RE: PERMIT NO. 63-12366

Dear Permit Holder:

Enclosed is a copy of the request for extension you submitted to the department for the above referenced permit, granting an extension of time for filing proof of beneficial use to **March 1, 2007**. This approved request reinstates the permit since the request was submitted after the proof due date, and the priority of the permit advances to December 20, 1996, as referenced in Section 42-218a, Idaho Code. Please note that the department has granted this extension based on **due diligence**.

It is important that you work diligently toward the completion of the development during the construction period allowed since the department may not be able to grant additional extensions based on due diligence.

Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner.

Please feel free to contact the department if you have questions, or refer to the department's website at: www.idwr.idaho.gov.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau

MEMORANDUM

Date: May 03, 2006
To: Water Right File 63-12366
From: dgibson
Re: Request for Extension

Request for extension of time for filing proof received on 5/3/06. The permit had lapsed and because this request is granted, the permit is reinstated. The priority date will advance to 12/20/96 and proof is extended to 3/1/2007, based on due diligence. The permit holder was advised that this extension is the final extension that the department can approve, because the maximum 10 years for development has been reached. The permit holder will advise the other property owners that development of the water right has one year to be completed. Proof will be filed on only the lots that are able to prove beneficial use.

LAPSE NOTICE

RE: PERMIT NO. 63-12366

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in the proof due notice dated December 31, 2005. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifty dollar (\$50.00) fee.

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.

Sincerely,

Gary Spackman

PROOF DUE NOTICE

RE: PERMIT NO. 63-12366

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before March 01, 2006. (See last page of your approval permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a completed field examination report prepared by a certified water right examiner may be used to submit the required proof.

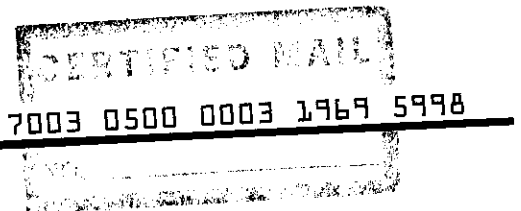

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

Sincerely,

Deborah J. Gibson, Administrative Assistant

RE: Change of Ownership for Water Right Permit 63-12366

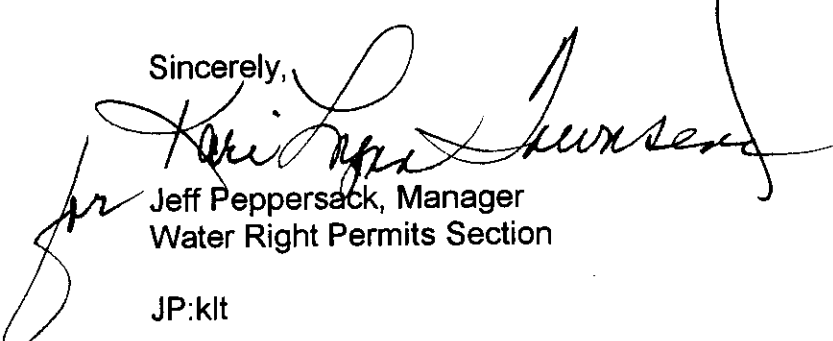

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water right permit to you. The department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right to the department. Notice of the change must be provided to the department within 120 days of the change. Change reporting forms are available from any office of the department.

Please feel free to contact this office if you have any questions regarding this matter.

RE: Water Right No. 63-12366

PERMIT APPROVAL NOTICE

Dear Permit Holder(s):

The Department of Water Resources (IDWR) has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a **preliminary order** issued by IDWR pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action by IDWR unless a party petitions for reconsideration within fourteen (14) days after issuance.** To learn more about preliminary orders, please refer to the enclosed information sheet.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed.

IDWR will send you a "Proof Due Notice" approximately 60 days prior to the above referenced date requesting you to file either a Proof of Beneficial Use form or a Request for Extension of Time form.

Also, please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address to IDWR. If you acquired a water right or changed your mailing address prior to July 1, 1996, you have until July 30, 1998, to notify IDWR. If you acquire a water right or change your mailing address after July 1, 1996, you must notify IDWR within 120 days of the change. Failure to comply with these requirements could result in a \$100 late filing fee. Contact any IDWR office to obtain the proper reporting form.

RE: Permit Application Identification No. 63-12366 for Floyd E. & Louise M. Audette.

Dear Ms. Graves:

I have reviewed the above listed application and have some comments. I understand that Mr. and Mrs. Audette are proposing using a spring to provide domestic water to lots 23, 24, 27, 28, 29, 30, 31 and 32 of High Country Estates. When fully utilized, this system may qualify as a public water system under the Idaho Rules for Public Drinking Water Systems. Under the drinking water rules, a public water system is defined as a water system that provides water for consumption to 15 or more connections or 25 or more people. The applicants need to be aware of this, as 8 connections could amount to 25 or more users.

Also, if a homeowner is applying for a mortgage loan, this type of water system, if not constructed to public water system standards, may not be approved.

Lastly, Mr. and Mrs. Audette need to be aware that prior to connecting to this water system, each dwelling shall have a septic permit issued and an approved sewage disposal system installed.

Thank you for allowing me the opportunity to comment on this application. If you have any question, please call me at 327-8532.

Sincerely,

Jerry Davis Sr EHS

MEMO

DATE: 11/5/1996
FR: Lori Graves
TO: Complaint File
RE: Wonacott Complaint

Bill Wonacott came to the office to review Floyd Audette's application 63-12366, which replaced lapsed permit 63-10262. Bill alleged in his complaint that Floyd had filed on his spring, represented by license 63-09691. From the maps, it's obvious that the P/D's are separate, however Bill felt that his development gave him a flow right to Floyd's source. I asked him if he had done any spring development on Floyd's property and if he had an easement and he said no, but that his right should give him priority to Floyd's source. I then explained that his P/D is separate from Floyd's and does not assure him priority over all the spring flow in the surrounding area. I also explained that he could protest Floyd's application if he felt that Floyd's diversion would have a negative impact on his spring flow. Bill declined, saying that he would just shoot Floyd instead.
