CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

I, Garald L. Skinner, Pres., Skinner Irrigation Company, being first duly sworn,

deposes and says: that in reviewing the claim-to-a-water-right 4104 of Lee
A. Alleman take exception to his claim.

In reviewing past minutes of Skinner Irrigation Comapny, all water in this
area and springs from Skinner Creek are waters of Skinner Irrigation Company and
controlled thereof by said company.

Therefore, any water said claimant has used since 1921 would be Skinner
Irrigation water which he could use by his shares in this company.

Court case in the past has set precedent that all springs are controlled by
Skinner Irrigation Company and can only be used by an individual by turning into
Skinner Irrigation shares of water to satisfy the board of directors of value of said
springs.

Lee A. &/or Ruth M. Alleman being first duly sworn,

deposes and says: It is our understanding that a water right is made up of
a number of parts which include point of diversion, place of use, quantity,
et. al. Because we have been irrigating 80 acres of ground in Sections 8
and 16, Twp. 11S, Rge. 43E, with the water of Skinner Creek, that apparently
are not included in the original decree, we believe it is appropriate to record
this use as required by the Mandatory Claim Law which was passed by the Idaho
Legislature in 1978. It is not our intention to claim or divert additional
water from Skinner Creek but we do wish to continue irrigating all of the lands
that have previously received the benefits of the water shares we own in
Skinner Irrigation Company.
