Dear Mr. Saxton:

We have received from our Boise office a copy of your License No. 11-7007. After reviewing this license, we found an error to be in the land list. On your application for amendment you indicated land use in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 27, T. 13S, R. 46E, B.M. However, the license shows use to be in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 27, T. 13S, R. 46E, B.M.

In order for us to correct this error we must ask you to send the original license back to us. We will make the necessary changes and send the license back to you as soon as possible.

Thank you for your assistance in this matter. If you have any questions, please do not hesitate to contact us.

The newly issued license on Permit No. 11-7007 to Mr. James Saxton, Raymond, Idaho, appears to have an error in the land list. The application for amendment which I helped Mr. Saxton fill out indicated that land was being irrigated in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 27. The land list on the license indicates that the land is in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 27. I believe that the land list as shown on the amendment is correct and that the license should be corrected.

SUBJECT: Amendment to Permit No. 11-7007

DATE: August 16, 1971

Upon making the examination prior to licensing this permit, I find that the application had inadvertently mislocated two of the parcels of land described on the permit. I have had him fill out an application for amendment in order to get the locations correctly shown on the permit. I do not feel that this makes any change in the intent of the permit, and that it does not increase the acreage or the quantity of water diverted. It is my opinion that this amendment should be accepted and approved without publication.

Dear Mr. Saxton:

One of the conditions of the approval of your Permit No. 11-7007 was that proof of application of the water to beneficial use be submitted to this office on or before March 1, 1971.

Enclosed is an affidavit form which must be used to submit proof of beneficial use. You may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended.

Either the proof affidavit or a request for extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Department of Reclamation

Dear Sirs:

I am writing in regard to an application for permit to pump additional water from my well, which was sent some time ago. As yet we have not received a reply. I don't like to hurry anyone because I know other things take time, but this additional permit is for water to be used on land that I am in the process of buying. The funds are being supplied through F.H.A. They will not disburse the money to me until I have a permit
