RE: Statutory Claim

Dear Applicant(s):

The Department of Water Resources has received your statutory claim. Preliminary review of the claim indicates that it is incomplete and cannot be accepted for processing. We are returning your claim to allow you to complete the necessary items. The required information is described below.

The Point of Diversion was not provided correctly. According to your map your point of diversion is in the NWNE of Section 24 Township 12S Range 42E

The Place of Use or acres irrigated was not provided correctly. Also, if the place of use is in the same spot as your point of diversion, it will read the same as above. If it is not, then you need to mark it on the map to where your place of use is.

The ownership of the property at the point of diversion and place of use is listed as Ruth Smith. In the comment section, could you please explain the relationship between you and the owner of the property?

Please feel free to contact this office if you have any questions.

Sincerely,

Sharla Cox  
Administrative Assistant
