

RECEIVED

AUG 24 1921

DEPARTMENT OF RECLAMATION

St. Charles, Idaho

Aug 20, 1921.

Notice for Publication.
 NOTICE OF PROOF OF APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 10 a. m. on the 20th day of August, 1921, at St. Charles County of Bear Lake, State of Idaho, before Louis H. Booth, Justice of the Peace, proof will be submitted of the application to beneficial use of 2/50 cubic feet per second of the waters of unnamed spring in accordance with the terms and conditions of Permit No. 14889 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are G. A. Nelson, St. Charles, Idaho.

2. The use to which said water has been applied is irrigation and domestic purposes.

3. The amount applied to beneficial use is 2/50.

4. The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) N W ¼ S W ¼ Sec. 15, T. 16 S., R. 45 E., B. M.

8. The date of the priority which said user is prepared to establish is June 14, 1920.

W. G. SWENDSEN,
 Commissioner of
 Reclamation

Jy22-a19

This is to certify that I have read in form consecutive issues of the *Montpelier Examiner* (Issues of July 29, Aug. 5, Aug. 12, and Aug. 19, 1921) Notice of proof of application of water to beneficial use in behalf of G. A. Nelson of St. Charles Idaho of which the attached slip is a copy.

Scol. Edgan Holmgren

I do hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I know him to be the person he represents himself to be and that said testimony was subscribed and sworn to before me at my office in St. Charles, County of Bear Lake, State of Idaho, on this 20th day of August, 1921

Louis H. Booth,
 Justice of the Peace.

74889

State of Idaho
License and Certificate of Water Right

Water License No. 14889
 Water District No. 5-0

Amount 2/50 sec. ft.
 Priority 6-14-20

THIS IS TO CERTIFY that G. A. Nelson
 of St. Charles, Idaho, made application for a permit to appropriate the
 public waters of the State of Idaho, dated June 14, 19 20; that Permit No. 14889
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of
2/50 second feet, was issued thereunder on August 3, 19 21, showing that said works
 were completed on the 27th day of June, 19 21; and that on the 20th
 day of August, 19 21,

G. A. Nelson

of St. Charles, State of Idaho, made proof to the satisfaction of the
 Commissioner of Reclamation of Idaho, of the right to use the waters of two unnamed
 springs, a tributary of Bear Lake, for the purpose of irrigation &
 domestic use, under Use Permit No. 14889 of the Commissioner of Reclamation
 and that said right to the use of said waters has been perfected in accordance with the laws of
 Idaho, and is hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in
 Volume 6 of Licenses, at page 3013-B, on the 22d day of December, 19 22;

The right hereby confirmed dates from June 14, 19 20;

The Point of Diversion is located
 in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 15, Tp. 16 S., R. 45 E., B. M.
NE $\frac{1}{4}$ SE $\frac{1}{4}$, 21 County of Bear Lake.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not
 exceed 2/50 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
16 S.	45 E.	15	NW $\frac{1}{4}$ SW $\frac{1}{4}$	2	2
		21	NE $\frac{1}{4}$ SE $\frac{1}{4}$	1	1

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of
 use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the Commissioner of Reclamation, affixed at Boise, Idaho,
 this 22d day of December, 19 22.

W. G. SWENDSEN,
 Commissioner of Reclamation.

(SEAL)

State of Idaho
License and Certificate of Water Right

Water License No. 13212

Water District No. 20-A

Amount .08 sec. ft.

Priority 9-22-17

THIS IS TO CERTIFY that Mrs. J. L. Tyson
of Banks, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated September 22, 1917; that Permit No. 13212
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
4/50 second feet, was issued thereunder on April 22, 1918, showing that said works
were completed on the 10th day of April, 1918; and that on the 12th
day of April, 1919,

Mrs. J. L. Tyson
of Banks, State of Idaho, made proof to the satisfaction of the
Commissioner of Reclamation of Idaho, of the right to use the waters of a spring
, a tributary of Payette River, for the purpose of domestic use
, under Use Permit No. 13212 of the State Engineer

and that said right to the use of said waters has been perfected in accordance with the laws of
Idaho, and is hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in
Volume 6 of Licenses, at page 3013, on the 24th day of November, 1922;

The right hereby confirmed dates from September 22, 1917;

The Point of Diversion is located near southwest corner of Lot 1
in the 1/4 1/4 Sec. 32, Twp. 9 N., R. 3 E., B. M.
County of Boise.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not
exceed .08 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
			Domestic purposes in Lot 1, Sec. 32, Twp. 9 N., R. 3 E., B. M. (Permit assigned subsequent to Proof of beneficial use to C. R. Ritter)		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of
use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the Commissioner of Reclamation, affixed at Boise, Idaho,
this 24th day of November, 1922.

W. G. SWENDSEN.
Commissioner of Reclamation.

ATTORNEY-AT-LAW
ARIMO BLOCK - PHONE 555
LOGAN, UTAH

Dec. 18th 1922

Department of Reclamation,
Capitol Bldg.,
Boise, Idaho.

Gentlemen:-

In-re Mrs. C. A. Nelson
Application Number 21013

Inclosed please find the affidavit which you suggested we forward to you before the water in question was used. The party has resided on this land for sometime and we think there is no doubt about where the water was actually use. We are also sending a check for \$2.00, so that the final papers may be issued as per your instruction.

yours very truly,

JPR:ZL

14889

December 26, 1922.

Re: Permit No. 14889
G. A. Nelson.

Mr. Jesse P. Rich,
Logan, Utah.

Dear Sir:

We are inclosing herewith Water License,
issued under the above numbered Permit, together
with receipt for fees.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation

By
Chief Clerk.

14889

RECORDED IN THE LAND OFFICE

OF THE STATE OF IDAHO

RECORDED

IN-re Application a for permit
to appropriate the public waters of the
State of Idaho, application number 31012
permit number 14889

STATE OF UTAH. SS.
COUNTY OF CACHE.

Mrs. G.A. Nelson, being first duly sworn deposes and says
that she is the holder of the above and foregoing permit number
14889, to use water on the Northwest quarter of the Southwest quarter
of section 15, twp. 16 South range 45 East Boise Meridian. That she is
well and personally acquainted with the land irrigated from the spring
mentioned in the aforesaid permit, and she knows of her own knowledge
that the land irrigated by said spring is in the northwest quarter of
the southwest quarter of said section 15, and not in the Southwest
quarter of the Southwest quarter of said section. That this affiant
purchased the said Southwest quarter of the Southwest quarter of said
section 15, on account of the fact that said spring rises on the said
Southwest quarter of the Southwest quarter of section 15, and runs in
a northeasterly direction onto the northwest quarter of the Southwest
quarter of said section 15. That this affiant has lived on and
owned at all times herein mentioned, and still owns the land in
question, and has had occasion many times to check up on the
description with United States Land office.

Mrs. G.A. Nelson,

Subscribed and sworn to before me this 9th day of December 1923.

Jesse C. Rich
NOTARY PUBLIC RESIDING AT LOGAN UTAH

My commission expires July 4, 1926

My commission expires July 11, 1926.

14889

November 15, 1922.

Re: Permit No. 14889. G. A. Nelson.

Mr. Jesse P. Rich,
Attorney at law,
Logan, Utah.

Dear Sir:-

Referring to your letter of October 24th would say that, upon receipt of an affidavit from the holder, and one witness, stating forth the fact that they know the land irrigated to be in the NW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 15, 16S-45 E., and not in the SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of said section, we will issue the license accordingly. The engineer in his report states as follows: "I am aware the above plat and description do not check with the information furnished me, but they are correct from what I could find in the field".

The fees due for this proof, before license can be issued, amount to \$2.00.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

By
Chief Clerk.

14889

JESSE P. RICH
ATTORNEY AT LAW
LOGAN, UTAH

Oct. 24th 1922

Department of Reclamation,
Boise, Idaho.

Gentlemen:-

In-re Permit number 14889-G.A. Nelson.

Replying to yours of the 16th inst., wherein you state that the map with the report of the engineer shows the spring in question to be on the line between Sections 15, 16, 21 and 22, tp. 16 South Range 45 E. beg to reply that after investigating, we have come to the conclusion that the engineer's report is wrong as to the location of the springs. He must have made a mistake and put the springs 80 rods too far South, as the spring is located at or very near the N.W. corner of the S.W. quarter of the SW quarter of section 15. Mrs. Nelson, has a deed to the NW quarter of the SW quarter of section 15 and is buying the SW quarter of the SW quarter of said section 15 because the spring is either on that quarter or on her land, but with the supposition that it is on that quarter. And the land irrigated is in the NW quarter of the SW quarter of said section.

We were afraid that something of this sort might happen and therefore suggested that we be advised in advance when the engineer was going to make the inspection so that we could be of assistance in helping him locate the spring upon the ground. We do not know who took him out or just how he located it, but feel very confident that a mistake has been made on the location of the spring. The notice we received reached us the day after the engineer was supposed to have inspected the spring and therefore was of no use to us. We want to do what we can to get this matter straightened up and would suggest that the engineer who made the inspection check up again on his notes and see what the trouble is.

Very respectfully yours,

JPR:ZL

Jesse P. Rich
14889

October 16, 1922.

Re: Permit No. 14889-G. A. Nelson.

Mr. Jesse P. Rich,
Attorney at Law,
Logan, Utah.

Dear Sir:

Replying to yours of the 11th inst., would say that the report of the engineer was received September 30th.

The description of the land as given by the engineer does not agree with the Permit. The report shows one-fourth of an acre under cultivation and irrigation in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 15, Township 16 South, Range 45 East, instead of the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of said section. The map with the report of the engineer shows the spring to be on the line between Sections 15, 16, 21 and 22. It will, therefore, be necessary, before issuing a license, for the holder to advise us whether or not the permit is in error in giving the land in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ instead of the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 15.

The fees due this office before issuing license are \$2.00.

Very truly yours,

W. G. SWENDSEN,
Commissioner of Reclamation

By
Chief Clerk.

JESSE P. RICH
ATTORNEY AT LAW
LOGAN, UTAH

Oct. 11th 1922

Mr. W.G. Swendsen,
Commissioner of Reclamation,
Boise, Idaho.

Dear Sir:-

In-re Permit No. 14889

Sometime ago we received notice that your man was going to inspect the springs filed on by G.A. Nelson, by virtue of this permit. We have not yet been advised whether or not the report was favorable. As we received the notice the day after the man was supposed to have inspected the springs, our course we could neither be there or have anyone there, but would thank you to let us know whether or not the report was favorable or otherwise and what the status of the permit is at the present time.

Yours truly,

JPR:ZL

REPORT OF ENGINEER

This proof is for Beneficial Use.In Water District No. 5-0

1. State name of applicant and number of permit: G. A. Nelson - 14889
2. State source of water supply: Unnamed spring
3. Location of point of diversion: SW 1/4 Sec. 15; Twp. 16 S., R. 45 E., B.M.

4. Describe works as they exist, giving dimensions and capacities of same:

Trough 10' x 14" x 16"

2' square box and 40' 1" pipe.

Ditch, 1' bottom, 5" deep, 1/8 mile.

5. State whether or not water has been turned into works of diversion: Yes.

6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): NW 1/4 Sec. 15-16S-45E

SW 1/4 SW 1/4 . 1/4 A. In Sec. 15, T. 16 S. R. 45E., B. M.

7. Submit map on enclosed plat, showing location and details of above description.

8. How many parties conduct water in this system? One.

9. Give names and amount of each right:

G. A. Nelson, as above.

10. What large stream would the water here appropriated finally reach?

11. Describe the various tributaries en route, from point of diversion to the principal drainage stream:

Water sinks a short distance from spring.

Remarks:

This examination was made on the 20th day of August 19 22.

Permit 14889

Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

SEP 30 1922

I am aware the above plat and description do not check with the information furnished me, but they are correct from what I could find in the field. I spent quite a lot of time hunting some one who could show me the land, but was unable to find anyone, as the country was practically deserted. However, from information furnished me there is but one spring in the locality, so I am sure my findings are correct. Mr. Nelson is deceased and his widow is living in Utah. I notified them, as they requested, but no one came in to show the lands. This is a very difficult road up to the plateau on the east side of Bear Lake.

Chas. W. Hermann

July 8, 1922.

Re: Permit No. 14889-G. A. Nelson.

Mr. Jesse P. Rich,
Attorney at law,
Logan, Utah.

Dear Sir:-

Replying to yours of the 28th ult. would say that we were unable to get the examination made on beneficial use of water under the above permit last Fall and have not yet put a man in the field in that part of the State. However, we will have an engineer out during the season who will take care of this proof along with several others in that part of the State. No rights will be lost for the applicant by reason of the delay in making this report.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

JESSE P. RICH
ATTORNEY AT LAW
LOGAN, UTAH

June 28th 1922

Department of Reclamation,
Boise, Idaho.

Gentlemen:-

In-re Permit no. 14889, G.A. Nelson.

On August 24th you wrote Mr. Nelson, that you would make an examination of the property and works on which he had appropriated the water from the unnamed springs, and stated that you would later make an examination of the lands and issue a license. Mr. Nelson has now passed away and his estate is being probated. I would therefore thank you to let me know whether or not anything further has been done in this matter, or what the status of it is at the present time.

Yours truly,

JPR:ZL

Re: Permit No. 14889.

Mr. G. A. Nelson,
St. Charles, Idaho.

Dear Sir:

We are in receipt of depositions of proof in connection with application of water to beneficial use under the above numbered permit. You seem to misunderstand just what was desired by "Affidavit of Publication". The affidavit of publication which is required by this Department in connection with this proof may be obtained from the Publisher of the Paper in which the notice was published, by paying the charges for the same and requesting an affidavit of publication.

The proof papers will be placed on file, and after an examination of your lands is made by a representative of this Department as required by the statutes, you will again notified in connection with issuance of license.

Very truly yours,

W. G. SWENDSEN,
Commissioner of Reclamation

PERMIT NO. 14889

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans.

G. A. Nelson, St. Charles, Idaho² Antelope Flat
age 34, occupation farming, P.O. address St. Charles, Id.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans.

No. 14889; date of permit Aug. 29-1921.
date of priority June 14, 1920.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans.

Unnamed spring - at spring in S. W¹/₄ of S. W¹/₄
Section 15, Township 10 S., 45 E., 13. W.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans.

Works: Boxes in which water is collected, is
then piped to central box and then piped to
trough, which is used for watering stock² and work
horses, overflow from trough going into
ditch and carried to land for irrigation.

Ques. 6. State for what purport water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivate or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans.

For domestic purposes watering work horses,
other stock, and surplus for irrigation
during seasons of sufficient flow. On N. W¹/₄
of S. W¹/₄ Sec. 15 - about one acre.

Ques. 7. If for other than for irrigation purposes, state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the specified above?

Ans.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

14889

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. This water has been enclosed by fence and regularly used for culinary purposes since 1914, and sometimes later (one or two) weeks for irrigation were constructed.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and right claimed thereunder.

Ans. None.

(Sign) E. A. Nelson.

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in St. Charles County of Deer Lake State of

Idaho, on this twentieth (20) day of August A. D. 1921.

Re: Permit 14889.

Mr. G. A. Nelson,
St. Charles, Idaho.

Dear Sir:

This will acknowledge receipt of affidavit of proof of completion of works under the above numbered permit.

On checking the land list as given in this affidavit, we find that the permit gives the land to be irrigated in Section 15, to be NW¹/₄ NW¹/₄, while the map submitted with the permit shows the NW¹/₄ SW¹/₄ and the affidavit just submitted shows the SW¹/₄ SW¹/₄. We are at a loss to know which is the correct description of the land which you are irrigating, or desire to irrigate under this permit. If the land irrigated really is the SW¹/₄ SW¹/₄ as shown in the affidavit, it will be necessary that you file an application to amend the land list as given in the permit, together with maps in duplicate, showing the lands, stream and point of diversion from stream. We enclose blanks for that purpose. If the description given in the permit is correct - NW¹/₄ NW¹/₄, kindly correct the affidavit, and we will change the map accordingly to agree with the permit. In either case, the affidavit and permit must agree.

Regarding the advertisement of notice of beneficial proof, as you did not specify the lands in Section 15, we took it for granted that it was the same forty as designated in the permit, namely, NW¹/₄ NW¹/₄, and so inserted it in the notice. This notice was published for the first time today in the Montpelier Examiner. If the NW¹/₄ SW¹/₄ is wrong, will you kindly write the Montpelier Examiner, giving them the correct description and ask them to make the change in their next issue which will be on July 29th, and notify us accordingly. We are asking you to request this change in order to save the time which would be consumed in having you write us and then for us to write the paper. Kindly give this your immediate attention in order that it may be changed in the next issue.

You are correct in assuming that the notice will be printed and the paper will submit the bill to you.

Very truly yours,

W. G. SWENDSEN,
Commissioner of Reclamation

Re: Permit 14889.

Mr. G. A. Nelson,
St. Charles, Idaho.

Dear Sir:

On checking your affidavit of completion of works, we note that you have not given us enough information, and we are, therefore, returning the same to you for the following corrections:

In paragraph 3, the point of diversion is not stated. The permit gives this as SW $\frac{1}{4}$ SW $\frac{1}{4}$ of 15 and NE $\frac{1}{4}$ SE $\frac{1}{4}$ of 21-16S-45E. Kindly indicate the point of diversion from the spring on the affidavit.

In paragraph 8, the description of the lands irrigated is not definite enough. We desire this given by forty-acre tract. The permit states it as NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 15 and NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 21-16S-45E. Please give the lands irrigated by forty-acre tract on the affidavit.

If you will give this your immediate attention, certificate will issue at once, upon the receipt of the affidavit in proper form.

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 10 a. m. on the 20 day of Aug, 1921,
 at St Charles, County of Bear Lake State of Idaho,
 before Louis H Booth, J.P., proof will be submitted
 of the application to beneficial use of $\frac{2}{50}$ cubic feet per second of the
 waters of unnamed spring in accordance with the terms and conditions of
 Permit No. 14889 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are G. A. Nelson. St Charles, Idaho.
2. The use to which said water has been applied is irrigation and domestic purposes.
3. The amount applied to beneficial use is $\frac{2}{50}$
4. The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) Section 15 T. 16 S., R 45 E. B. M.
unnamed NW 1/4 of 15

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is unnamed

6. The right to take water from such works is based upon Permit No. 14889

7. The source of supply from which such water is diverted is unnamed

8. The date of the priority which said user is prepared to establish is Aug 14 1921

July 8, 1921.

Re: Permit 14889.

Mr. G. A. Nelson,
St. Charles, Idaho.

Dear Sir:

This will acknowledge receipt of yours of the 5th inst. regarding proof of beneficial use under the above permit.

In regard to publication of notice of intention to submit proof of beneficial use will say that under a permit, two proofs are necessary before license will issue. One proof of completion of works and one proof of beneficial use of water. The proof of completion of works does not require advertising if the amount claimed is under 6.4 second feet. You have submitted this proof together with fee of \$5.00 and Certificate of Completion of Works will be issued you in a short time. However, the proof of beneficial use of water which you desire to make on August 20th must be advertised, regardless of the amount of water claimed.

We have set August 20th as the date, before Louis H. Booth at St. Charles, Idaho, and this notice will be published in the Montpelier Examiner for four weeks previous to August 20th, at your expense.

Very truly yours,

W. G. SWENDSEN,
Commissioner of Reclamation

By

Chief Clerk.

July 1921

Mr. J. E. Swendsen:
Commissioner of Reclamation
Boise, Ida.

Dear Sir: Received your valued favor of June 30th. Regarding officer before whom I would submit proof, preferably Louis H. Booth, Justice of Peace of this community (if capable) or E. L. McClave, Notary ~~Public~~, Montpelier, Ida.

As to date will say Aug. 20-1921.
On regard to publication of this notice would you allow me to call your attention to paragraph 3, page 5, relative to "General Instructions Relative to Proof of Completion of Works". Since my permit calls for less than $6\frac{4}{10}$ second feet I take it that you could save me the expense of publishing the notice in a newspaper, if so, I shall appreciate it very much & shall be pleased to receive thank for the same. ^{Thanking you,} Truly yours
G. A. Nelson.

P.S. Money Order was forwarded in a later letter. Trust it reached you
G.A.

Re: Permit 14889.

Mr. G. A. Nelson,
St. Charles, Idaho.

Dear Sir:

This will acknowledge receipt of affidavit of proof of completion of work on one unnamed spring covering 2/50 second feet of water appropriated under the above numbered permit. This proof is in proper form and certificate will be issued for the 2/50 second feet of water from this one spring upon receipt of the statutory fee of \$5.00.

In regard to extension of time for offering proof of completion on the other spring will say that you may be allowed an extension of time of four years from August 24, 1921. We enclose herewith blank upon which to make application for such extension as you wish.

We also acknowledge receipt of notice for publication of your intention to submit proof of beneficial use under the above numbered permit of 2/50 second feet of water. Will you kindly indicate the place and Notary Public or other officer authorized to administer oaths, before whom you desire to submit proof also the date you desire to submit proof. This date must be on or before August 24th, 1921, and must allow sufficient time for this notice to be published four weeks prior to the date of taking proof. Also kindly indicate the Newspaper in Bear Lake County in which you desire this publication run. Will you kindly give this your immediate attention in order that the proof may not be delayed, thus bringing down your priority date.

In regard to extension of time for submitting proof of beneficial use on the other spring will say that you may be allowed an extension of time of five years from August 24, 1921. We enclose blank upon which to make application for such extension as you wish. We fail to find the check for \$5.00 which you stated you were enclosing.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation

ME

June 24/1892

Mr. H. D. Swendsen.

Commissioners of Reclamation.

Dear Mr. Swendsen: In regard to offering proof on my application permit no. 14889 I am enclosing herewith ^{blanko} acknowledgment for opening on section 15 T. 16 S., R 45 E. 13. M. of County of Bear Lake and also check of \$500 covering cost as per your instructions.

As you will note I have not included spring in section 21, T. 16 S., R 45 E. 13. M. as under the strenuous conditions of the time I have been unable to complete the work and fulfill the requirements of this spring. May I therefore ask you to defer my offering of proof on this spring for one year.

And ^{Yours} truly
G. W. Nelson.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

G. A. Nelson
St. Charles, Idaho.

Boise, Idaho,
May 9, 1921

Dear Sir:—

Under the terms of your permit No. 14889, you are required to complete your diversion works on or before Aug. 24, 1921. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. Swendsen

State Engineer.

May 9, 1921

Dear Sir:

I enclose herewith blank notice of proof of Application of Water to Beneficial Use under your Permit No. 14889-----, which kindly fill out and return to me at least 60 days before the date upon which you wish to submit proof. The date of the proof is set out in your permit, and if proof is submitted subsequent to that your priority will be advanced a time equal to the difference of the time between the date proof should have been submitted and date it is submitted.

Yours truly,

W. G. Swendsen,
Commissioner of Reclamation.
