RE: Recommendation Adjustment(s)

=====

The final licensing recommendation for the above referenced water right is based on the information below:

H. REMARKS

The examiner has recommended that this municipal right be changed to domestic and stockwater. The system can not produce enough to satisfy lawn and other irrigation needs. Also, in order for a community to have municipal rights, it must be incorporated. Bennington appears to be very small and not likely to be incorporated. I checked with representatives of the Secretary of State's Office and the Association of Idaho Cities and both stated that Bennington was not incorporated. For that reason, the change in the nature of use is acceptable.

FROM THE TANK WATER IS DELIVERED TO THE MUNICIPALITY THROUGH DELIVERY LINES.

THE ONLY MEASUREMENT LOCATION POSSIBLE WAS AT THE TANK OVER FLOW. I MEASURED 0.005 CFS FLOWING OUT OF TANK. HOWEVER SYSTEM WAS DELIVERING WATER TO RESIDENTS AT TIME OF EXAM. EXPECT ~~AND~~ OVERFLOW ~~WAS~~ INCREASE TO PERMITTED FLOW RATE OF 0.13 cfs. IF USE WAS STOPPED.

TWO STATUTORY CLAIMS, 11-04226 & 11-04244, COVER THE SAME PLACE OF USE. CLAIM 11-04226 COVER IRRIGATION OF LOTS INSIDE BOUNDARY OF BENNINGTON TOWNSHIP AS WELL AS SEVERAL ACRES OF CROPLAND SURROUNDING BENNINGTON. CLAIM 11-04244 COVERS DOMESTIC (AND STOCK?) USES WITHIN TOWNSHIP. ITS SYSTEM TIES INTO 11-07317 IN THE SW1/4, 10-12S-44E AND DELIVERS THRU COMMON PIPELINE. AS BOTH OF THE ABOVE 'RIGHTS' ARE STATUTORY CLAIMS, NEITHER IS CONSIDERED IN FLOW AND VOLUME CALCULATIONS OF 11-07317.

HOWEVER, AS 11-04226 ADDRESSES IRRIGATION OF LAND WITHIN BENNINGTON, AND RECOMMENDED Q FOR 11-07317 IS WORKFULLY INADEQUATE TO PROVIDE IRRIGATION AROUND WITHIN TOWNSHIP, NO IRRIGATION COMPONENT IS RECOMMENDED FOR 11-07317. IT IS ASSUMED THAT AUXILIARY LAWN IRRIGATION OF UP TO 1/2 ACRE PER HOME IS COVERED UNDER DOMESTIC USE AND IS ONLY USED AS SUFFICIENT WATER IS AVAILABLE.

PLEASE NOTE THAT THE MAPS AND AERIAL PHOTO INCLUDE A VERY SMALL PORTION OF THE N $\frac{1}{2}$ NW $\frac{1}{4}$ 16-12S-44E. AS THERE IS NO IRRIGATION COMPONENT IN THIS RECOMMENDATION, IT IS OMITTED FROM THE LISTED PLACE OF USE FOR DOMESTIC AND STOCK USES.

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this Department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the Department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the Department, but you must within sixty (60) days of the date of this letter return to the Department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the Department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the Department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing of certified water right examiners will be available from this Department when examiners have been certified.

RECORDED

MAY 16 1995

If your permitted use, in fact, has already been examined by the Department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the Department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following Department office:
