SE $\frac{1}{4}$	SW $\frac{1}{4}$	Totals.
10 S.	40E.	29	40-40-	-40-	Joseph L. Hansen owner.	120	
10 S.	40 E.	29	-40-	Joseph L. Hansen, Owner	40		

Total Number of Acres to be Irrigated-160

15-(a) Is reservoir to be used? No.

Points of diversion Nos. 2 and 3 are on lands owned by Edward J. Turner and No. 1 on Government land. Point of diversion No. 1 in SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 17, T. 10 S., R. 40 E. Point of Diversion No. 2 in SE $\frac{1}{4}$ NE $\frac{1}{4}$ sec. 20, T. 10 S., R. 40 E. Point of Diversion No. 3 in NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 20, T. 10 S., R. 40 E. Spring No. 1 is on vacant Government land. Separate affidavit duly executed, relative to and granting permission of the party owning the lands whereon points Nos. 2 and 3 for filing on and diverting water at said points, attached hereto.

Turner, Idaho, April 1, 1916.

To whom it may concern:

I, the undersigned, depose and say: That I am the owner of the Southeast Quarter of the Northeast quarter and the Northeast Quarter of the Southeast Quarter of Section 20, Township Ten south, Range forty East Boise Meridian, and I do hereby grant unto Joseph L. Hansen, of Turner, Idaho the right to divert the waters of two certain springs, one located on each of said subdivisions.

Edward J. Turner.

Subscribed and acknowledged before me this 4th day of April, 1916.

John Allsop,

Notary Public.

Residence: Grace, Idaho.

Notarial Seal.

Proof of C.W. made 5-4-18

Permit No. 12112

CERTIFICATE OF COMPLETION OF WORKS

To All Whom It May Concern:

This is to certify that JOSEPH L. HANSEN of Turner, County of Bannock, and State of Idaho, the holder of Permit No. 12112, issued upon Application No. 17436, bearing date of priority of April 15, 1916, authorizing the diversion of three (3) second feet of the waters of unnamed springs, County of Bannock, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use three (3) second feet of the waters of unnamed springs; that the points of diversion of said waters are as follows: Spring No. 1 in SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 17, T. 10 S., R. 40 E.B.M.; Spring No. 2 in SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 20, T. 10 S. R. 40 E.B.M.; Spring No. 3 in NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 20, T. 10 S. R. 40 E.B.M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: NE $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ -NE $\frac{1}{4}$ and NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 29, T. 10 S. R. 40 E.B.M.

WITNESS my hand this 15th day of June, A. D. 1918.

FRED A. WILKIE
State Engineer of the State of Idaho

STATE OF IDAHO,)
) ss:
COUNTY OF BANNOCK,)

Joseph L. Hansen being first duly sworn, upon his oath deposes and says:

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 12112

That he intends to change the point of diversion, as described in said permit to the following described point: SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 17 and NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 20, T. 10 S. R. 40 E. B. M.

That such change will be made for the following reasons, to-wit: that the original point of diversion as given was in error on account of not being able to establish the section lines correctly and that the applicant has secured a surveyor to locate the springs on the proper sub-divisions of Sections 11 and 20 and that the point of diversion as now located is correct.

That no one will be injured by such change and that deponent will make such change at his own risk.

And further deponent saith not.

(SEAL)

Subscribed and sworn to before me this 14th day of October, 1919.

RE: Permit No. 3959
James A. Elsmore
Permit No. 12112
Joseph L. Hansen

The First National Bank
Grace, Idaho

Attention: Mr. Rex Whitehead

Dear Mr. Whitehead:

In reply to your letter of May 5th the following is on record here: Permit No. 3959, James A. Elsmore, obtained license for 2.0 c.f.s. from 3 unnamed springs on October 2, 1911. One spring on the southside of NW $\frac{1}{4}$ SE $\frac{1}{4}$, one on the northside of NE $\frac{1}{4}$ SE $\frac{1}{4}$, one on the northside of NE $\frac{1}{4}$ NE $\frac{1}{4}$, all in Section 20, Township 10 South, Range 40 E.B.M., Bannock County. Priority: July 31, 1908.

Permit No. 12112, Joseph R. Hansen, obtained license for 2.0 c.f.s. from 2 unnamed springs on September 13, 1920; one spring in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, and one spring in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, all in Section 20, Township 10 South, Range 40 E.B.M., Bannock County. Priority: June 9, 1917.

If we can be of further assistance, please notify.

OMB:MW

REPORT OF ENGINEER

This proof is for beneficial use.In Water District No. 5 D.

1. State name of applicant and number of permit: Joseph L. Hansen. Permit 12112.
2. State source of water supply: unnamed springs.
3. Location of point of diversion: (1) SE4SE4 sec. 17. (2) SE4 NE4 sec. 20,
(3) NE4 SE4 Sec. 20, all in T. 10 S. R 40 E. B.M.
4. Describe works as they exist, giving dimensions and capacities of same:
(1) Flume 2' B. 10" D. to ditch, 2' B. 1' D. Cap. 2 sec. ft.
(2) E. dam 2' H. 3' L. to same ditch.
(3) E. dam 2' H. 15' L. to same ditch.
5. State whether or not water has been turned into works of diversion: Yes.
6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): NE4 NE4, NW4 NE4, SE4 NE4, NW4 NW4, Sec. 29, T. 10 S. R 40 E. B.M.
7. Submit map on enclosed plat, showing location and details of above description.
8. How many parties conduct water in this system? One.
9. Give names and amount of each right:
10. What large stream would the water here appropriated finally reach? Bear River.
11. Describe the various tributaries en route, from point of diversion to the principal drainage stream: Direct to Bear River.

Remarks: NW4 NE4 Sec 29, - 30 A. in cultivation.NE4 NE4 " 40 A "SE4 NE4 " 30 A "NW4 NW4 " Not irrigated from these springs.This examination was made on the 15 th day of May 19 20.

(Signed)

Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

NAME OF APPLICANT Jas. L. Hansen # 121

December 5, 1919.

Re: Permit 12112, Joseph L. Hansen.

Mr. F. E. Logue,
Bancroft, Idaho.

Dear Sir:

With reference to your letter of November 6, in which you enclose corrected affidavit for change of point of diversion, under the above numbered permit, will say that this affidavit is in acceptable form and has been placed on record in this office, together with one copy of the map. The original affidavit and duplicate map are herewith returned to you for the holder's own file. No further action can be taken on this proof until the required examination can be made by a representative from this office. This cannot be done before spring weather opens, at which time we expect to have a man in the field for the purpose of making examinations on proofs made through the winter. As soon as this report has been made the holder will be further notified as to fees required. In regard to the fees, however, I would say that the statutory fee for proof of beneficial use of water is \$2 for each forty-acre tract, or fraction, under cultivation and irrigation at the time the proof is made.

Yours very truly,

W. G. SWEDSEN,

Commissioner of
Reclamation,

Dear Sir:-

Mr. Joseph L. Hansen brought the inclosed papers to my office and called my attention to the fact that I had failed to sign my name and affixed my seal to the Notary certificate. I have completed this certificate and am returning the same to you. Mr. Hansen took your letter with him and I am not sure as to what officer I should mail these papers. Would thank you to deliver to the proper department and would especially appreciate the favor if you would advise me and say if everything is now all right. Mr. Hansen's letter stated that his proof had been accepted.

Yours very truly,

October 14th. 1919

Mr. W. G. Swendsen, Commissioner

Boise, Idaho

Dear Sis;

As per your instructions I am submitting application for change of point of diversion under my permit #12112 also corrected map, I hope the delay will not jeopardize my right, I have been trying to get an Engineer to help me establish the proper location and was not able to secure one until just a few days ago, I was afraid to try to do it myself as I was very anxious to get it exactly right this time.

Please advise me as soon as convenient for you to do so, as to whether I have fulfilled all requirements, if there is anything else necessary for me to do, please instruct me and the courtesy will be greatly appreciated.

Yours very truly,

Joseph L. Hansen

July 5th
1919

In re: Permit 12112

Joseph L. Hansen
Turner, Idaho

Dear sir:

This will acknowledge receipt of proof of beneficial use under the above numbered permit, also letter accompanying same.

It will be necessary for you to make application for change of point of diversion on the blank herewith inclosed for that purpose; the blank map forms are to be submitted in duplicate.

The date of priority was brought down under your permit as provided by the statutes a length of time figured from the date you should have submitted proof as set out in the permit, and the date you actually submitted proof; as said, we are obliged to do this under our present laws.

You are correct in stating that your permit describes lands to be irrigated in the NW 1/4 of Sec. 29, T. 10 S., R. 40 E. B. M., but inasmuch as you do not state that any of such lands have been reclaimed, when the matter of issuing license is taken up, such forty acres will not be included in the license.

Yours very truly

W. G. Swenson
Commissioner of
Reclamation

By:

FRED E. LOGUE
REALTOR

41

BANCROFT, IDAHO.

July 3, 1919.

State Engineer,
Boise, Idaho.

Dear Sir:-

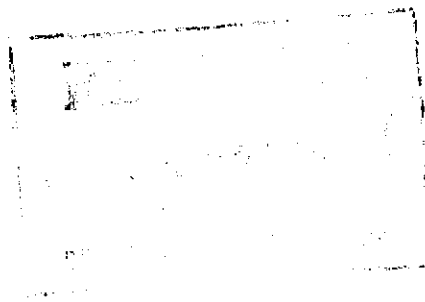

I am inclosing proof of application of water to beneficial use by Joseph L. Hansen of Turner, Idaho, under permit No. 12112, also deposition of witness.

This proof was made before me on July 1st, 1919 at my office at Bancroft, Idaho. It appears that Mr. Hansen has made some errors in connection with his filing. I believe that the errors were made purely through ignorance, and were in no wise intentional. Mr. Hansen dictated a letter to you in regard to this proof which I am inclosing herewith.

Yours very truly,

F. E. Logue

FL.RH

12112

Turner, Idaho.
July 1st., 1919.

State Engineer,
Boise, Idaho.

Dear Sir:

I am submitting proof of application of water to beneficial use under permit No. 12112. After going over the proposition carefully I find that some mistakes have been made. In the first place it appears that my application and permit designates ⁱⁿ the NW $\frac{1}{4}$ of the NW $\frac{1}{4}$ Section 29, township 10, Range 40 as being a part of the land intended to be irrigated. This is purely a mistake and I do not understand just how it came to be made as the N $\frac{1}{2}$ of the NE $\frac{1}{4}$ and SE $\frac{1}{4}$ of the NE $\frac{1}{4}$ section 29, township 10 range 40 is the only land on which I can use this water and for which it was intended to be appropriated. It also appears that the location of the springs are in error. I find that I was mistaken as to the way the lines actually run and as to the subdivisions in which the springs are really located. Spring No. 1 and 2 as near as I can tell now are located in the SE $\frac{1}{4}$ of the SE $\frac{1}{4}$ section 17 and Spring No. 3, NE $\frac{1}{4}$ of the NE $\frac{1}{4}$ section 20 all in township 10, range 40.

It also appears that Edward J. Turner was mistaken in regard to the quarter sections in which the springs No. 2 and 3 were located and as near as I can tell at this time No. 3 is the only spring that was actually located on his land. I am also somewhat doubtful as to the date of priority that I am suppose to establish. It is advertised in the paper as of June 9-1917. I also note that the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of sec. 29 was left out of the advertisement in the Gem Valley Progress at Grace as you will see by the clipping attached to affidavit.

I have faithfully performed all of the works and improvements required to divert and use the water applied for and it was not my intention that these errors should be made, I have used the water constantly during the irrigation seasons of 1916-17-18 and 19 and would like to have your advice as to whether my proof will be accepted as it stands and will my title be good to

the water applied --- for under my permit No. 12112, or
will it be necessary for me to take further steps to
perfect my title?

Please advise me fully in regard to this. Thanking
you in advance for prompt attention, I am

Yours truly,

Joseph L. Hansen

NOTICE FOR PUBLICATION

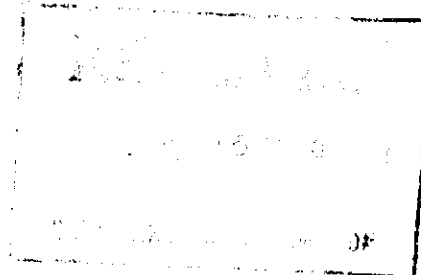

Notice of Proof of Application of Water to Beneficial Use.

Notice is hereby given that at 11 a. m. on the 1st day of July, 1919, at Bancroft, county of Bannock, State of Idaho, before Fred E. Leake, notary public, proof will be submitted of the application to beneficial use of Three (3) cubic feet per second of the waters of unnamed springs in accordance with the terms and conditions of Permit No. 12112 heretofore issued by the State Engineer of the State of Idaho.

1. The name and post office address of the person or corporation holding said permit are Joseph L. Hansen Turner, Idaho.
2. The use to which said water has been applied is irrigation and domestic purposes.
3. The amount applied to beneficial use is Three (3) second feet.
4. The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) ne 1-4 ne 1-4, nw 1-4 ne 1-4 & nw 1-4 nw 1-4 sec 29, tp 19 s. R 40 E. B. M.
5. The date of the priority which said user is prepared to establish is June 30th, 1917.

W. G. SWENDSEN,
Commissioner of Reclamation.

12112

PERMIT No. 12112**Proof of Application of Water to Beneficial Use****DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Joseph L. Hansen, age 46, residence on farm near Turner, Idaho,
occupation, Farmer, address Turner, Idaho

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. self

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. permit #12112, date May 6th, 1916, date of priority, June 9th, 1917

Ques. 4. State source of water supply and give exact location of point of diversion.

source, Unnamed springs, point of diversion, spring #1 in SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec.
 Ans. 17, TS 10 S, R 40 E, spring #2 in SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, TS 10 S, R 40 E,
spring #3 in NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 20, TS 10 S, R 40 E, B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ditch, length 1 9/10 miles, width at bottom 4 ft. at water line 4 1/2 ft.,
 Ans. 180 feet steele flume, 15 X 36 inches, 66 feet steele flume, 12 X 30
inches, 200 feet wood box flume, 10 by 24 inches, capable of conveying
5 second feet water, name of ditch & flume (private)

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Irrigation and domestic purposes, 75 acres in N $\frac{1}{2}$ NE $\frac{1}{4}$ Sec. 29 and 40
 Ans. acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$, sec. 29, TS 10, R 40. water has actually been used, ~~has~~
70 acres on N $\frac{1}{2}$ NE $\frac{1}{4}$, Sec. 29 and 10 acres on SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 29 TS 10, R 40.
which land is now in crop. all cultivated land, improvements, breaking,
fencing, constructing ditch, flumes and planting to hay and grain.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. at least three second feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

12112

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. actually irrigated 60 acres in 1916, 70 acres in 1917, 80 acres in 1918, 80 acres in 1919

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none

(Sign)

Joseph L. Hansen

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Bancroft, County of Bannock State of Idaho, on this 1st. day of July

Notary Public

12112

Permit No. 12112

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Axel E. Christensen, age 29, residence on farm near Turner, Idaho, Farmer, address, Turner, Idaho

Ques. 2. Are you acquainted with Joseph L. Hansen, the holder of Permit No. 12112? How long have you known him and where does he reside?

Ans. have known him three years, on his farm near Turner, Idaho,

Ques. 3. Have you read or heard read said Permit No. 12112, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Unknown springs, Spring #1 in SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, TS 10 S, R 40 E, spring #2 in SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, TS 10 S, R 40 E, spring #3 in NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 20, TS 10 S, R 40 E, B.M. open ditch, one wood flume and two steele flumes

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. about six second feet full capacity, about five second feet.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. for irrigation, about 70 acres on N $\frac{1}{2}$ NE $\frac{1}{4}$, Sec. 29, about 10 acres on SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 29 all in TS 10 S, R 40 E. B.M., cultivated land, breaking, fencing, constructing ditch and flumes, and putting in hay and grain.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. no

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. gravely loam, will take at least three second feet to irrigate the land profitably account of being gravely. (I have done irrigating on this land during the last two years)

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and

to what extent?

Ans. none

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to

beneficial use of water diverted under said permit.

Ans. In 1916 applicant irrigated about 60 acres, in 1917 about 70 acres, and in 1918 and 1919 I have irrigated about 80 acres of the land for the applicant.

Permit No. 12112

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Percy G. Turner, age 31, residence, Grace Idaho, occupation, Farmer,
address Grace, Idaho

Ques. 2. Are you acquainted with Joseph L. Hansen, the holder of Permit No. 12112? How long have you known him and where does he reside?

Ans. have known him all my life, he resides on his farm near Turner,
Idaho

Ques. 3. Have you read or heard read said Permit No. 12112, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Unknown springs, spring #1 in SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, TS 10, R 40.
 Ans. spring #2 in SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, TS 10, R 40., spring #3 in NE $\frac{1}{4}$ NE $\frac{1}{4}$,
Sec. 20, TS 10 S, R 40 E, B.M. open ditch, wood and metal flume

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. will convey five second feet, about five second feet

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Used for irrigation, about 70 on NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 29, TS 10 S, R 40 E.
 Ans. and about 10 acres on SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 29, TS 10 S, R 40 E. actually
irrigated, all cultivated land, improvements, breaking, fencing, building
ditch, flume and putting into hay and grain.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. no

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. sandy loam with considerable gravel, will take at least 1 $\frac{1}{2}$
inches water per acre to irrigate profitably

12112

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and

to what extent?

Ans. none excepting that spring #3 is located on NE 1/4 NE 1/4, Sec. 20, TS 10 S, R 40 E, B.M. which formerly belonged to my Father (Edward J. Turner) and now belongs to me

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to

beneficial use of water diverted under said permit.

Ans. in 1916 applicant irrigated about 50 acres, in 1917 about 60 acres, 1918 about 75 acres and is now irrigating about 80 acres, on the land within described for which the water was appropriated.

REAL ESTATE, LOANS AND INSURANCE
COAL

BANCROFT, IDAHO,

April 28rd. 1919

State Engineer,
Boise, Idaho.

Dear Sir:

Mr. Joseph L. Hansen of Turner, brought in a blank(Notice of Proof of Application of Water to Beneficial Use) which he states is to be filled out and sent in to you. He brought in a copy of the certificate of completion of works which bears date of June 15th, 1918.

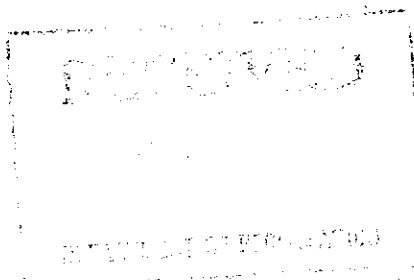

Mr. Hansen does not seem to fully understand just what is required of him at this time and from the information that he is able to give me, I am not sure as to what is required. I am inclosing the blank that he brought in. Please write me what Mr. Hansen is to do. He is ready to make proof at any time now. Has a date been set for this proof? If not, please give me an idea as to what date could be used. You will note that the inclosed blank is filled out. If you find it in order and that nothing further is required at this time, please write me to this effect.

Thanking you in advance for an early reply, I am

Yours very truly,

F. E. Logue

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 11 a. m. on the 1st. day of July, 1919,
 at Bancroft, County of Bannock, State of Idaho,
 before Fred E. Logue, Notary Public, proof will be submitted
 of the application to beneficial use of Three (3) cubic feet per second of the
 waters of unnamed springs in accordance with the terms and conditions of
 Permit No. 12112 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are
Joseph L. Hansen, Turner, Idaho
2. The use to which said water has been applied is irrigation and domestic purposes
3. The amount applied to beneficial use is Three (3) second feet
4. The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) NE $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NE $\frac{1}{4}$, and NW $\frac{1}{4}$ NW $\frac{1}{4}$, sec. 29, T. 10 S., R. 40 E., B.M.
5. The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch
6. The right to take water from such works is based upon Permit No. 12112
7. The source of supply from which such water is diverted is unnamed springs

58 The date of the priority which said user is prepared to establish is April 15th, 1916

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Joseph L. Hansen,
Turner, Idaho.

Boise, Idaho, Feb. 1. 1918.

Dear Sir:—

Under the terms of your Permit No. ~~12112~~-----, you are required to complete your diversion works on or before ~~May 5, 1918~~----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. SMITH,
State Engineer.

12112

State of Idaho
ENGINEERING DEPARTMENT

Joseph L. Hansen,
Turner, Idaho.

BOISE

Feb. 1, 1918.

Dear Sir:

I enclose herewith blank notice of proof of Application of Water to Beneficial Use under your Permit No. 12112, which kindly fill out and return to me at least 60 days before the date upon which you wish to submit proof. The date of the proof is set out in your permit, and if proof is submitted subsequent to that your priority will be advanced a time equal to the difference of the time between the date proof should have been submitted and the date it is submitted.

Yours truly,

J. H. Smith.

17436

Pocatello, Idaho,

April 27, 1916.

Mr. J. H. Smith,
State Engineer,
Boise, Idaho.

Dear Sir:

We have your very considerate favor
of the 22d inst. relative to the application
of Joseph L. Hanson. We are, according to
the terms of your letter, returning to you herewith
the said application upon which we have made the
notations suggested therein as required.

Very truly yours,

PRESIDENT.

J/W

Re: Application 17436-Hanson.

Bannock Abstract & Trust Co.,
Pocatello, Idaho.

Gentlemen:-

We have your letter of the 21st, referring to ours of the 10th, with which we returned the above application requesting that the affidavit of permission to file on the springs be placed in paragraph sixteen instead of upon a separate sheet. I note that Mr. Turner, who executed the affidavit, lives a long way from a notary and that it would mean at least the loss of a days time to have the matter attended to. Inasmuch as sixty days is allowed for the completion of the application, the one day would hardly make any great difference, but we are assuming that the reason for requesting the use of the affidavit on separate sheet is not that it will take a day longer but that it would necessitate a very long trip by Mr. Turner. In view of this the affidavit on separate sheet will be accepted, if you will place a note under the head of "Remarks", making reference to this separate sheet.

The use of separate sheet with an application quite often leads to confusion of the record and we shall be glad if you will bear in mind that it is preferred that affidavits in regard to filing on springs be placed on the blank itself.

Very truly yours,

J. L. SMITH,

State Engineer.

Bannock Abstract & Trust Company

ABSTRACTS, LOANS AND INVESTMENTS

PUBLIC LAND MATTERS A SPECIALTY

Pocatello, Idaho.
April 21, 1916.

Hon. J. H. Smith, State Engineer,
Boise, Idaho.

Dear Sir:

We have your letter of the 19th inst. relative to application No. 17436, Joseph L. Hansen.

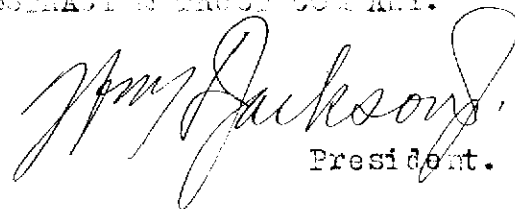

We notice the Third paragraph of your letter states that the affidavit of paragraph sixteen of the application should have been executed by Mr. Turner. You will no doubt recollect and have in your files the original affidavit sent you. In this connection, beg leave to say that unless it is mandatory that this affidavit be included on the application form, we wish you would accept the one forwarded you, as Mr. Turner lives a long distance from a Notary, and it would mean the loss of at least a days time to have the matter attended to. If you will handle this matter in that way, we shall govern ourselves according to the instructions hereafter, so that you may not be bothered with extra papers.

Please advise us in this respect, and oblige

Very truly yours,

BANNOCK ABSTRACT & TRUST COMPANY.

17436- Hansen.

Bannock Abstract & Trust Co.,
Pocatello, Idaho.

As there is not sufficient space in paragraph 4 to describe all points of diversion, place this information under the head of "Remarks", with reference thereto in Paragraph 4.

Under "Remarks" state that spring No. 1 is on vacant Government land.

Have affidavit in Paragraph 16 executed by Mr. Turner. It is preferred that this affidavit be on the application blank rather than on separate sheet.
