

**NOTICE OF PROOF OF
APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at 11 a.m. on the 14th day of July, 1917, at Preston, County of Franklin, State of Idaho, before A. D. Erickson, Notary Public, proof will be submitted of the application to beneficial use of 1-16 of 1 cubic foot per second of the waters of a spring, in accordance with the terms and conditions of Permit No. 11384, heretofore issued by the State Engineer of the State of Idaho.

1. The name and post office address of the person or corporation holding said permit are, William R. Moore, Oxford, Idaho.

2. The use to which said water has been applied is for watering stock and culinary purposes and for irrigating a few shade trees.

3. The amount applied to beneficial use is 1-16 of 1 cubic foot per second.

4. The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) SE 1/4 Section 28, Township 13 South, Range 39 East Boise Meridian.

5. The right to take water from such works is based upon Permit No. 11384.

6. The source of supply from which such water is diverted is a spring.

7. The date of the priority which said user is prepared to establish is June 25, 1915.

J. H. SMITH,
State Engineer.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: William R. Moore

Postoffice address: Oxford

County: Bannock

State: Idaho

I. If applicant is a corporation, give

(a) Date and place of incorporation:

(b) The amount of capital stock:

(c) The amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are: (a) Cash on hand:

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. The quantity of water claimed is 1/16 cubic feet per second.

3. Source of water supply: Spring and seepage.

4. Location of point of diversion: about 10 rods South of North line of the NE 40 acre

Tract. See Remark No. 1.

County of Bannock.

5. To be used for: domestic and other purposes.

I. Irrigation and domestic use: (a) Amount of land to be irrigated:

acres.

(b) In the following legal subdivisions:

II. Mining, milling, power, manufacturing, transportation or other purposes:

(a) At what point:

(b) Amount of power to be generated:

H. P. under ft. head

(c) Is water to be returned to any stream?
return:

(d) If so, name stream and locate point of

6. Estimated cost of works: \$50.00

7. Description of works for diversion:

I. Kind of works: Drinking troughs, and small dam,

II. Dimensions of works:

(a) Height of dam 6 feet, length of dam at top 16 feet,

length of dam at bottom 8 feet. Material used in construction: earth

(b) Capacity of reservoir acre feet. (c) Size of headgate, width feet,

Height feet. (d) Conduit width at bottom feet,

width at water line feet, depth of water feet; diameter of pipe

inches; average grade per mile is feet. Length of conduit is miles,

and it crosses the following quarter sections:

8. The time required for the completion of the construction of such work is 2 years.

9. Time required for the complete application of the water to the proposed use is
additional years.BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters
of the State of Idaho as herein set forth.

William R. Moore,

Applicant.

Re Permit 11384.

Wm. R. Moore,
Preston, Idaho.

Dear Sir:--

Replying to your letter of the 3rd inst. would say that it will not be necessary to change the record in order to eliminate the use of the water from the house, as that will have no material bearing on the right to the use of the water.

License will be issued for the proof of beneficial use of the water and forwarded to you within the next week or ten days. Nothing further is required in the way of proof.

Very truly yours,

FRED A. WILKIE,

State Engineer,

RECEIVED

FEB 11 1919

OFFICE OF STATE ENGINEER

Preston, Idaho
Franklin Co Feb. 3rd 1919

To the State Engineer

Dear Sir,

In regard to Permit

11384, having received a "Certificate of completion of work" is there anything more to do in making full proof on the above permit. I notice that on the "Certificate of completion of work" says "the water to be used at the dwelling of the applicant" and on the Application form, also in the advertising connected with proof reads "water to be used for watering stock culinary purposes, and irrigating a few shade trees" This small spring is on the land owned by applicant and used almost exclusively for ~~stock~~ watering stock and for irrigating a few trees when there is enough water in the spring, and not at the dwelling of the applicant: as stated on the Certificate, it would not be ~~convenient~~ convenient on account of conditions to have a dwelling near the spring. kindly let me know if there

is any necessity to have the wording on the
"Certificate of completion of work" changed.

Yours sincerely
Wm. R. Moore

Permit No.

OFFICE OF STATE ENGINEER

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

STATE OF IDAHO,

County of Franklin } SS.

William R. Moore, being first duly sworn upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 11384 and that his postoffice address is Treasureton State of Idaho.

Second: That the name of the stream from which said water is to be diverted is

Spring

Third: That the point of diversion of said water is

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by July 17 1917.

Fifth: That the use for which said water is intended is culinary and irrigation

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: dam, ditch and pipe
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam 6 feet, length of dam at top 10 feet, length of dam at bottom 9 feet. Material used in construction dirt

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir 1/4 acre feet.

(c) Size of headgate: Width none feet, height

(d) Conduit pipe width at bottom

(State whether ditch, flume or pipe)

line

feet, depth of water

feet; diameter of pipe 3/4 inches;

average grade per mile is 500 feet. Length of conduit is 16 ft miles.

Seventh: That said works are capable of conducting to the place of intended use 1/16 second feet of water.

Eighth: That water appropriated under said permit is available for 1/2 acres of land described as follows:

Ninth: Remarks: That

Re Permit 11384. - Wm. Moore.

Messrs. Smith, Erickson & Condie,
Attorneys at law,
Preston, Idaho.

Gentlemen:--

We are today in receipt of your letter enclosing depositions, with check for fees in the sum of \$2.00, for proof of use of water under above permit. In looking over these papers I find that the affidavit for proof of completion was not enclosed. This form was sent to the holder May 1, 1917, with instructions. This form was also mailed to the holder in March, at his request, and a letter from this department informing him that this proof must not be made later than July 17th. I am, therefore, sending another blank for this proof and the certificate should bear the same date as the depositions filed for proof of use, July 14, 1917. The affidavit should be accompanied by fee of \$5.00.

An examination by an engineer from this office will be required for the final proof before issuing the license. This will be attended to within the next few weeks.

There also remains to be filed the affidavit of publication.

Very truly yours,

J. H. SMITH,

State Engineer.

PERMIT NO. 11384**Proof of Application of Water to Beneficial Use****DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. William M. More, 44, Oxford, Farmer, Oxford, Idaho.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 11384 Jun 25 1915 (used water for the past eight years)

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Spring and seepage about 10 rods South of North line of the NE $\frac{1}{4}$ of S.E. $\frac{1}{4}$ sec. 28, Tp. 13 S. R. 39 E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Small reservoir 6 feet high 10 feet cross and 30 feet long which catches the seepage water and a ditch 30 rods long leading from spring, 4 inches on bottom, 6 inches at water line and 4 inches deep.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water in reservoir is used to water horses and cattle, the other is used to water trees and garden truck. All in the NE $\frac{1}{4}$ of the S.E. $\frac{1}{4}$ of sec. 28, Tp. 13 S. R. 39 E.B.M. (Irrigates about an acre)

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. Used for watering cattle as above set forth.

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. 1/16 cubic foot per second

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. All the water described above has been used and as above described for watering cattle and irrigating garden and trees

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water

(Sign) *Wm R Moore*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in ~~Franklin~~ Preston, County of Franklin, State of Idaho, on this 14 day of July, A. Residence, Preston, Idaho.

Permit No. 1138 4

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Erven L. Cole, 23 yrs., Treasurton, Idaho, Oxford, Idaho.Ques. 2. Are you acquainted with William E. More, theholder of Permit No. 11384? How long have you known him and where does he reside?Ans. 9 years Oxford, IdahoQues. 3. Have you read or heard read said Permit No. 11384, and are you familiar with its provisions and conditions?Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Spring and seepage. Mr. More gathers seepage water in small reservoir 10x30x6 feet, has ditch about 30 rods long about 4 inches bottom 6 at water line and 4 inches deep. The water is diverted or rises about 10 rods South of the North line of the NE 1/4 of the S. E. 1/4 sec. 28 Tp. 13 S. R. 39 E. B. M.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 1/16 cubic foot per second (approximately)

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

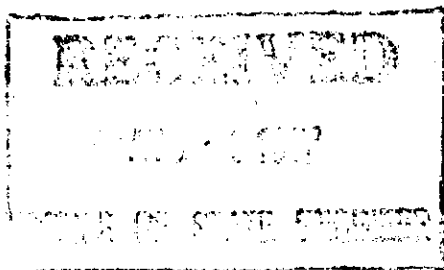

Ans. Mr. More waters about an acre of land garden, trees etc. also waters cattle.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. waters cattle

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. about an acre. He need all the water he gets from above source for that amount of land. If it will water more he has plenty of dry land to put it on.

11384

to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been on the place two or three times a week for several years last past.

(Sign) *Lawson J. Cook*

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Pradon, County of Franklin, State of Idaho,

STATE OF IDAHO
ENGINEERING DEPARTMENT
BOISE

INSTRUCTIONS
PROOF OF BENEFICIAL USE

William R. Moore,
c/o A. D. Erickson,
Preston, Idaho.

BOISE, IDAHO, **July 6th, 1917.**

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your Permit No. **11384.**

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On.....**July 14th, 1917,**....., the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at **Preston, before A. D. Erickson, N.P.**

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received together with report of examining engineer, if everthing is properly executed, License will issue.

Yours truly,

J. H. SMITH,

State Engineer.

11384

NOTICE OF PRIORITY OF
APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 11
a.m. on the 14th day of July, 1917,
at Preston, County of Franklin, State
of Idaho, before A. D. Erickson, No-
tary Public, there will be submitted
of the application to beneficial use
of 1-16 of 1 cubic foot per second
of the waters of a spring, in accord-
ance with the terms and conditions
of Permit No. 11384, heretofore is-
sued by the State Engineer of the
State of Idaho:

1. The name and post office ad-
dress of the person or corporation
holding said permit are, William R.
Moore, Oxford, Idaho.

2. The use to which said water
has been applied is for watering
stock and culinary purposes and for
irrigating a few shade trees.

3. The amount applied to benefi-
cial use is 1-16 of 1 cubic foot per
second.

4. The place where said water is
used (if for irrigation, give full and
accurate description of the lands ir-
rigated) SE 1/4 Section 28, Township
13 South, Range 39 East Boise Me-
ridian.

5. The right to take water from
such works is based upon Permit
No. 11384.

6. The source of supply from
which such water is diverted is, a
spring.

7. The date of the priority which
said user is prepared to establish is
June 25, 1915.

State Engineer

Dear Sir

Enclosed is notice for publication
Mr. A. D. Erickson. (Attorney) before who I shall
make final proof. asked me to have enclosed notice
published. in "South Eastern Advocate" Preston, Idaho.
if this meets with your approval I would like it printed
in the above paper, as many people around here subscribe for
that paper. and anyone objecting to the filing would have
opportunity to protest.

Yours sincerely

W. R. Moore

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 11 a. m. on the 14th day of July, 1917,
 at Preston, County of Franklin, State of Idaho,
 before A. D. Erickson, Notary Public, proof will be submitted
 of the application to beneficial use of 16 cubic feet per second of the
 waters of Spring, on my own land, in accordance with the terms and conditions of
 Permit No. 11384 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are ~~Confidential~~
~~Idaho~~ William R. Moore, Oxford, Idaho.

2. The use to which said water has been applied is for watering stock, and
culinary purposes, and for irrigating a few shade trees
~~for the purpose of irrigation~~

4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated) Sec 28, T. 13 S., R. 39 E.

~~5. The name of~~ the canal or ditch or other works by which said water is conducted to such place of use is

6. The right to take the water from such works is based upon Permit No. 11384.

7. The source of supply from which such water is diverted is Spring.

8. The date of the priority which said user is prepared to establish is 1909
June 25 - 1915

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Wm. R. Moore,

Oxford, Idaho.

Boise, Idaho,

Dear Sir:—

May 1, 1917

Under the terms of your permit No. 11384-----, you are required to complete your diversion works on or before July 17, 1917----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. SMITH,

State Engineer.

Wm. R. Moore,
Oxford, Idaho.

May 1, 1917

Dear Sir:

I enclose herewith blank notice of proof of Application of Water to Beneficial Use under your Permit No. ~~11334~~ 11384, which kindly fill out and return to me at least 60 days before the date upon which you wish to submit proof. The date of the proof is set out in your permit, and if proof is submitted subsequent to that your priority will be advanced a time equal to the difference of the time between the date proof should have been submitted and the date it is submitted.

Yours truly,

J.H. Smith.

State Engineer

11384

March 25, 1917.

Re Permit 11384.

Mr. Wm. R. Moore,
Oxford, Idaho.

Dear Sir :--

Replying to your letter of the 17th would say that, where two or more whose lands join or who take water from one common lateral join in the publication, the publication fees would be distributed among those making the proof and would, of course, be 10¢ for each individual. Your notice, however, should be sent in separately and a request made that it be combined for publication with certain other notices being sent in at the same time.

An enclosing herewith blanks upon which to file notice of final proof.

For proof of completion of works, where the amount of water claimed does not exceed 6.4 second feet, all that is required is the affidavit of holder, without advertising. This affidavit may be made on the same date that final proof is made but should not be later than July 17, 1917.

An enclosing affidavit form in case you desire to file this proof prior to the date of making final proof.

Very truly yours,

J. H. SMITH,

State engineer.

Dear Sir.

In regard to Permit 11384
for appropriating water, will say I have long since
complied with conditions contained in application.

In regard to advertising, I am told sometimes a number
applicants advertise together, thus reducing cost considerable
kindly give me information and instructions as how
to proceed,

Yours sincerely
Wm R. Moore

June 23/15 Idaho

Dear Sir

In regard to this spring
the work is almost complete the reason
for asking for 2 years time is in order
to raise the money for making proof.
I am using the water and have used
it for over 6 years, it is the only
water on the farm, a neighbor who
has taken vacant land ~~going~~ joining
wants a claim on the water, and
I was advised to file on the water
in order to secure it.

Dear Sir,

Some time ago
I sent water filing papers, with check
not hearing from you, thought letter
might be lost in delivering, if so kindly
inform me if you have not received it.
