Dear Mr. Carlson:

We are writing to you concerning the protests of our applications made by the following:

Ovid Canal Company, 11-7234, 7237, 7238, 7239, and 7240,
Randy L. Carlson.

Mill Canyon Irrigation Company, 11-7231, 7232, 7233, and
7322, Terry R. Hymas.

East Liberty Irrigation Ditch Company, 11-7238 and 7239,
Rao Hymas.

The Forest Service local representative has either been in contact, or will be soon, with all of the parties involved in the above protests. At the present time, we feel that all of the protests can be resolved without a hearing. However, because of the number of parties involved, it is unlikely that resolution of the protests can be achieved within the twenty (20) day limit. Therefore, we request a thirty (30) day extension of time to resolve these protests.

Thank you for your assistance.

Sincerely,

Carl J. Baird

U. S. Forest Service

Ogden, Utah 84401

Gentlemen:

Enclosed is a copy of a protest filed against the issuance of a permit pursuant to the above referenced applications. The Department suggests you contact the protestant directly in an effort to determine the nature of the protest and to attempt to resolve the protest.

If you do not advise us within twenty (20) days that the protest has been resolved, the matter will be scheduled for conference and/or hearing. At such a conference and/or hearing, the following are the principle items the Department can consider in either approving or denying the application for permit (Section 42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purpose intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?
5. Will the proposed use under this permit conflict with the local public interest?

If this office can be of further assistance, please contact us.

Very truly yours,

RONALD D. CARLSON
