Christian Youth Group Completes Program

Area youth and their parents were equally pleased with the results of a unique program recently initiated by the Soda Springs-Bear River Ministerial Association for youth in grades 6 through 8. The group is sponsored by the association as a means of fostering Christian values and fellowship among its participants.

The inaugural program blended 13 weeks of learning experiences with social activities, culminating in a trip to Lagoon in June. Participants from the Baptist, Catholic, Lutheran and Presbyterian churches of Soda Springs utilized a curriculum entitled "Preparing for Adolescence," which focused on adolescent emotions and physical changes as well as the challenges of peer

pressure and conformity.

Presented within the context of Christian thought, parents reported a new enthusiasm among their children and their increased use of the Holy Bible.

Course facilitators Rev. Bruce Kolasch and Donald Wind were assisted by church leaders and parents in implementing the program, which will continue with fun gatherings and more opportunities to learn this summer and fall.

The next meeting for youth and their parents will be held in conjunction with the Presbyterian Church's Ice Cream Social in August. For more information or to get involved, parents should contact their church pastor.

Youth Return from Girls State

At week's end the three Girls State Delegates representing the Soda Springs High School at the 42nd annual Syringa Girls State session held June 19-25 on the Northwest Nazarene College campus in Nampa, returned home—much more aware of what the government process is all about and more appreciative of what our elected officials are expected to do for us.

The girls met a group of area citizens in Pocatello Sunday, June 19, and travelled by Greyhound bus with them for the weeklong concentrated learning session about government, leadership and patriotism.

Molly Young, daughter of Mr. and Mrs. Jim Young, was chosen city director of Sapphire City and ran for the

city of Opal and ran for representative as a member of the Nationalist Party.

Maurie Young, daughter of Dr. and Mrs. Jerry Young, was elected on the city council for Obsidian City, Democracy County. She also ran for representative on the Federalist party ticket.

Activities began early each day for the approximately 270 girls attending, with breakfast at 7 a.m. and a flag raising ceremony at 8 a.m. Workshops, elections and general sessions for educating citizens about the government process and their responsibilities to their state occupied most of the week, with keynote speakers such as Lt. Gov. David LeRoy, Louise Shadduck, and Mike Martin, 1987 Boys State governor from Pocatello, addressing various issues, concen-

State of Idaho, and described as follows:

Lot 10, Block 2, Caribou Blue Landing Subdivision, according to the official plat thereof, as recorded in the office of the County Recorder of Caribou County, Idaho, under recorder's instrument No. 71394.

The Trustee has no knowledge of a more particular description of the above-referenced real property, but for purposes of compliance with Section 60-113 Idaho Code, the Trustee has been informed that the address of 2929 Reservoir Easement Road, Soda Springs, Idaho 83276, is sometimes associated with said real property.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligation secured by and pursuant to the power of sale conferred in the Deed of Trust executed by LEE R. EVANS and NORMA ELAINE EVANS, Grantor, to Southeast Title and Realty Company, as Trustee, for the benefit and security of FIRST BANK AND TRUST OF IDAHO, as Beneficiary, dated November 3, 1983, recorded February 10, 1983, under recorder's instrument No. 115336, and assigned to SMALL BUSINESS ADMINISTRATION by Assignment of Deed of Trust dated February 12, 1988, recorded March 8, 1988, under recorder's instrument No. 133857, both in the microfilm records of Caribou County, Idaho.

THE ABOVE GRANTORS ARE NAMED TO COMPLY WITH SECTION 45-1506(4)(a), IDAHO CODE. NO REPRESENTATION IS MADE THAT THEY ARE, OR ARE NOT, PRESENTLY RESPONSIBLE FOR THIS OBLIGATION.

The default for which this sale is to be made is being the failure to: pay when due, monthly installments under Deed of trust Note, dated November 3, 1982, in the amount of \$1,980 each for the months of May, 1985, thru and including June, 1988. All delinquent payments are now due; plus any accumulated late charges; plus any negative escrow balance; plus any other costs or expenses associated with this foreclosure. The debt has been accelerated and is now due and payable in full. The accrued interest is at the rate of 12 percent per annum from March 4, 1985, and the principal balance owing as of this date on the obligation secured by said Deed of Trust is \$99,963.57, plus accrued interest of \$39,174.77 to June 9, 1988, plus interest accruing thereafter at the rate of \$32.86 per diem, and further for the failure to pay when due the real property taxes for 1986 and 1987.

Re: Protest Application Robert K. Jorgensen,
Soda Springs, Idaho in application for
a change in the point of diversion
and place of use of water from Soda
Creek, tributary of Bear River, as
carried under "Public Notices" in the
Caribou County Sun, Soda Springs,
Idaho on page seven of the Thursday,
July 21, 1938 issue. Said page as en-
closure (1) being made a part of this
protest.

Dear Mr. Director,

The above described application is protested
for the following reasons:

1. In the transfer application of 2.53 CFS no
provision is made to assess and mitigate
damages to the rights of others in the Law
ditch by seepage and shrink through the
transfer of 2.53 CFS from the Law ditch.
I am a holder of water rights on the Law ditch.

2. Enclosure A. states the transfer is for the irrigation of 117.4 acres of land. No domestic water for year around use is made in the Transfer and/or in the Federal Decree. The application, therefore, is subject to the Federal decree of the dates of the irrigation season and to the strict conservation of water of no wastage of the same during the irrigation season.

Now is it indicated in the Transfer of plans to barter, trade or sell the transferred water, if granted, for any other use or privilege in any other farm, than that of the diversion from the Law Ditch, to the point of use then for irrigation. For the remaining months of the year, or when the water is not in actual use for irrigation, it is protested for elucidation in a granting of the transfer that the water must be returned to the natural flow of Soda Creek at the original point of diversion of the Law Ditch in order that the several reaches of Soda Creek above and below the Feeney Canal diversion dam shall not be even more degraded under the various applicable Federal and State laws and regulations pertaining to migrating water fowl, wetlands and to migrating deer to and from a long established winter habitat. This is further noted in the following sub-paragraph.

3. Provisions of the Idaho State Supreme Court in the unanimous and landmark Shokal vs. Dunn (State Water Director) in the findings pertaining to and citing applicable Laws of the Public Interest in water management and stream flows ^{are} and invoked in this protest in the granting of the transfer of Enclosure (A) application so that Soda Creek shall not be degraded further to a point that already barely any exist, as also the same conditions are set out in the preceding subparagraph of this protest.

I ask in this protest that the application be properly amended to:

1. Assess and mitigate injury to the remaining water users on the Howe Ditch;
2. That the Federal and State laws pertaining to migratory water fowl, migrating deer to and from winter habitat and wetland protection in this application be set out as part of the transfer in order to insure no further degradation of Soda Creek;
3. That to prevent further degradation in this application the public's interest be protected.

A casual inspection of the reaches of Soda Creek will confirm protests no. 2 and 3.

I thank you and remain,

Yours truly,

Bois Hackley

COURSE FACILITATORS and some of the founding members of the Soda Springs Christian Youth Group who gathered during one of their recent activities.

Christian Youth Group Completes Program

Area youth and their parents were equally pleased with the results of a unique program recently initiated by the Soda Springs-Bear River Ministerial Association for youth in grades 6 through 8. The group is sponsored by the association as a means of fostering Christian values and fellowship among its participants.

The inaugural program blended 13 weeks of learning experiences with social activities, culminating in a trip to Lagoon in June. Participants from the Baptist, Catholic, Lutheran and Presbyterian churches of Soda Springs utilized a curriculum entitled "Preparing for Adolescence," which focused on adolescent emotions and physical changes as well as the challenges of peer

pressure and conformity.

Presented within the context of Christian thought, parents reported a new enthusiasm among their children and their increased use of the Holy Bible.

Course facilitators Rev. Bruce Kolasch and Donald Wind were assisted by church leaders and parents in implementing the program, which will continue with fun gatherings and more opportunities to learn this summer and fall.

The next meeting for youth and their parents will be held in conjunction with the Presbyterian Church's Ice Cream Social in August. For more information or to get involved, parents should contact their church pastor.

Youth Return from Girls State

At week's end the three Girls State Delegates representing the Soda Springs High School at the 42nd annual Syringa Girls State session held June 19-25 on the Northwest Nazarene College campus in Nampa, returned home—much more aware of what the government process is all about and more appreciative of what our elected officials are expected to do for us.

The girls met a group of area citizens in Pocatello Sunday, June 19, and travelled by Greyhound bus with them for the weeklong concentrated learning session about government, leadership

city of Opal and ran for representative as a member of the Nationalist Party.

Maurie Young, daughter of Dr. and Mrs. Jerry Young, was elected on the city council for Obsidian City, Democracy County. She also ran for representative on the Federalist party ticket.

Activities began early each day for the approximately 270 girls attending, with breakfast at 7 a.m. and a flag raising ceremony at 8 a.m. Workshops, elections and general sessions for educating citizens about the government process and their responsibilities to their state occupied most of the week, with keynote

erty, situated in the County of Caribou, State of Idaho, and described as follows, to-wit:

Lot 10, Block 2, Caribou Blue Landing Subdivision, according to the official plat thereof, as recorded in the office of the County Recorder of Caribou County, Idaho, under recorder's instrument No. 71394.

The Trustee has no knowledge of a more particular description of the above-referenced real property, but for purposes of compliance with Section 60-113 Idaho Code, the Trustee has been informed that the address of 2929 Reservoir Easement Road, Soda Springs, Idaho 83276, is sometimes associated with said real property.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligation secured by and pursuant to the power of sale conferred in the Deed of Trust executed by LEE R. EVANS and NORMA ELAINE EVANS, Grantor, to Southeast Title and Realty Company, as Trustee, for the benefit and security of FIRST BANK AND TRUST OF IDAHO, as Beneficiary, dated November 3, 1983, recorded February 10, 1983, under recorder's instrument No. 115336, and assigned to SMALL BUSINESS ADMINISTRATION by Assignment of Deed of Trust dated February 12, 1988, recorded March 8, 1988, under recorder's instrument No. 133857, both in the microfilm records of Caribou County, Idaho.

THE ABOVE GRANTORS ARE NAMED TO COMPLY WITH SECTION 45-1506(4)(a), IDAHO CODE. NO REPRESENTATION IS MADE THAT THEY ARE, OR ARE NOT, PRESENTLY RESPONSIBLE FOR THIS OBLIGATION.

The default for which this sale is to be made is being the failure to: pay when due, monthly installments under Deed of trust Note, dated November 3, 1982, in the amount of \$1,980 each for the months of May, 1985, thru and including June, 1988. All delinquent payments are now due; plus any accumulated late charges; plus any negative escrow balance; plus any other costs or expenses associated with this foreclosure. The debt has been accelerated and is now due and payable in full. The accrued interest is at the rate of 12 percent per annum from March 4, 1985, and the principal balance owing as of this date on the obligation secured by said Deed of Trust is \$99,963.57, plus accrued interest of \$39,174.77 to June 9, 1988, plus interest accruing thereafter at the rate of \$32.86 per diem, and further for the failure to pay when due the real property taxes for 1986 and 1987.

ROGER SEATON, a married man working with his sole and separate property, Grantor to PIONEER TITLE COMPANY OF ADA COUNTY, an Idaho Corporation, as Trustee for the benefit and security of WASHINGTON FEDERAL SAVINGS AND LOAN ASSOCIATION, formerly United First Federal Savings and Loan Association, as Beneficiary; said Deed of Trust having been recorded on November 21, 1985 as Instrument No. 126365, records of Caribou County, Idaho. The above Grantors are named to comply with Idaho Code Section 45-1506 (4) (a). No representation is made that they are or are not presently responsible for this obligation.

The default for which this sale is to be made is the failure of the Grantors to pay when due the principal balance plus accrued interest as set forth on the Deed of Trust Note secured by said Deed of Trust. The original loan amount was \$20,000 with interest thereon at the "initial interest rate" of Prime plus 2 1/2 percent per annum, which has since been modified to 12.0 percent per annum. The principal balance of \$6,737.86 plus accrued interest was due and payable March 16, 1988. All delinquent amounts are now due along with all costs and fees associated with this foreclosure, and the balance owing as of this date on the obligation secured by said Deed of Trust is \$6,737.86 plus accruing interest.

Residents began threatening suit alleging seepage from ditch into basements. Water users voluntarily shut off water pending resolution of problem and involved city officials. The matter has drug on, but is being pursued with more vigor again. Users do not wish to get involved in legal action if a reasonable solution can be worked out. They believe it would be better to maintain status quo until resolution which will hopefully occur in the very near future.

I hereby assert that no one will be injured by such extension. The information contained in this application is true to the best of my knowledge.

RE: Concern about Transfer and Use of Feeney Ditch to Deliver
the Water.

In March, 1989, I reviewed transfer no. 3457. I am familiar with the area, and know that sharp disagreements have erupted between users of the Feeney Ditch and surrounding landowners, particularly the city of Soda Springs and Dr. Evan Kackley. I also am familiar with the town, and personally believe that the water being transferred may have been forfeited. My suspicions are also raised because the statement regarding non use of the water on the back portion of part 2 is blank. Countering this, however, is an approval of an extension of time to avoid forfeiture, in which we granted until June 1, 1990 to resume use.

As a result of my concerns, I called Clyde G. Nelson, attorney for the city of Soda Springs. I gave him information regarding the applications, and he stated that he would discuss the matter with the city council. I understand that the matter was discussed with the city council, but apparently no formal objection has been raised by the city.

Looking at all of the facts, I believe we should approve transfer no. 3457, with an additional condition stating that "the issuance of this transfer in no way grants any right of way or easement across the land of another."

Dear Mr. Torgensen:

Enclosed please find a copy of the protest filed against the above referenced application. You should be aware that the following are the items we can consider at a conference and/or hearing in either approving or denying an application for transfer:

1. Are other water rights injured by the transfer?
2. Does the change constitute an enlargement in the use of the original right?
3. Will the proposed use under this transfer conflict with the local public interest?

The applicant must be prepared to present evidence and/or testimony addressing each of the three items should an additional hearing be necessary. You will be notified at a later date as to the time and place set for conference and/or hearing. Although representation by legal counsel is not mandatory at a proceeding before the Department, you may retain an attorney in your behalf.

If we may be of further assistance, please contact us.

Dear Mr. Torgesen:

Enclosed is a list of the rights that are involved in your recent transfer application. The copies of the tax receipts you sent do not cover the land list highlighted in yellow. This appears to be a good portion of where the rights were appurtenant. You will need to demonstrate that the individuals who signed the water sales contract have possessory interest in these Lot and Blocks, or produce a disclaimer from the current owners.

In review of this application with other staff, I find that this is one of two problems that could negate this application. The other problem is whether these rights have been used continuously or have they been abandoned for more than 5 years.

In any event, I will need the requested information within 30 days or we will evaluate whether we can continue with this application based on the evidence we now have.

If you have any questions, please call me.

Dear Mr. Kingsford:

Enclosed is the Robert Torgesen Application for Transfer and check #10893 for \$35. The application form that was used is no longer in use and the information provided was not correct in several areas. There are eleven separate decrees involved here, each with a specific right number. I have enclosed a partially completed new Application for Transfer. As you can see, it takes eleven separate pages for the rights as they are currently recorded and a four page folding portion to describe how these rights are to be changed.

The following are areas that need to be completed:

Part 1, B-5: The acres (not x) by number in each 1/4 of 1/4 to be irrigated in sections 1 and 12 not to exceed 117.4 acres total (the 117.4 acres is all that is in the original rights and this is the maximum amount that can be transferred).

Part 1, 6 a,b,c,d: We need copies of the most recent tax notices which show the individuals listed on the water deed as having current possessory interest in the land to which the rights are appurtenant. Copies of warranty deeds are not sufficient evidence of current ownership.

Part 2, A-10: If your answer to this question for each right is no, then we need evidence of use (water master records, billings, etc.).

Part 3, A: A map must be provided of the 117.4 acres of proposed irrigated ground.

Also, the fee for a transfer of more than 0.20 cfs is \$50. I am also returning the Application for Extension of Time. This is a form that is needed for each right, so eleven forms at \$20 each

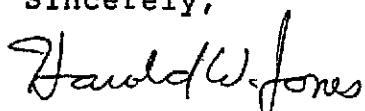

AUG 10 1989

Mr. Kingsford

would have to be submitted from only those individuals who currently own the appurtenant ground. That same copy of a current tax notice would be required to establish their ownership.

I feel Mr. Torgesen should make a trip up here with his paperwork and talk to Ernest Carlsen, who will be reviewing this application. Trying to deal with notarized documents and explain what is needed through a third party is very cumbersome. I suggest that Mr. Torgesen at least call Mr. Carlsen and discuss the project.

Mr. Ronald Carlson, Watermaster
Water District No. 1
Department of Water Resources
150 Shoup Avenue
Idaho Falls, Idaho 83402

Dear Mr. Carlson:

After our last conversation in which you indicated you would like to know which people owned which water rights on which land in connection with the application for extension of time on the Lau Ditch near Soda Springs, we wrote to our client and he responded by having the Caribou Title Company send us the information. I am enclosing a photocopy of the letter from Caribou Title Company together with the two attachments they enclosed.

As I recall, your second question was, what has happened to the other land and the other water rights, and I am still waiting to hear from the clients with respect to that question. Assuming I learn something, I will, of course, furnish it as soon as I receive it.

Yours very truly,

Kent W. Foster

The amount of water under this right is 2.53 cfs from Soda Creek tributary to Bear River with a priority date of Feb. 10, 1881, with the point of diversion within the NE1/4SE1/4, Sec. 36, T. 8S, R. 41E, B.M. MICROFILMED

§42-222, Idaho Code provides that a water right shall be lost and forfeited and the water reverted to the state upon failure to apply water to beneficial use for a period of five years. The state may allow an additional five year period of non-use without forfeiture upon a showing of reasonable cause. The decree holders have applied for this extension as water has been shut out of the Lau Ditch pending resolution of a complaint by residents claiming seepage from the ditch into their basements.

Any protest against the granting of this extension may be filed with the Idaho Department of Water Resources, 150 Shoup, Suite 15, Idaho Falls, Idaho, 83402 on or before August 12, 1985.
