Gentlemen:

We are writing in regard to Permit #11703.

The Application for Permit was approved on May 12, 1975.

However, as of this time we have not received adjudicated
water rights to this well.

This well has been in use every year for the past
six years.

At the time, we made a phone call and was told that
everything was in order and a water right would be
furnished after an inspection by your personnel.

Would you please notify us as to the condition
of this application for water right?

Thank you.

Yours truly,

Richard Johnson
