Dear Mr. Pugmire:

Enclosed is a claim to a water right and check #92-127 for \$30.00 that were received by this office, a copy of the claim with problem areas noted in red and a copy of a USGS map that can be used instead of the map grid on the claim.

From the USGS map, it would appear that the source of water is Green Canyon tributary to sinks (item #2) and that the point of diversion (item 5) would be in the NWNW, Sec. 22, T. 15S, R. 43E. The description of the system should be included in item 5B.

In describing the place of use, item 6A, if the stock trough is located in the NWNW, Sec. 22, then indicate with an "X" the NWNW of Sec. 22, T. 15S, R. 43E. Since there is no irrigation, there is no need to list the acreages in item 6A and in item 6B, list the type and number of stock as I have done as an example.

Upon receipt of the completed, corrected claim and \$30.00 filing fee, processing will begin.

Please feel free to contact this office for any additional assistance.

Sincerely,

KEITH C. WILSON
