SUBJECT Point of diversion, 13-2015

I have studied USGM Map GC-95 to find the point of diversion, which is not specified properly on this license. PD appears to be in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec 28, since Bridge Creek (also known as Williams Creek) is closest to the SE corner of Sec 21 at this point. Also, the source spring for this stream is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 28. T. 125 R. 41E ?
