NAME OF PARTY Paul Etchevery, Watermaster

EMPLOYEE Water District No. 11-F
Ernest Carlsen *EMC*RE: Applications for Permit Nos. 11-7189, 11-7190, 11-7191, 11-7192, 11-7193,
11-7194 and 11-7195 - U. S. Forest Service

While performing final regional review of the above captioned applications for permit I contacted Mr. Etchevery by telephone to determine whether or not as water master he regulated the use of water from Preuss Creek. After some discussion it was determined he did regulate diversions from Preuss Creek. I advised him of the seven applications which the U.S.F.S. had submitted for stockwater developments. Mr. Etchevery stated the only possible problems would occur late in the irrigation season when the reduced flows occur.

I indicated we would condition the applications to be subject to regulation by the watermaster and to provide a lockable device on the diverting works.
