CONDITIONS OF APPROVAL

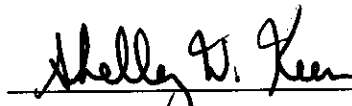

1. Proof of application of water to beneficial use shall be submitted on or before **May 1, 2011**.
2. Subject to all prior water rights.
3. The domestic use authorized under this right shall not exceed 13,000 gallons per day per home.
4. Domestic use is for 7 homes and does not include lawn, garden, landscape, or other types of irrigation.
5. Place of use is located within Lots 1 - 7, Eastwood Subdivision.
6. Point of diversion is located within Lot 1, Eastwood Subdivision.
7. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.

State of Idaho
Department of Water Resources
Permit to Appropriate Water
NO. 37-21644

CONDITIONS OF APPROVAL CONTINUED

8. Prior to diversion of water under this right, the right holder shall install and maintain a measuring device and lockable controlling works of a type acceptable to the Department as part of the diverting works.
9. Any license issued by IDWR pursuant to the right or portion thereof for the use of trust water is subject to a term review of 20 years after the date of this approval to determine availability of water for the use and to re-evaluate the public interest at the end of the term.
10. Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which the permit holder had no control.
11. Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 5th day of May, 2006.

FOR KARL J DREHER, Director
