What is the total amount of water in inches, or second feet, dedicated to said land? 3.8

What kind of crops are being raised? Hay and grain

How much water per acre is now required to irrigate said land? About 1.2 inches

What will be the effect on the land now irrigated, if the use of water on it is discontinued? Actually, there will be no discontinuation of irrigation of land presently irrigated. Errors in description of land in the Dietrick Decree should be corrected to reflect actual usage.

Give location of new point of diversion, if change is to be made SE¼SE¼, sec. 17, T. 10 S, R. 40 E, B.M.

Through what ditch will it be conducted after transfer? Through a pipeline

How much water will be required per acre to irrigate the land to which this water is transferred? Approximately 1 inch per acre, through a sprinkler system, should be sufficient.

Do you claim any other water right for the land from which you seek to abandon the use of this water?

If so, give amount, date and source

Is there any other water right for the land to which you seek to make this transfer? If so, give amount, date and source No

Signed Lowell A Elsmore
Applicant.

STATE OF IDAHO,

In the Matter of the Application of)
)
Lowell A. Elsmore)
of) ORDER GRANTING TRANSFER
R.F.D. #1, Box 91)
Grace, Idaho) NO. 1101
)
For a Transfer of Water Right in the)
County of Caribou, State of Idaho;)

WHEREAS, On the 15th day of April, 1968, at the Department of Reclamation of the State of Idaho at Boise, Idaho, this matter of the application of Lowell A. Elsmore of Grace, Idaho, for a transfer of water right came on regularly for hearing, pursuant to the published notice in due and statutory form and,

WHEREAS, No protest has been filed against the application, and the evidence filed by the applicant with the application shows that the water will be put to a higher and more efficient beneficial use and no one will be injured thereby;

NOW, THEREFORE, IT IS ORDERED, That the said application be, and the same is, HEREBY GRANTED, and that a Certificate of Transfer be issued to the applicant herein as provided by the laws of the State of Idaho.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the official seal of the Department of Reclamation of the State of Idaho to be hereunto affixed at Boise, Idaho, this 14 day of May, 1968.

DEPARTMENT OF RECLAMATION

TRANSFER OF WATER RIGHT
TRANSFERRED RIGHT NO. 1101

THIS IS TO CERTIFY, That Lowell A. Elsmore of R.F.D. #1, P. O. Box 91, Grace, Idaho, is the owner of and using a certain water right as follows: 3.8 cubic feet per second of the waters of China Springs, Green Willow Springs, Nettie Springs, and unnamed springs, said water being obtained by virtue of a decree granted to Ethel H. Elsmore, John W. Harris, and F. W. Harris, by decree of Judge Dietrich of the U. S. District Court, Eastern Division Judicial District of the State of Idaho, in and for the County of Caribou, in the case of:

UTAH POWER & LIGHT COMPANY
vs
LAST CHANCE CANAL CO., LTD., ET AL;

said decree bearing date of July 14, 1920, for the purpose of irrigating the following described lands situate, lying, and being in Water District No. 5, County of Caribou and State of Idaho, to-wit:

SW¼SW¼, ~~SE¼SE¼~~ Sec. 21; N½NE¼, N½NW¼, SE¼NW¼, W½SW¼, Sec. 29, T. 10 S, R. 40 E, B.M.

That said water is now diverted from said springs through the Hansen & Elsmore Ditch at the following described points:

NE¼, NW¼SW¼, SE¼, Sec. 20, T. 10 S, R. 40 E, B.M.

And that now upon the application of Lowell A. Elsmore for the transfer of 3.8 cubic feet per second, made before the State Reclamation Engineer of the State of Idaho, and said application having been granted, the right to the use of 3.8 cubic feet per second of the waters of these springs upon the above described lands is hereby abandoned and the lands hereafter to be irrigated under such right and to which the right shall become appurtenant by this Certificate are described as follows, to-wit:

SW¼SW¼, ~~SE¼SE¼~~ Sec. 21; SW¼NE¼, E½NW¼, NE¼SW¼, N½SE¼, Sec. 29, T. 10 S, R. 40 E, B.M.

That said water is to be limited at any given time to an amount actually beneficially used for such purposes and shall not exceed the following amount, to-wit:

3.8 cubic feet per second of the waters of Black Canyon Springs with a priority of June 28, 1895;

And the water right hereby transferred will hereafter be conducted to the last described lands through a pipeline at the following described point:

SE¼SE¼, Sec. 17, T. 10 S, R. 40 E, B.M.

That the right to the use of the water aforesaid hereby described, is restricted to the lands or place of use last above described as provided by the laws of the State of Idaho;

MICROFILMED

This Certificate is issued subject to the following conditions:

1) A permanent control valve be installed and maintained for use of the watermaster in regulating the distribution of the springs.
2) A permanent flow meter be installed and maintained for use of the watermaster in regulating the distribution of the springs.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the official seal of the Department of Reclamation of the State of Idaho to be hereunto affixed at Boise, Idaho, this 14 TH day of May, 1968.

Form 20

Application For Transfer of Water Right

STATE OF IDAHO
County of Caribou } ss.

Lowell A. Elsmore, being first duly sworn, deposes and says:

That his name is Lowell A. Elsmore; that he is of lawful age, a citizen of the United States and of the State of Idaho, and that his postoffice address is R.F.D. #1, P. O. Box 91, Grace, Idaho

See Attachments 1,2,3,4,5, & 6

That he is the owner and using a certain water right, bearing date of priority of ....., 19....., for 3.8 cubic feet per second of the waters of See Attachments 1,2,3,4,5, & 6 County of Caribou, State of Idaho, decreed to Ethel H. Elsmore, John W. Harris and/ F. W. Harris by decree of Judge Dietrich of the U.S. District Court, Eastern Division Judicial District of the State of Idaho, in and for the county of Caribou, in the case of Utah Power & Light Company vs. Last Chance Canal Co., Ltd. et al, said decree bearing date of July 14, 1920 (or obtained by virtue of License No....., issued by the State Department of Reclamation of the State of Idaho, dated October 2, 1911, bearing date of August 31, 1908) for the purpose of irrigating the following described lands situate, lying and being in Water District No. 5 in the County of Caribou and State of Idaho, to-wit:

See Attachments 1,2,3,4,5, & 6

.....and is the person (or representative of the corporation) to whom such right so issued, or has become the owner thereof in the following manner, i.e. .....

as per abstract of title of said water right hereto attached and made a part of this statement;

That said waters are now diverted from said stream in the See Attachments 1,2,3,4,5, & 6 of Section....., Township....., Range....., B. M., and conducted to the above described lands through a ditch (Hansen & Elsmore) as per map herewith and of this affidavit made a part.

CHANGE IN PLACE OF USE

That affiant and petitioner desires to abandon the use of 3.8 cubic feet per second of said water upon the above described land, and to convey and use same upon the following tract, situate, lying and being in the County of Caribou and State of Idaho, to-wit:

See Attachments 1,2,3,4,5, & 6

That reasons for desiring to make such transfer are as follows: Description of place of use of part of the water involved is in error in the Dietrich decree. There will be no actual change of place in use, but the land description involved should be amended to correct same, and to fit the facts of past use. For example, No. 231 calls for 70 acres in the W½SW¼, but should be the E½NW¼, sec. 29. The W½SW¼ is a high mountain and is still U.S. Land.

RECEIVED

What is the total amount of water in inches, or second feet, dedicated to said land? 3.8

What kind of crops are being raised? Hay and grain

How much water per acre is now required to irrigate said land? About 1.2 inches

What will be the effect on the land now irrigated, if the use of water on it is discontinued? Actually, there will be no discontinuation of irrigation of land presently irrigated. Errors in description of land in the Dietrick Decree should be corrected to reflect actual usage.

Give location of new point of diversion, if change is to be made SE¼SE¼, sec. 17, T. 10 S, R. 40 E, B.M.

Through what ditch will it be conducted after transfer? Through a pipeline

How much water will be required per acre to irrigate the land to which this water is transferred?

Approximately 1 inch per acre, through a sprinkler system, should be sufficient.

Do you claim any other water right for the land from which you seek to abandon the use of this water?

If so, give amount, date and source

Is there any other water right for the land to which you seek to make this transfer? If so, give amount, date and source No

Signed Lowell C. Elsmore
Applicant.

STATE OF IDAHO,
County of Caribou } ss.

I, Russell D. Stoker, Watermaster of Bear River Water District No. 5, County of Caribou, State of Idaho, whose postoffice address is Soda Springs, Idaho, have read or heard read the foregoing affidavit and petition of Lowell Elsmore, and, of my own knowledge, believe the same to be true as to all matters therein alleged, and that no one will be injured by the transfer prayed to be authorized; and I hereby endorse my approval of said petition, and request that the State Reclamation Engineer issue the certificate of transfer as petitioned; or (do not approve of the issuance of the certificate of transfer prayed for) for the following reasons: Approved provided that a means of measurement and control be installed at the head of the pipeline.

Watermaster, District No. 5

Russell D. Stoker

Dated at Soda Springs, Idaho, this 7th day of March, 1966

MICROFILMED

That he intends to divert and convey said 3.8 second feet of water to the tract of land last above described in the following manner and as per map accompanying this application: By pipeline and sprinkler system.

Note—If this water right has heretofore been carried jointly in a ditch with other water, affiant should secure written consent of other owners or users to removal from its original carrier and file such consent with this affidavit.

CHANGE IN POINT OF DIVERSION

That affiant desires to change the point of diversion of said waters from the point above described to a point located in SE ¼ of SE ¼ of Section 17, Township 10 S, Range 40 E, B.M. and thereafter conduct same to the above described land through the pipeline ditch, as per map appended.

That his reasons for desiring to make such change are as follows: To enable applicant to convert to a gravity flow sprinkler system to irrigate.

Petitioner asserts that no one will be injured by such transfer, or change in point of diversion, and that the change will be made at petitioner's own risk.

WHEREFORE, Affiant and Petitioner prays that the State Reclamation Engineer of the State of Idaho issue to him the proper certificate authorizing such change in point of diversion and/or place of use, in accordance with the provisions of Sections 42-108 and 42-222 of the Idaho Code.

Lowell R. Coleman
Applicant.

Subscribed and sworn to before me this ..... day of DEC 18 1967, 19 .....

Notary Public.
GRACE, IDAHO

APPLICANT WILL ANSWER THE FOLLOWING QUESTIONS:

From what stream is the water diverted? Water is diverted from several springs, at present time, all being tributary of Bear River.

Where is the diversion point located? SE¼SE¼, sec. 17, NW¼SW¼, NE¼NE¼, NE¼SE¼, NW¼SE¼, sec. 20, T. 10 S, R. 40 E, B.M.

Through what ditch is it now conducted? Hansen and Elsmore Ditch

How much land is now irrigated by the water sought to be transferred? 160 Acres

Give the description: T. 10 S, R. 40 E, B.M.; sec. 21, SW¼SW¼, 10 Acres; sec. 29, NE¼NW¼, 30 Acres; SE¼NW¼, 40 acres; SW¼NE¼, 30 Acres; NE¼SW¼, 15 Acres; NW¼SE¼, 30 Acres, NE¼SW¼, 5 Acres.

NOTE: Use of the sprinkler system would enable applicant to cover more of each legal subdivision, approximately 200 acres, total.
