POCATELLO, IDAHO

August 23rd, 1920

Mr. W. G. Swendsen,
Commissioner Of Reclamation
Boise, Idaho.

Dear Sir:-

Responding to your letter of August 20th., relative to permit # 11661, Leona Zavala I desire to state that there is still a mistake about the report of the lands irrigated by Mrs. Zavala under the above permit.

There is no water used upon any part of the subdivisions shown in the permit excepting water covered by the permit. The report of the engineer, as indicated by your letter shows the other lands in these subdivisions are irrigated besides the twelve acres for which she is given credit as being actually irrigated. Permit me to suggest, therefore, that another examination of the record of the permit itself be made and that the engineer be requested to take the full record in question in order that full justice may be done to the land actually irrigated.

I think he will find, or at least the facts will bear me out in this statement, that there is under actual irrigation, acres as follows:

20 acres of the NW $\frac{1}{4}$ SE $\frac{1}{4}$; 10 acres of the NE $\frac{1}{4}$ SW $\frac{1}{4}$
5 acres of the SE $\frac{1}{4}$ SW $\frac{1}{4}$; 5 acres of the SW $\frac{1}{4}$ SE $\frac{1}{4}$
of section 17, Twp 10 S, R 42 E. B. M., all such irrigation having been performed by water appropriated under this permit.

Please advise me as soon as possible.

Yours truly,

Address Box #31, Soda Springs.

11661

REPORT OF ENGINEER

This proof is for Beneficial Use.

In Water District No. 5 K.

1. State name of applicant and number of permit: Leona Zavala. Permit # 116612. State source of water supply: Unnamed springs.3. Location of point of diversion: #1 SW4SW4 Sec. 17, #2 SW4NE4 Sec. 17, T. 10S. R. 42 E. B.M.

4. Describe works as they exist, giving dimensions and capacities of same:

#1, No dam. Wood H.G. 1' x 1' Ditch, 1' B. 0.5' D. Cap. 1. S.F.

#2, No dam, Wood H.G. 1 x 1. Ditch, 1' B. 0.5' D. Cap. 1 S.F.

5. State whether or not water has been turned into works of diversion: Yes.6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): E2SW4 and W2SE4 Sec. 17, T. 10 S. R. 42 E. B.M.NE4SW4, 12 A. hay. SE4SW4, 15 A. hay and garden, 20 A. grain.NW4SE4, 20 A. grain. SW4SE4 10 A. potatoes.

7. Submit map on enclosed plat, showing location and details of above description.

8. How many parties conduct water in this system? One.

9. Give names and amount of each right:

10. What large stream would the water here appropriated finally reach? Salt Lake.11. Describe the various tributaries en route, from point of diversion to the principal drainage stream: From land to Eight-mile Creek, to Bear River, to Salt Lake.

Remarks:

This examination was made on the 12 th day of July 1920.(Signed) L. P. Dewart. Examiner.

Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

Re: Permit 11661.

Mrs. Leona Larala,
Soda Springs, Idaho.

Dear Madam: --

After receiving yours of the 16th inst., we again went over your proof with our examining engineer and he informs us that the 12 acres reported upon is all the land under irrigation from the waters of the springs mentioned in your permit; that some of the other land was being irrigated from another creek and some dry farm. We can, therefore, issue license for only the 12 acres and, upon receipt of \$2.00 fee, such license will be issued.

Very truly yours,

W. G. SWENDESEN,

Commissioner of Reclamation.

Re: Permit 11661.

Mrs. Leona Gavala,
Soda Springs, Idaho.

Dear Sir:—

The report of our engineer for proof of beneficial use of water under the above permit shows part of one forty acre tract under cultivation while your deposition filed last October gives parts of four forties. In order to ascertain just how much land has been actually cultivated and irrigated and how much in natural meadow, I will ask you to send us a statement giving the acreage under cultivation and irrigation and the acreage, in each forty, natural meadow. Also state whether or not this natural meadow is sagebrush land and, if so, whether some has been cleared and systematically irrigated and used for hay and pasture. Upon receipt of such a statement from you, we will be able to advise you as to fees required before issuing license.

Very truly yours,

W. G. SWENSON,

Commissioner of Reclamation.

In Re: Permit 11661.

Mr. Herbert Horsley,
Soda Springs, Idaho.

Dear Sir:

Replying to your letter of October 16th this day received in this Department, you are advised that our files show that under date of September 30th, we forwarded to Leona Savola, in care of Herbert Horsley, Soda Springs, Idaho, the necessary blanks for use in taking the proof of beneficial use of water appropriated under the above numbered permit. The blanks, as you state, no doubt have gone astray in the mail.

I am enclosing herewith a new set of blanks for use in taking this proof. Kindly prepare an affidavit to be signed by the permit holder, stating why the proof was not submitted on the 16th of October, the date originally set for the said proof, and forward the affidavit with the final proof papers.

Very truly yours,

W. G. SWENSON,
Commissioner of Reclamation,

By

Chief Clerk.

INSTRUCTIONS

PROOF OF BENEFICIAL USE

BOISE, IDAHO,

September 30, 1919.

Leona Savala,
c/o Herbert Horsley,
Soda Springs, Idaho.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under Permit No. 11661

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On October 16, 1919, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to at office of Herbert Horsley

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice. When these have been received, together with report of examining engineer, you will be further advised as to fees due before issuing license.

Yours truly,

H. J. Svendsen,

~~State Engineer~~
Commissioner of Reclamation.

BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

Leona Zavala
Boda Springs, Idaho.

July 7, 1919

Dear Sir:—

6

Under the terms of your permit No. ~~11161~~ you are required to complete your diversion works on or before Oct. 16, 1919. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. Swendsen.

Commissioner of Reclamation.
